Original Girls Love Comic

On my right is the pro-wine lab manager.

Wine's the stuff for girls!

wehe

This is good, ya know.

On my left is the pro-shochu director.

I just got out of school and didn't know how to politely refuse them...

Um, yes...er..

Oh, you're not bad!

It was a new recruit welcoming party.

And then I woke up naked in a stranger's bed.

Good morning.

I'm sorry you had to carry me home...

A-Arai-san...

The one who came from another company...

I'm glad it's a woman.

Mn...

She must've brought me back after I got smashed.

She's my neighbor in the company dorms.

I have to thank her.

Since we'll be working together from now on...

um... Uh,

What do I do? We're in different departments, and I haven't spoken much with her.

Huh?

Did I hurl a lot!?

I-I'll get dressed...

Oh.

you shouldn't get up so suddenly.

It hurts up here

Are you okay?

We were just using the same bed, right?

We're both girls...

Well, you have to know.

Um... why are you naked?

Tehee

but you're just too cute. Morishita-san.

I tried to keep my hands off.

Nice punch!

ホッ

YOU think I can accept that!?

It's been two years since then.

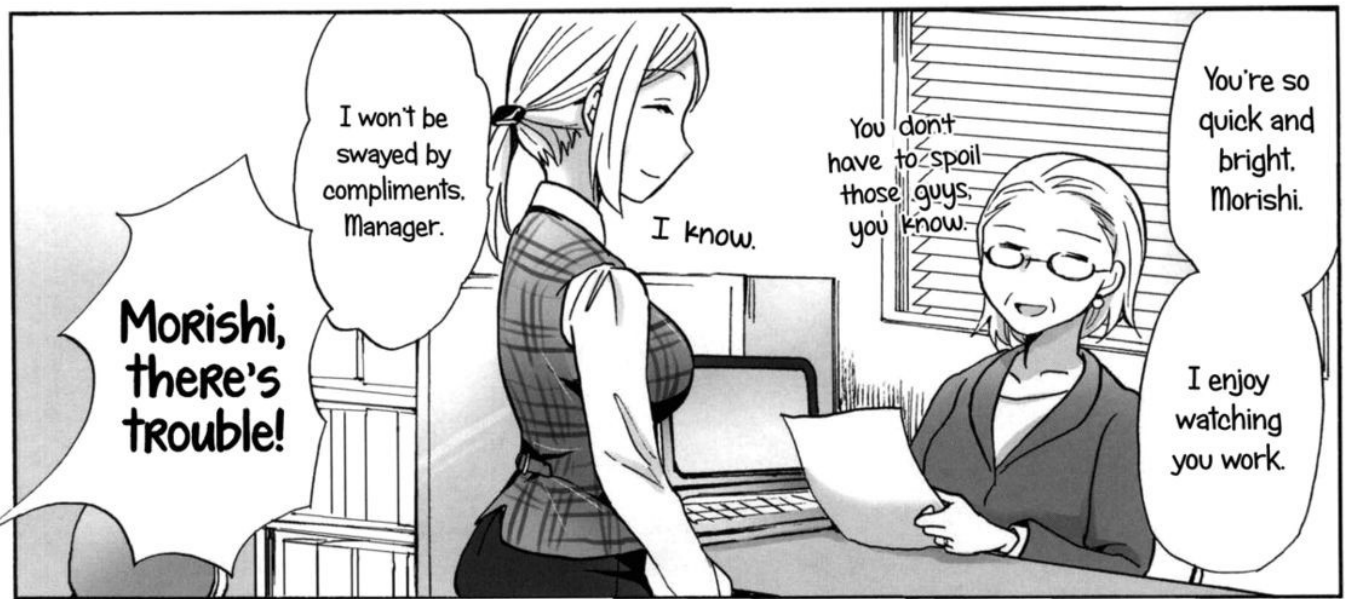

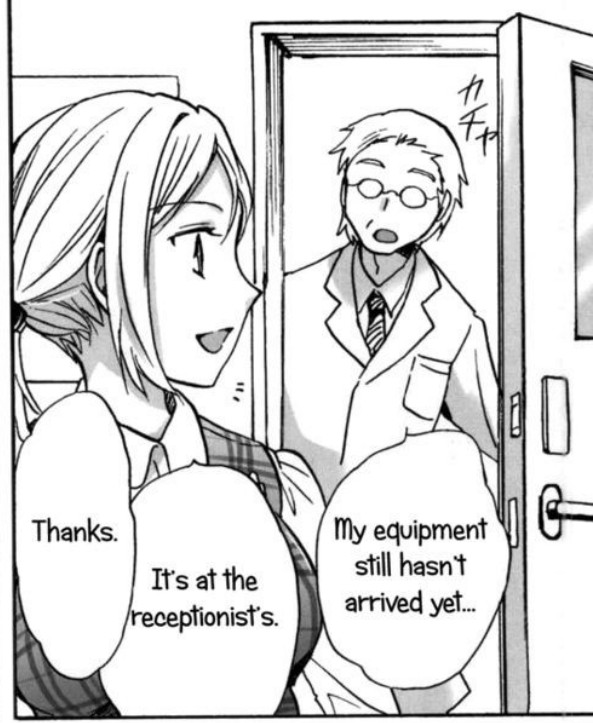

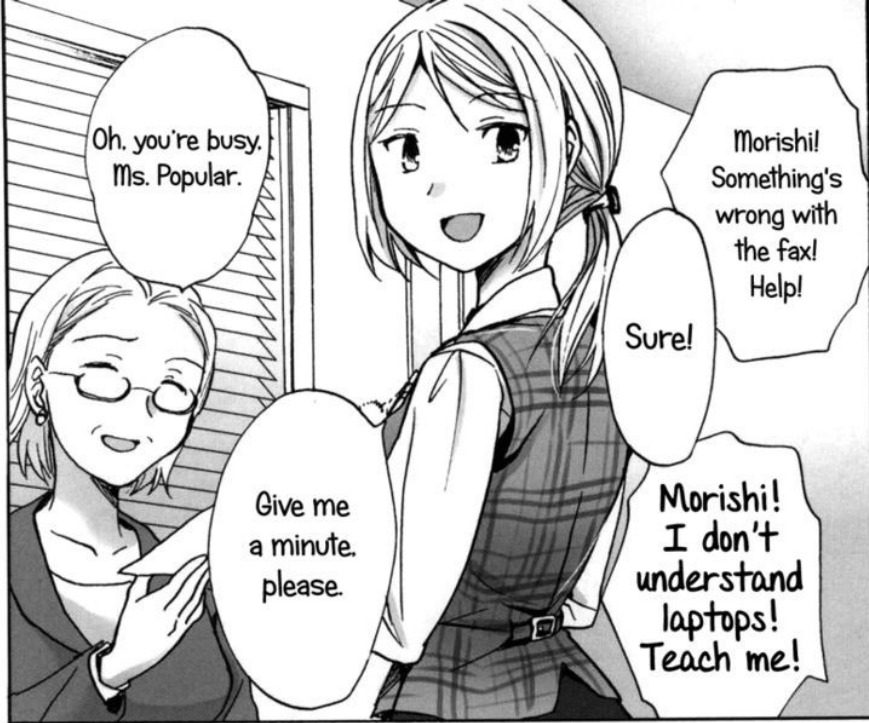

Morishi!
Is the graph done yet?

Yeah.
I'll print them and bring it to you.

Hey,
Morishi!

I'm still working hard at the same job.

西京化学株式会

Is it coming from Laboratory #2?

My eyes sting!

There's a fire truck?

Yes, like usual. Please do something.

Our neighbors must've called them.

Extinguisher

It stinks!

Oh.

It's Morishi

Hmm?

**Arai!!
YOU
again!**

Sure.

Make sure you turn in a letter of apology tomorrow. okay...

The lab manager had it worse.

Um, I'll take you out for dinner.

Then I'll cook for you in my room.

It's getting late. I'll go home.

It's a pain to do by yourself. right?

は!!

I heard you went and apologized to the fire-fighters and our neighbors?

Morishi. sorry about earlier.

Yeah. that's how it is...

Don't be so impatient.

You wanted to make new products for the company?

It's a time-consuming job.

That's what I learned in my two years with her.

Arai isn't a bad person, she's just weird.

How do you drink that before bed...

Morishi. want coffee?

HQ spun off our company as a subsidiary.

This dormitory belongs to HQ, but they let us use the empty rooms.

There's no chemical residue left, so it's-

Just stop.

I'll have herbal tea.

And stop reusing beakers to boil water.

...That's how it is.

And...

My caffeine resistance is pretty high.

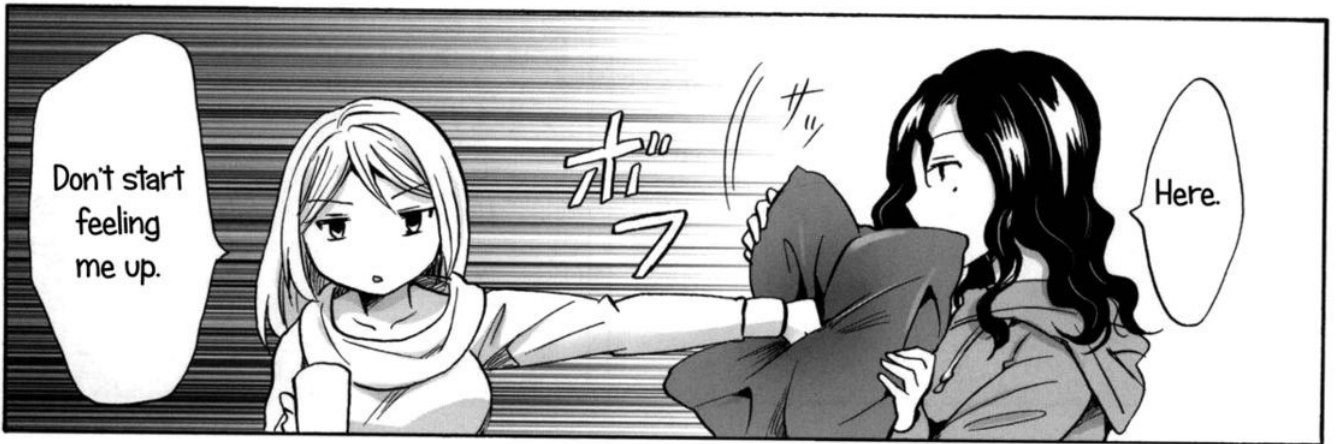

slide

And sleeping's not the only option now.

Since you've come over. Morishi.

Don't start feeling me up.

Here.

...!?

What!?

Thanks for the meal.

I'm leaving. Got to sleep.

Can't you forgive me already?

Since you swing that way too.

Nooo
Oooo

Why do you...

And my face is right in your strike zone. no?

And in college. you got as far as a kiss with a straight beauty, but she got cold feet and ran away right before you could get her into bed. yeah?

You went through middle school and high school with the girl you liked, but could never confess until you got your heart broken when she had a shotgun wedding. didn't you?

That wasn't supposed to...

Ahh hh!!

Calm down.

N-No!

I was just sandwiched between two heavyweights that day! It's not my fault!

I'm good with alcohol!

If you kept your mouth shut about it this long. I wish you would've taken it to your grave.

You spilled it all. crying on my bed that night.

I cried too.

...A-And Arai.

you're fine with anyone. as long as it's a woman. right?

I like you. Morishi.

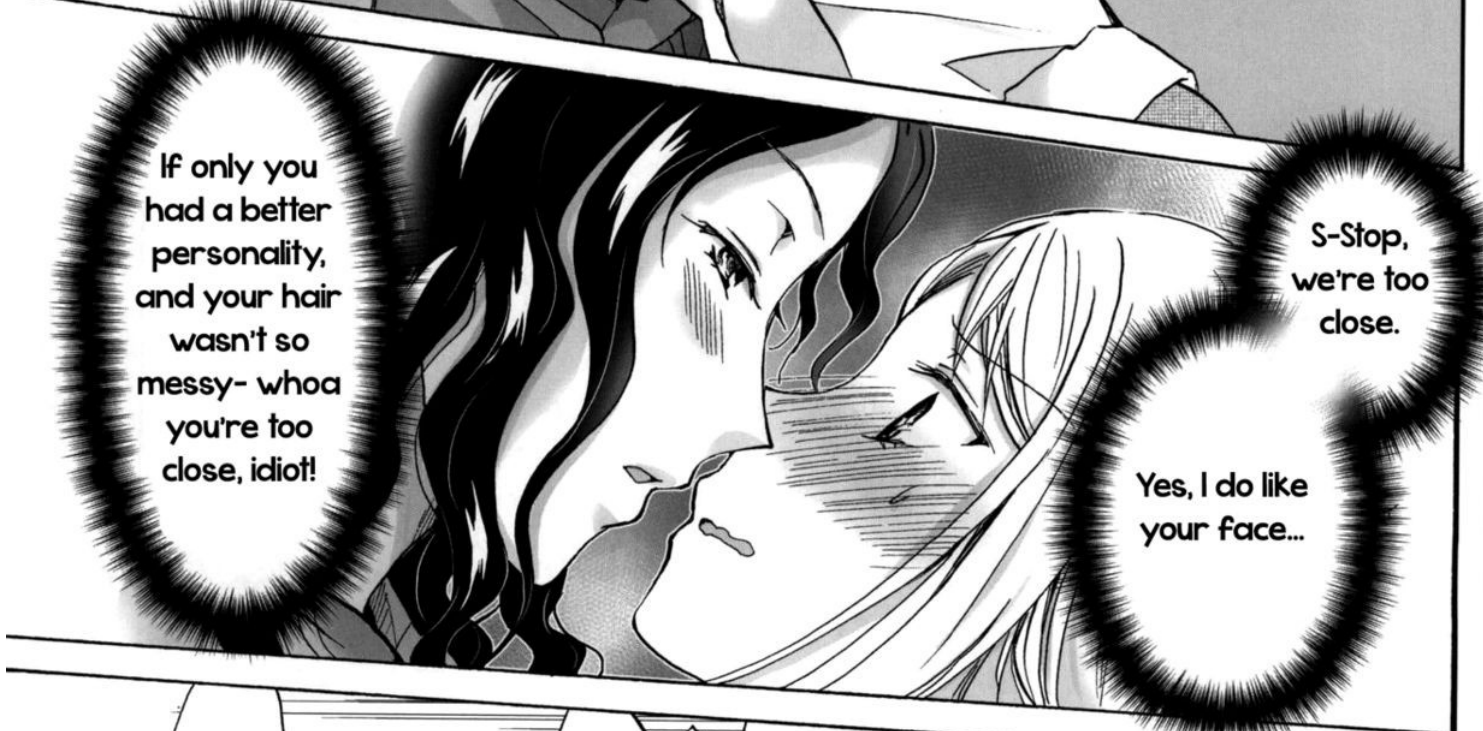

Morishi...

Um...

Hey.
Wait...

Huh?

If only you had a better personality, and your hair wasn't so messy- whoa you're too close, idiot!

S-Stop, we're too close.

How can you buy equipment this expensive without having your manager sign off on it?

Excuse me, where's Arai?
Look at this bill!

Huh?

She's really under pressure, isn't she...

Um.

I'm sorry. Morishita. Arai's busy right now. so I'll take it.

Is she angry because I mentioned failure?

When I hear things like that.

You know, Morishi.

I've just about had it.

You're here to cheer me up, right?

Is it too much to ask for a kiss?

Tell me it isn't.

What's wrong?

I can't believe you!

Didn't you stay behind because you were worried about me?

You could've asked me first!

All you do is slack off on weekends.

I was still dealing with my heart-break back then...

took all my clothes off and insisted on staying that night, right?

I hate it when you do something mature like that...

You took the blame for everything because you're nice!

You wouldn't take advantage of a crying drunk.

I've known you for two years now.

You were calling out her name...

Um... well...

And now... I have to apologize to you...

Can you say my name this time?

It feels nice touching your boobs. ♡

You're nervous? That's cute.

THE END

Arai

Went to grad school

Came from another company

A lot older than Morishi

Why her lab coat is so loose? So she won't be exposed to chemicals if there's a spill... in theory.

Wearing of accessories is forbidden while working.

Safety Equipment

The toe of her shoes is steel-plated.

They're heavy and cold in winter.

Morishita

Hired just after graduating.

Thought she was lucky to get a dorm room but then the unexpected happened..

■ Afterword ■

A friend working in a chemicals company told me "There's these two girls who...", so I tried drawing it. (Heavily revised, of course)

I thought about making Arai wear her Labcoat with nothing underneath, but it made her look like an exhibitionist, so I gave up.

I hope you enjoyed it.

Seeing the price tags of machines worth millions and equipment worth hundreds of thousands has desensitized her to cost.

Is careful when communicating with headquarters.
