When your wife gets fucked she feels like that and moans like how you've just done!
Here, today we demonstrate to you the real experience!
I feel extremely good.. just know that! Normally my wife only moans out loud.

You've just learnt the after-fuck feeling after being fucked, right? I'll instruct you to another lesson. Your dick shows that you're ready..
Real expe-rience ..?
Aah.. Senior ..
Just know ..the sensation of oral sex. The warm and slicky tongue sliding around my tip.

Never.. She'd say it's somehow dirty.
Ngh! Feels very good..
Your wife's never given you a blowjob ?
His tongue felching and smearing the creampie inside my ass makes me feel euphoric.

It's the first time in my life having such a superb experience. All of this can be done by men only? I almost forgot about each and every sexual experience I've had.
My dick feels really great.. I will cum again!
When you have sex with your wife, do you feel good and moan loudly like this?
No, I just can't ever feel something good like this. It can't be stifled so I moan...
Ahh! I can't hold it! Let me cummm !!
So you forgetting your wife tonight? You're moaning quite loud with us becoming your husbands.
Me too, ah!!

Wow.. Firtst time I've seen a guy who enjoys sex and cums out every drop until he loses consciousness!
Better call "drunk and asleep".. However, let's clean his body and wipe the creampie from his ass!! We've got to send him home.
