

What's with that...

Come on~ Just take it~ I don't have a boyfriend or anything, but you can use it with Sugimoto-senpai~

You know, I still have the one I was given...

You can have the one I got~
♡

.....

Oh, but Sugimoto-senpai seems pretty awkward so I can't imagine him doing anything to you~

Listen here...

Oh, right, you've just recently become a couple~ It's still too early for you two, isn't it~

Koto-chan...

'Cause I want things to go well between you two~

I'm just worried about you, Moe~

Are we doing it again today?

She has night shift.

You don't want to?

Hn...

Is your mom not home today?

Raise your butt a little.

It's not that I don't want to, but...

And he's already taking off my skirt...

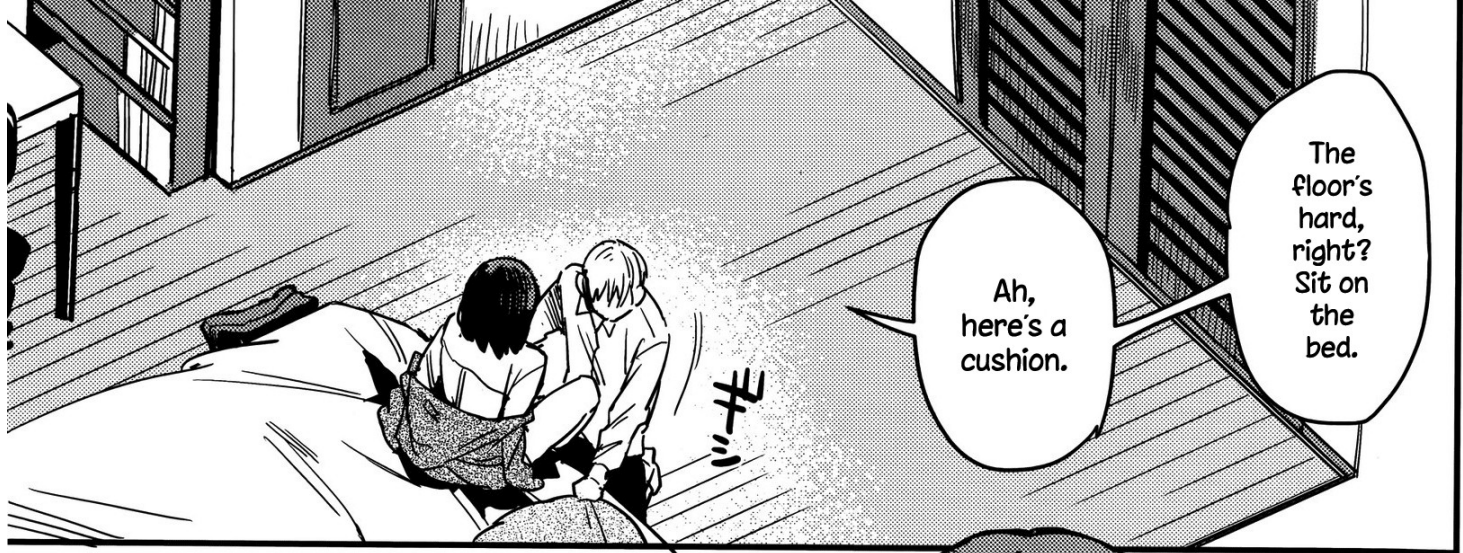

I can never tell Koto-chan about this...

WE'VE BEEN HAVING SEX EVER SINCE WE STARTED GOING OUT...

AH

GASU

Ah, here's a cushion.

The floor's hard, right? Sit on the bed.

That tickles...

Your thighs are so smooth-

This is so embarrassing...

Aahh~ How sexy~ Can you lift your butt just a little more?

Senpai, you're kinda different when you're all alone with me, aren't you...

Huh? I am?

I mean, Koto-chan called you "awkward".

And when I'm alone with you, I get really aroused for some reason...

His breath tickles...

Ooh... Yeah, you're pretty much then only girl I can talk to normally, Moe.

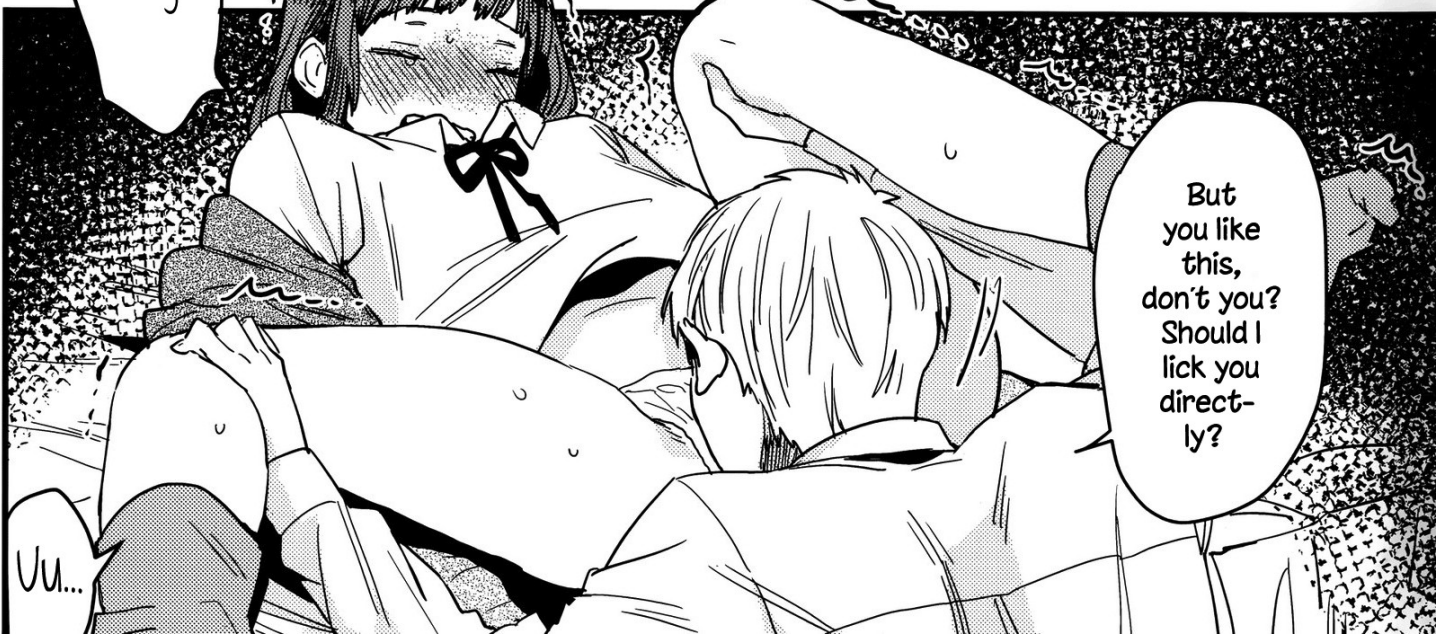

Ah-

That's dirty~

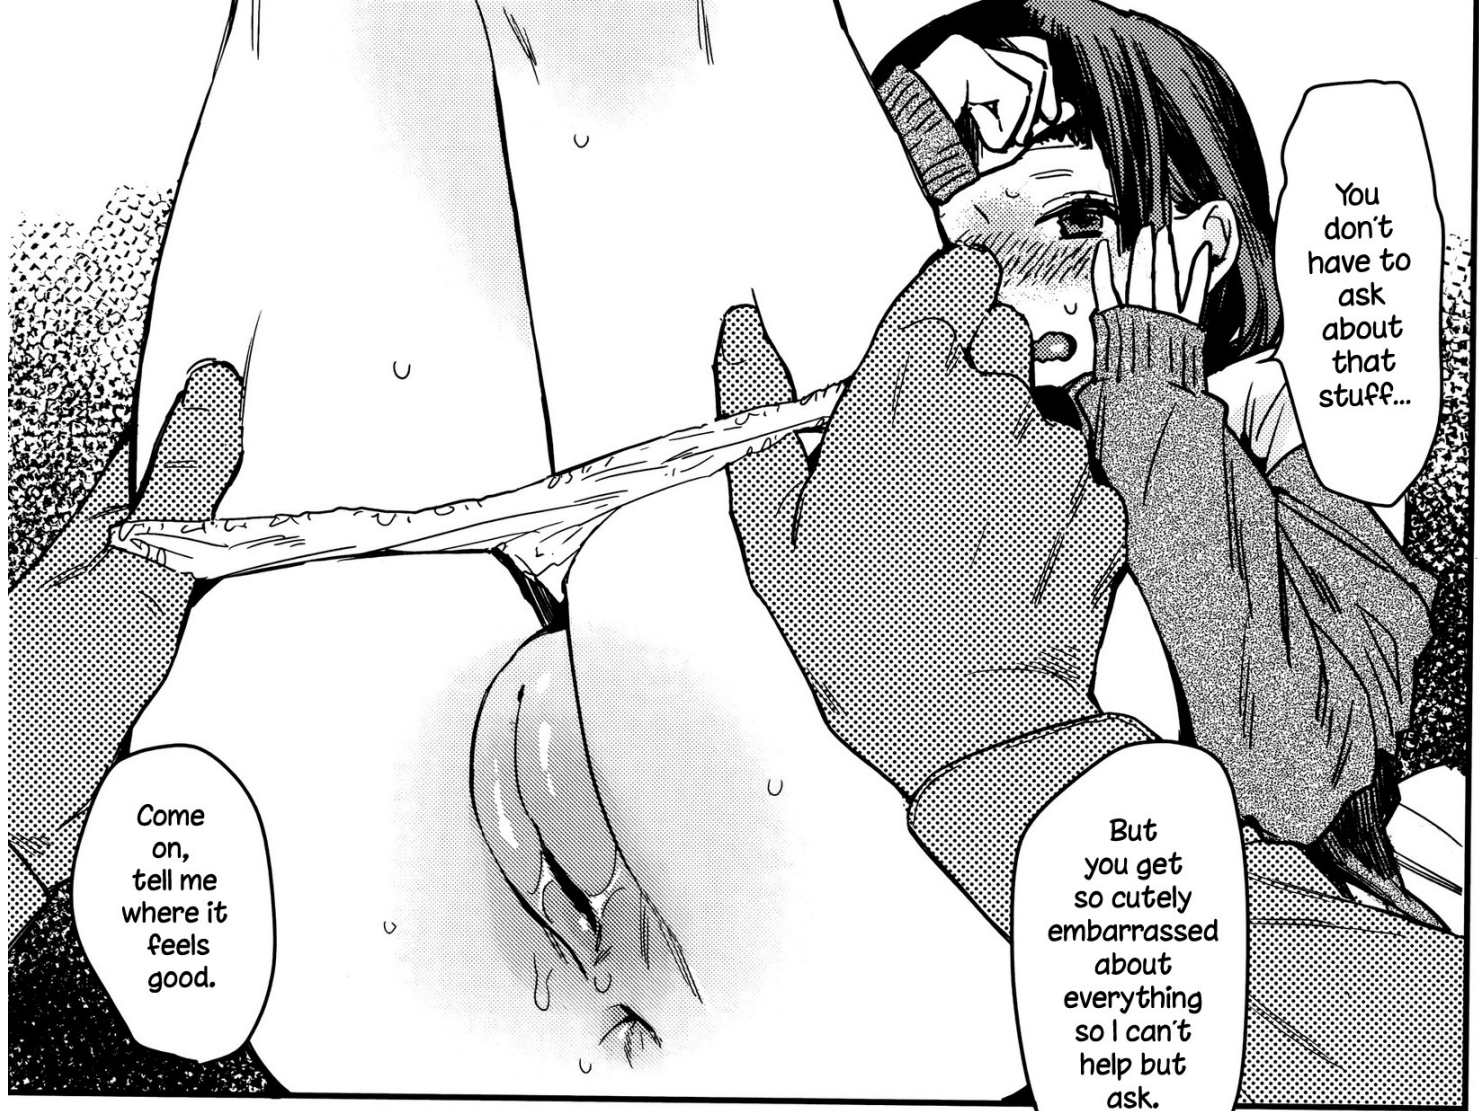

You've started enjoying it lately, too, haven't you?

Uu...

But you like this, don't you? Should I lick you directly?

You don't have to ask about that stuff...

But you get so cutely embarrassed about everything so I can't help but ask.

Come on, tell me where it feels good.

Ah Or here?

Ah, you got stiff down here.

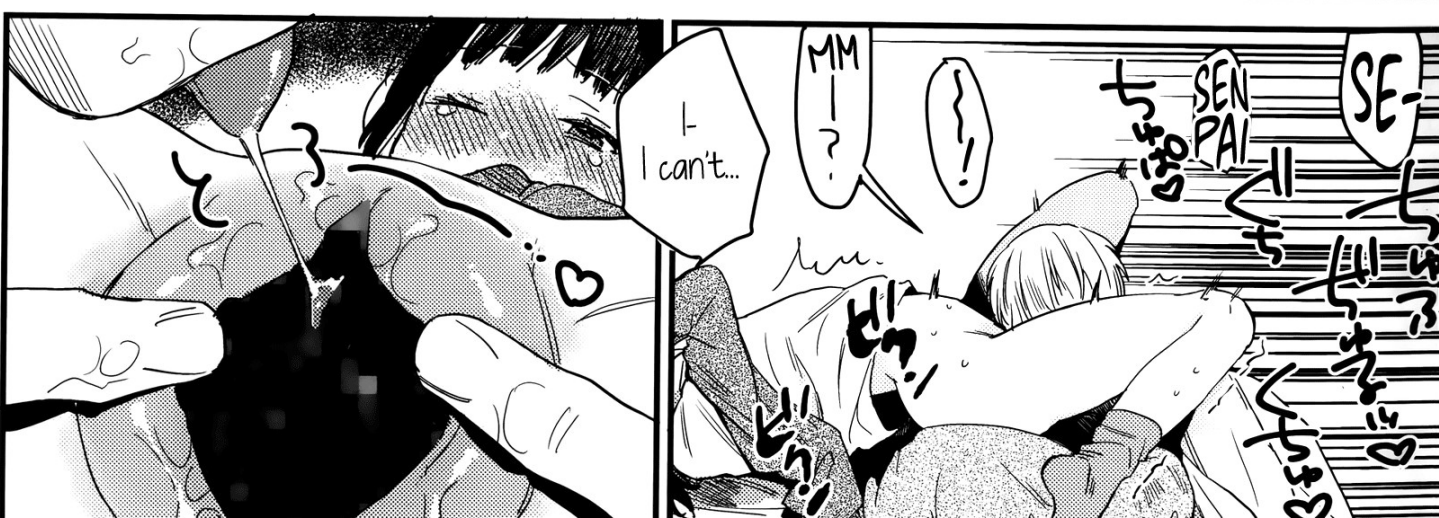

Nn..!

Here?

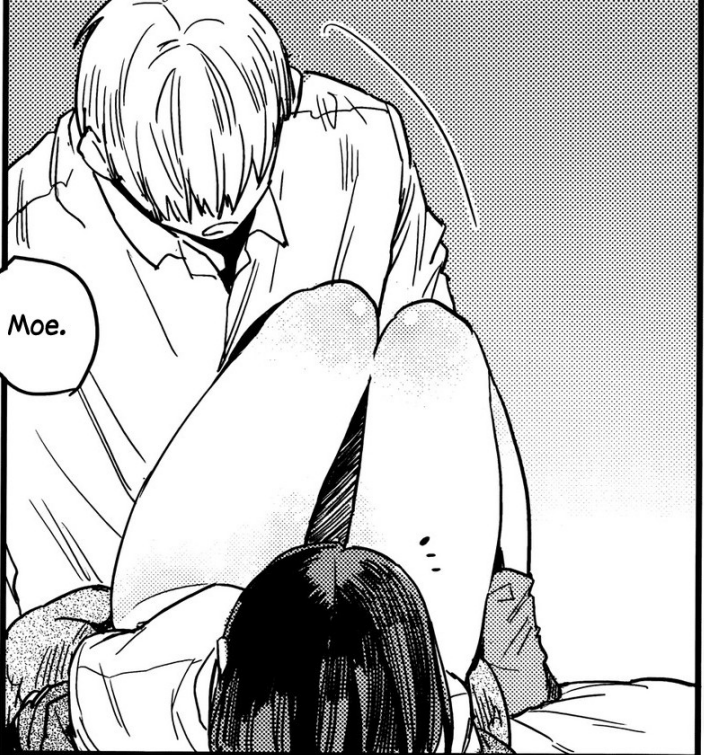

Ah...

Lick this.

Moe.

Ahh... You're great.

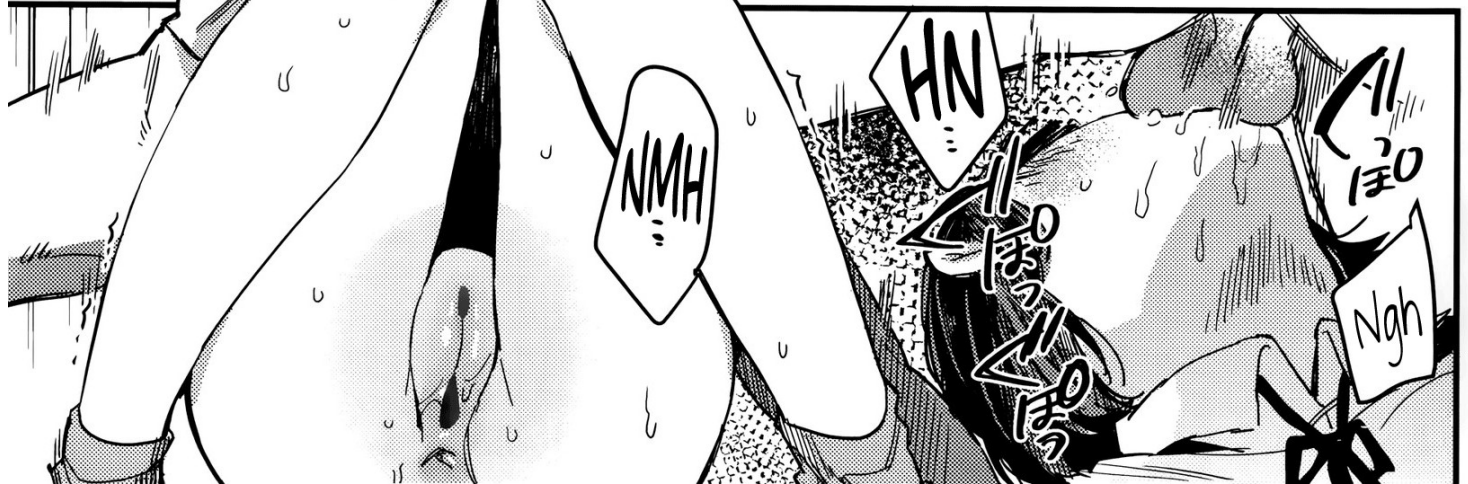

I'VE GOTTEN USED TO THIS TASTE, TOO...

You've gotten good at blow-jobs, too.

The salty stuff started coming out...
