My name
is Black
Cucumber
DX.

I'm a nice
guy that
features
bumps all
over my
back.

I'm a
dildo.

My
owner
is Hata
Kokoro.
Unfor-
tunately,
he's a
boy, but

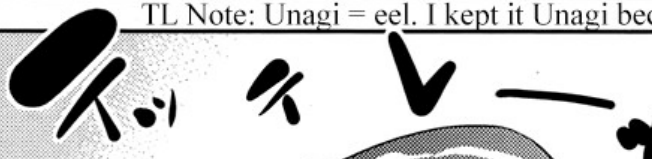

Plus, he
always
makes
sure to
use a
condom,

and never
forgets to
clean up
after usage.
He's an
impeccable
owner...

he's also
what you
would call
a "trap."
He's very
cute.

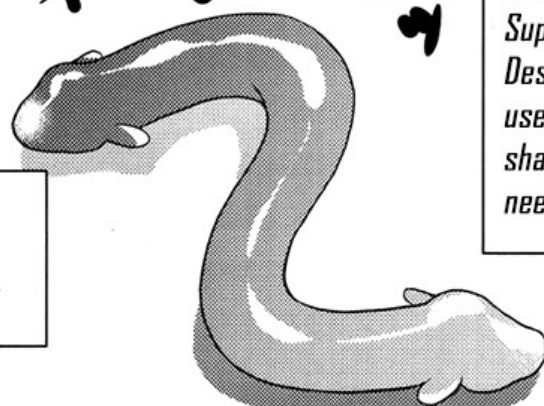

TL Note: Unagi = eel. I kept it Unagi because it seemed more name-like and sounded better.

It is also doubled-sided, so usage with another is possible.

Product Description:
Super Unagi DX
Designed for intermediate to advanced users, his length, over 30cm, and his shape, which can be changed to suit any need, should mesmerize you.

I had already begun to faintly understand...
The feeling of being unable to fully satisfy my owner like I did when we first began...

AHA!
WOW!

I CAN'T FIT THE WHOLE THING IN MY MOUTH...
♡

I WONDER WHAT WILL HAPPEN IF I STICK THIS GUY IN HERE.
♡

The difference in how I fit inside that I could feel gradually getting bigger by the day...

has finally culminated into... this.

OH WELL, I'LL JUST DO IT RAW.

I guess it's just what you could call his season of growth...

HUH?

NO WAY! I'M OUT OF CONDOMS!

What's this?

What just a moment. Are you really willing to do it raw so easily?

I've never had the chance to do it raw even a single time.
