LADIES AND GENTLEMEN.

Here comes today's challenger.

Let us begin the evening. Thank you for your patience, dear viewers. It's time for "The Devil's Questions".

Then, realize those wishes with my magic.

So, accept my magic within you.

Humans want power... Humans have wishes...

That's her "wish".

UH...

She's truly wonderful.

She's firmly built and has curves where it counts.

Katsuragi Makoto, 18 years old. Her three sizes from the top are 89, 56, 86.

Her clitoris which is swollen to the size of a man's thumb...

However, she's burdened with a certain disorder that makes her feel insecure.

She decided to participate today to have it fixed.

Due to that, she hasn't had sex with her boyfriend yet. Oh... Poor thing.

Then, let us have a look at the source of your insecurity without further delay.
