Oh, oh, oh-? Yamada, your girl-friend's pretty popular around here~

Oh, yes, I looked it over.

I found some parts that might need some retouching, mind taking another look at them?

I'm like 100% sure he's doing that just because he wants to talk to Senpai.

And man, look at how he's only staring at her chest. I'm amazed she can still keep a smile on her face~

Thank you so much..!
