

The
Shaking
Fishing
Flag

In fact, my original plan is to set the serials in such a trilogy order:

1. Festival ceremony - Japanese culture; 2. Sports Club; 3. Cosplay, but actually Five Guys In One Room (Gonin Beya) ruined this order at the very beginning. This Policeman, the protagonist of this story in the trilogy, is right the presentation for Cosplay (Uniform).

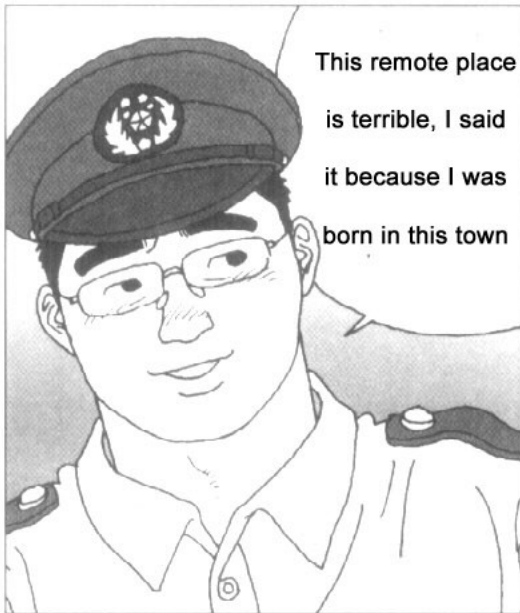

Considering that there is few erotic scene in the last two stories, in a word, the sexuality, the burning desire, the climax of the last minute, I planned to emphasize them but, at last they don't show too much in this single edition, but I did to make it as much as what I've planned.

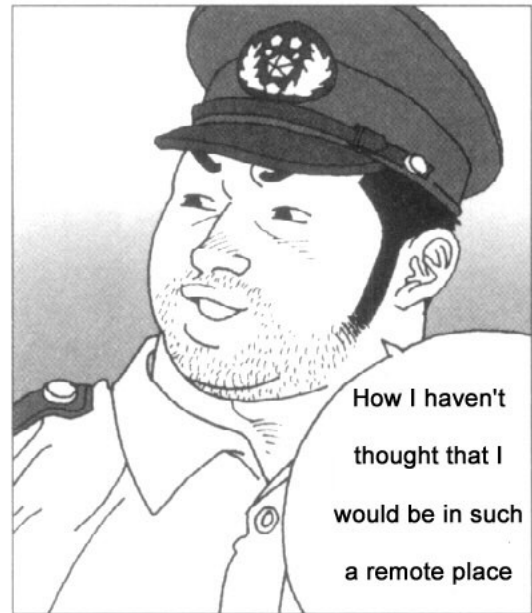

Because I've
been single for
so long... ..

In April, I took
my assumption of
duty in this town, the
moment I heard the
news, I was really
down. Really

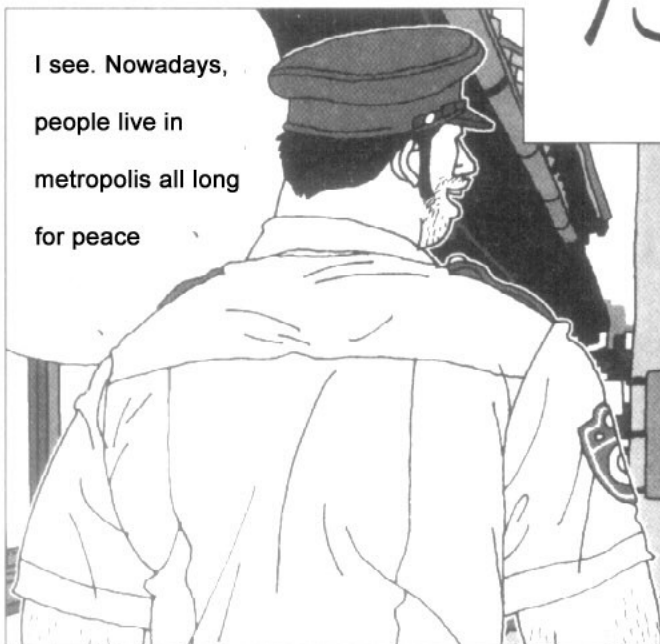

大漁旗ゆれた。

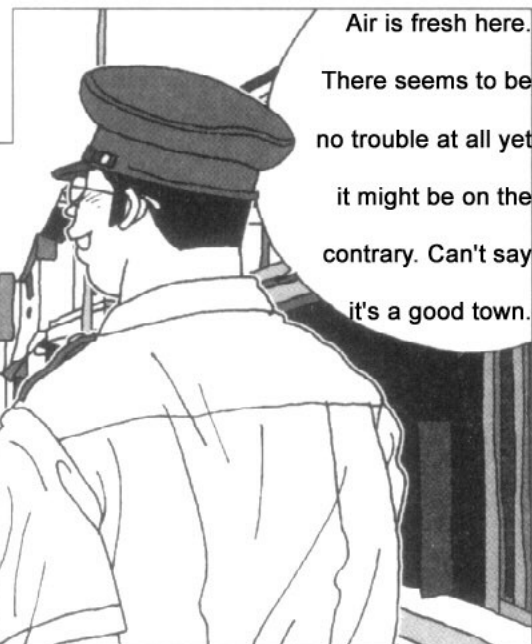

This remote place
is terrible, I said
it because I was
born in this town

How I haven't
thought that I
would be in such
a remote place

I see. Nowadays,
people live in
metropolis all long
for peace

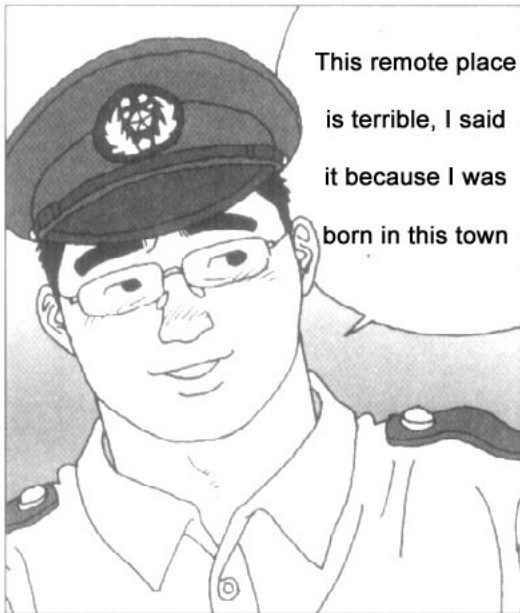

Air is fresh here.
There seems to be
no trouble at all yet
it might be on the
contrary. Can't say
it's a good town.

It hurts
Let go of it!!

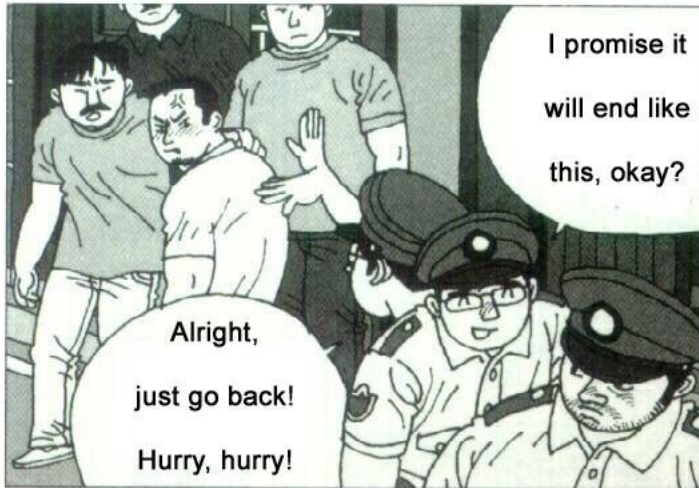

Got drunk under legal age, interfering polices' duty, ain't you a big trouble?

Still bothering.
Who do you think you are, now

Youhei!!
Behave yourself!
Got durnk under legal age...

Alright,
just go back!
Hurry, hurry!

I promise it will end like this, okay?

Officer Takabe, shall we call it off a day?

Hey, hey, office, it's enough

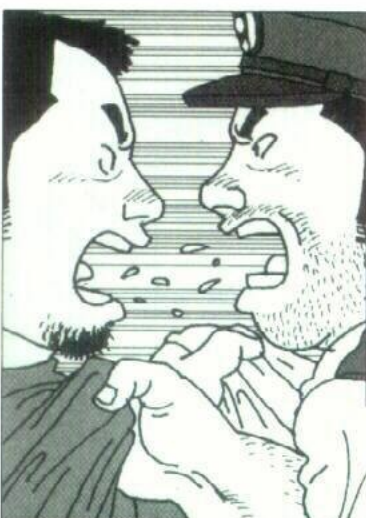

Calm...
Calm...

This fool!!

Take off your uniform and try on me!

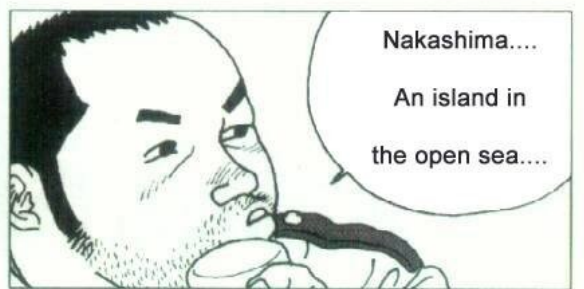

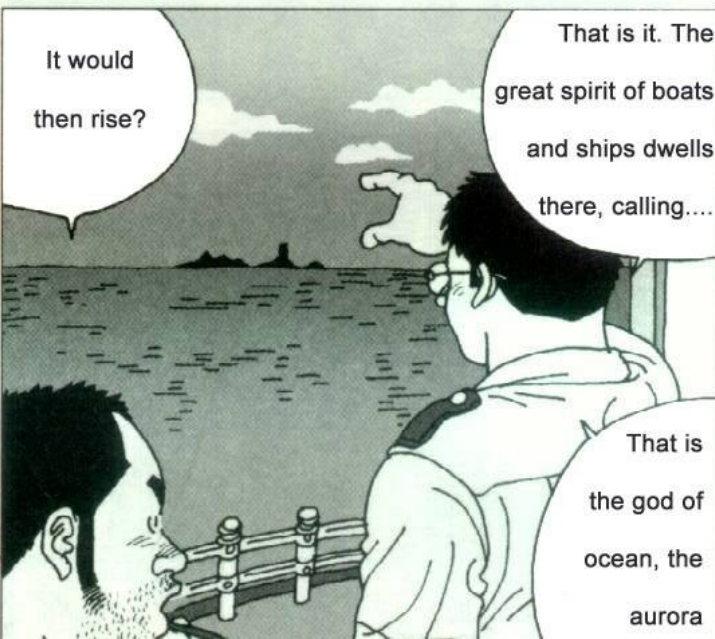

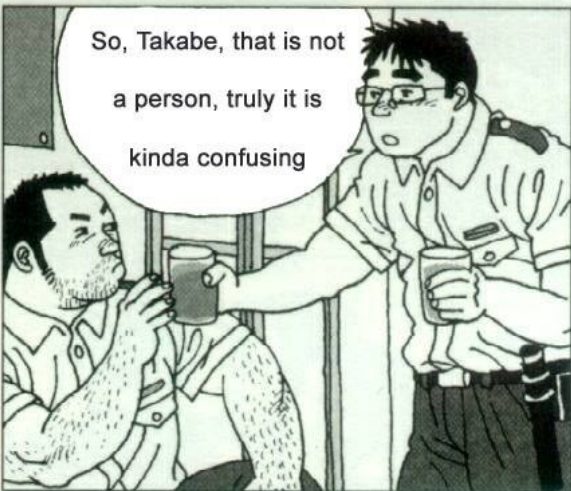

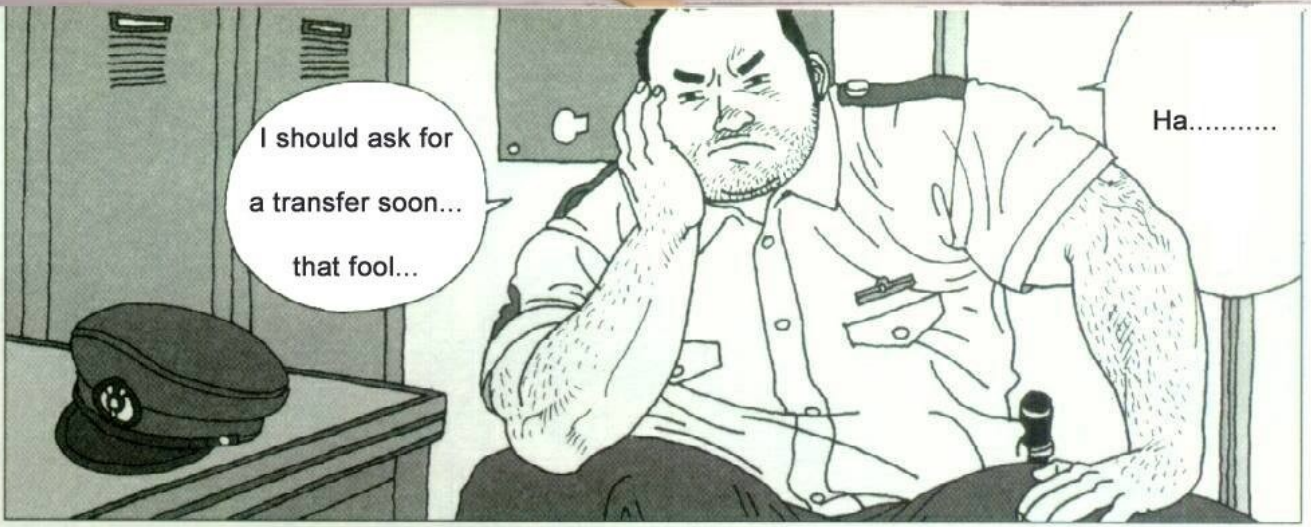

(*With a such hairy body, you are nothing but a beast!)

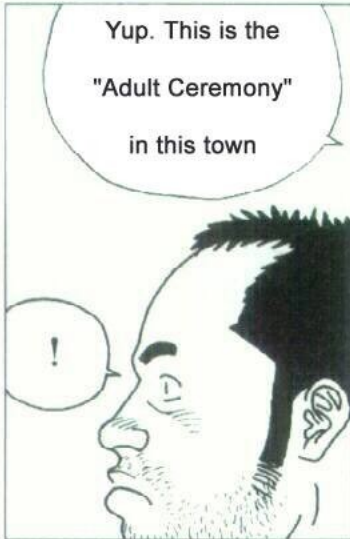

Me and this fool
Youhei...
How we could not get along

The next day

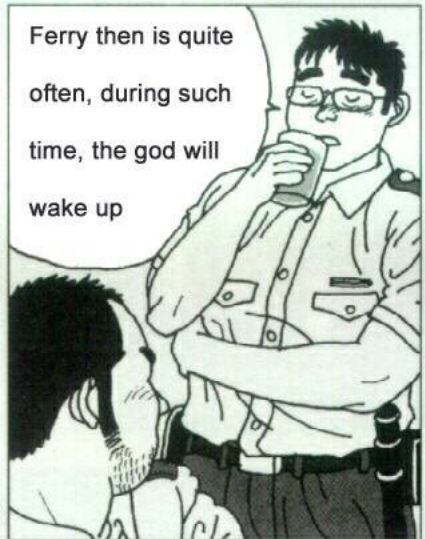

Yup. This is the "Adult Ceremony" in this town

Whether you like it or not, you have to swim to reach there That's a competition everyone does all the time

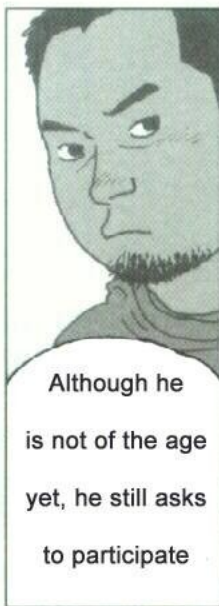

Eh!! To swim to reach there?

Ferry then is quite often, during such time, the god will wake up

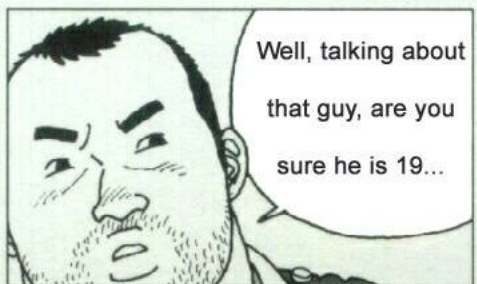

Heh....Ain't he a veteran? Well....

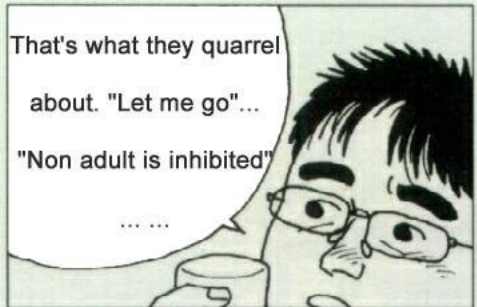

Although he is not of the age yet, he still asks to participate

Youhei graduated from high school lately, and tried to ride a ship a little bit

Well, talking about that guy, are you sure he is 19...

That's what they quarrel about. "Let me go"... "Non adult is inhibited"

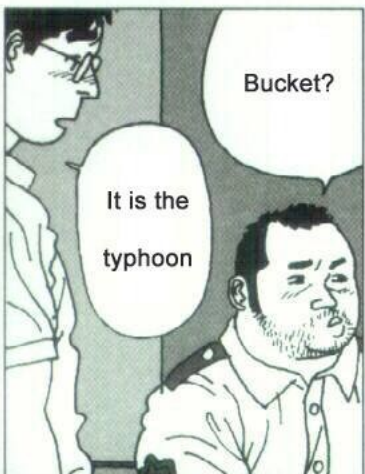

They won't allow a junior to take up the duty of them

Because of the arrogance in fishermen's heart

And finally?

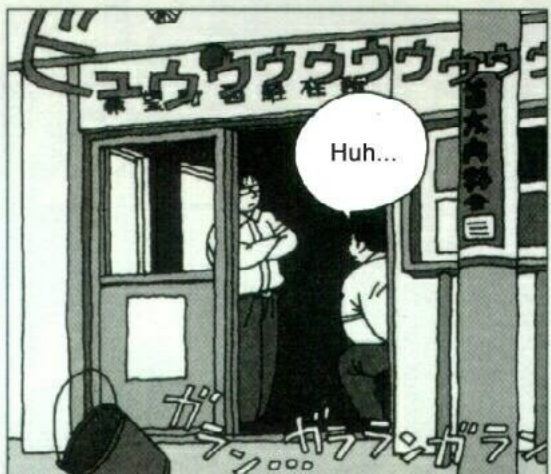

It is the typhoon

Bucket?

Where does this wind comes from?

Huh...

ゴォォォォォォ...

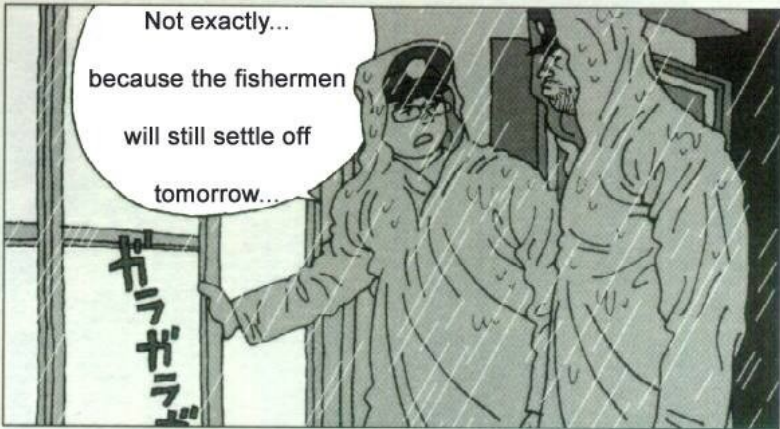

Weather forecast
hasn't informed this....

Sure, we
have to contact
the fishing
association

It is impossible
to settle any sail
tomorrow

Not exactly...
because the fishermen
will still settle off
tomorrow...

Then, wouldn't
the delay lasts for
two or three days?

Ehh!!

How come!?

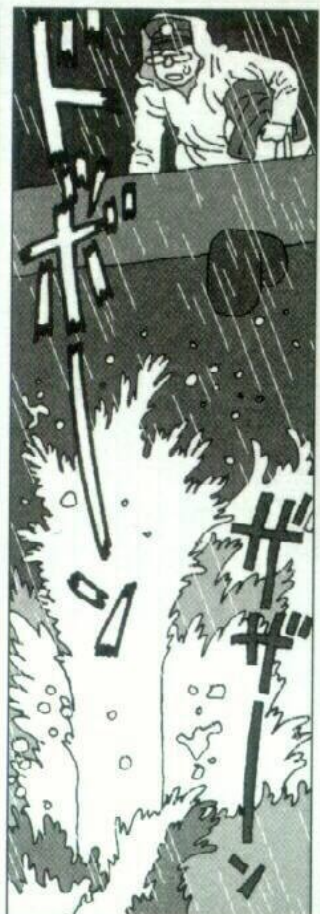

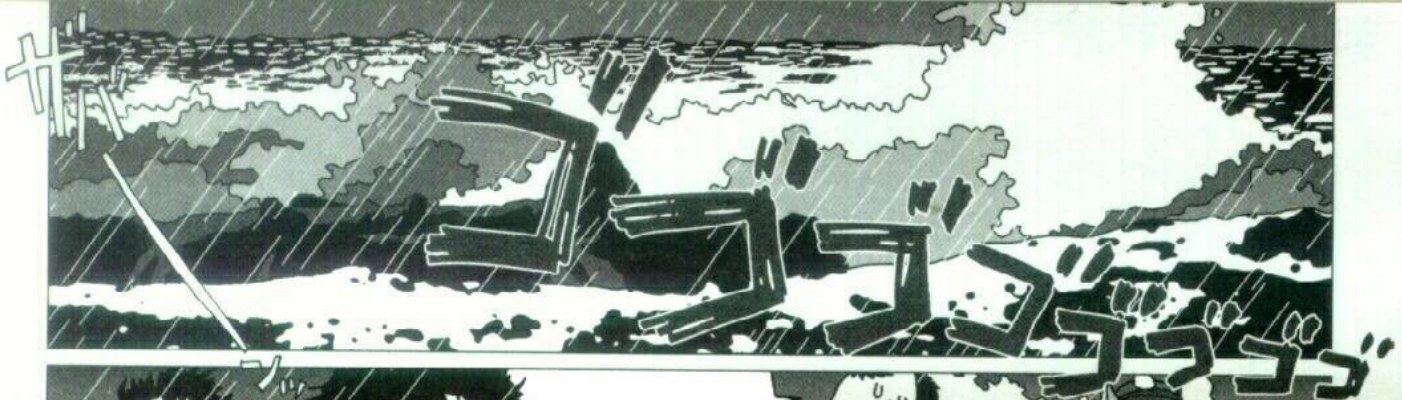

Hello,
this is the
police

Okay, okay,
just let
them be

Gone to Nakashima
in the storm ...

Youhei has...

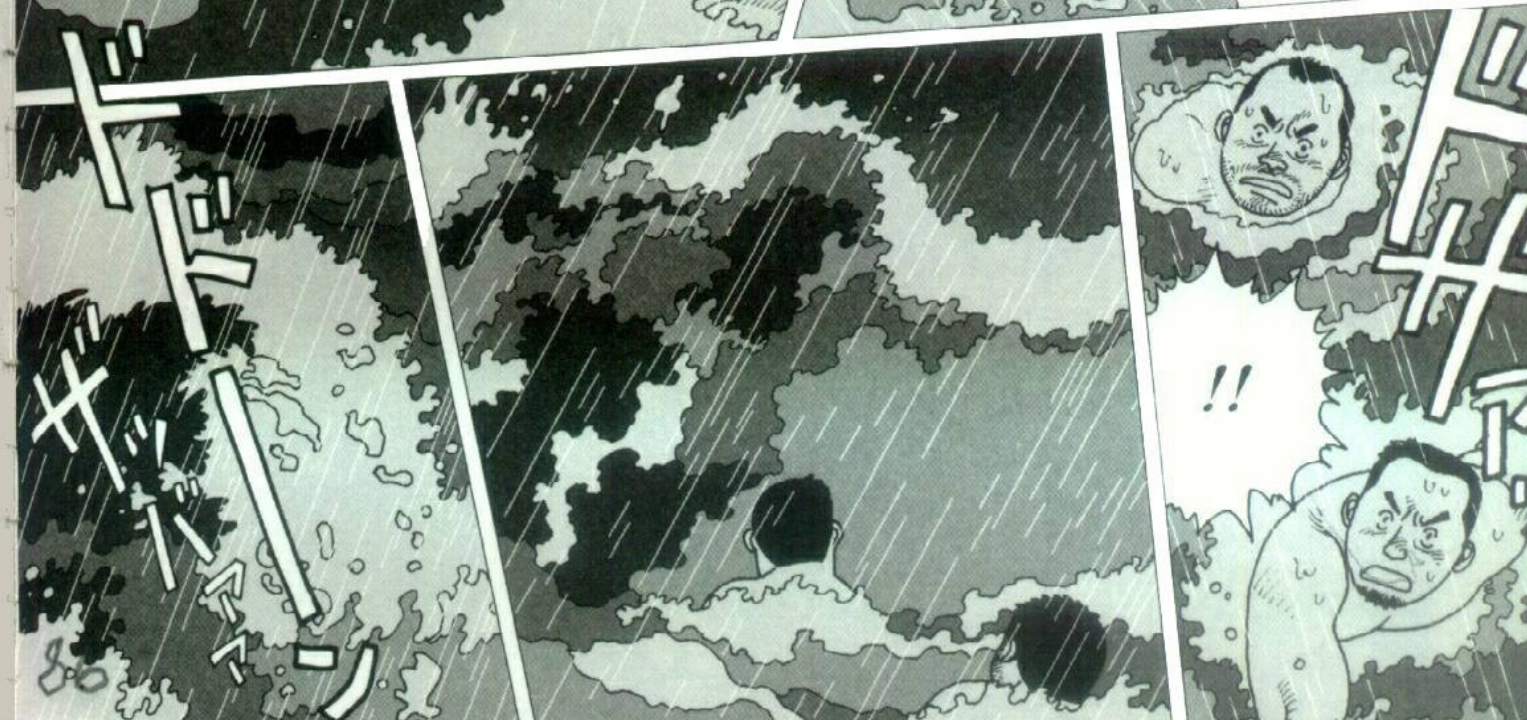

Listen!
Come back!!

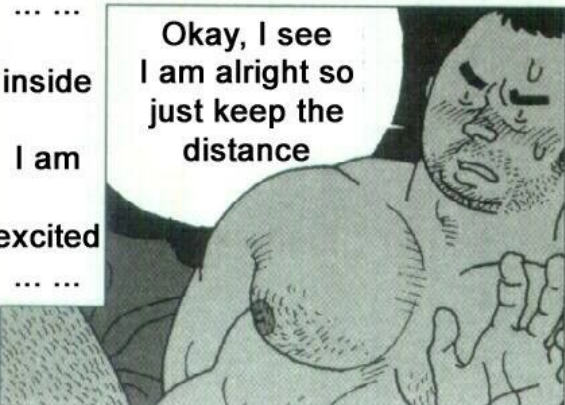

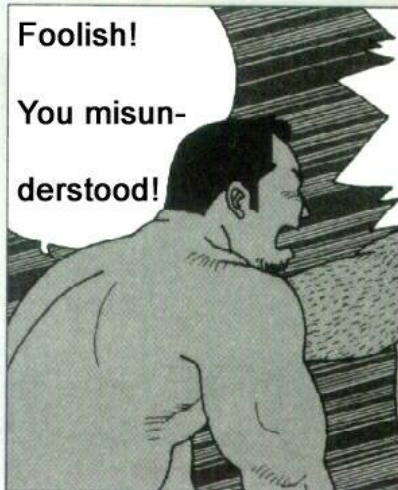

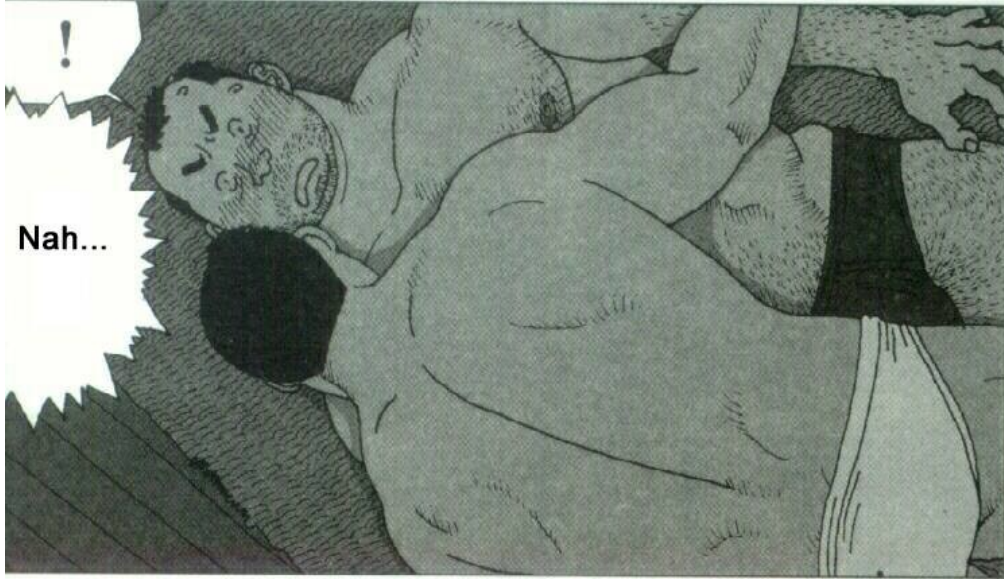

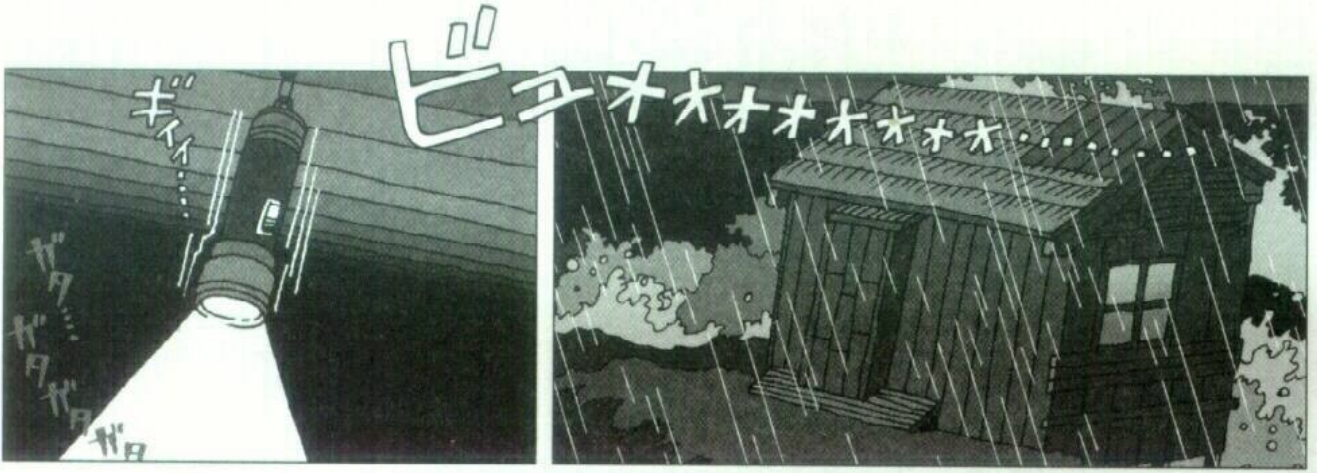

C'mon listen!
Come back at once!

It is the spirit
of the ocean
started the
storm

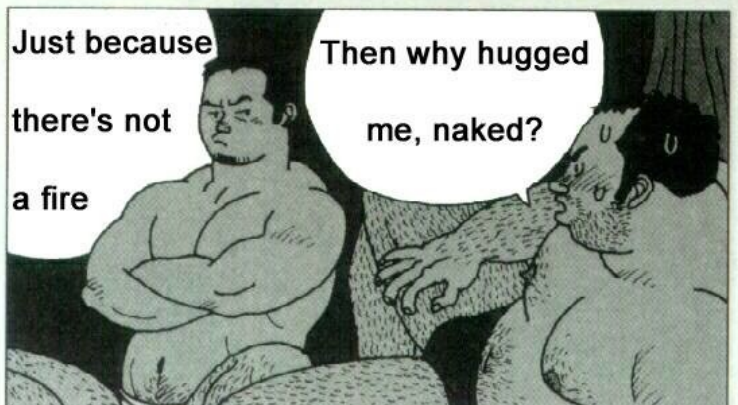

It's impossible to set
a sail tomorrow!!

Can't be!
Once started, I
have to last till
the very end

... ..
inside
I am
excited
... ..

I dragged you toward here, you couldn't swim after lost your mind

Here is... Nakashima...

Hum?

Don't you think it wrong to lend out such a hand?

That's how it is... ..

So that's what I've seen...

With blood spilling out of the head... That we arrived this island, we might have been blessed by the aurora

And what more are those people in town. They won't have to worry now

In the darkness I can see Youhei's figure, in the flash of lightning I saw

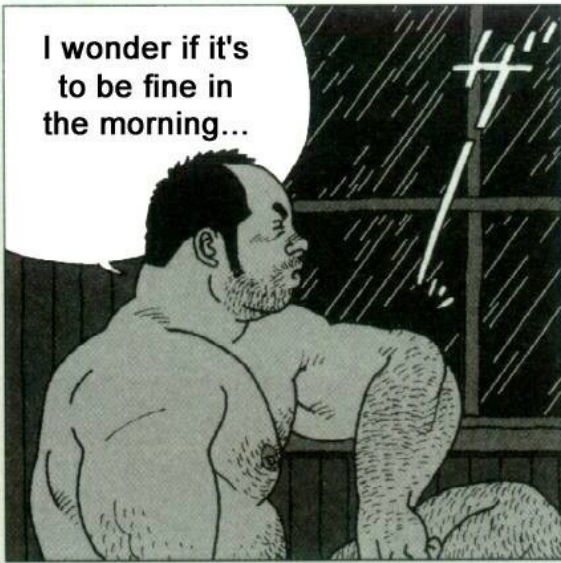

What are you staring at? Let's get back inside the hut

his strong body moulded by the rough ocean

Hey, hey, isn't the weather getting worse?

I wonder if it's to be fine in the morning...

We will get back once the wind stops, so now just have a rest

... .. So just relax and count on his credit, you mean

The spirit of ocean will keep his word We are sure to get a fine day tomorrow

Uhm

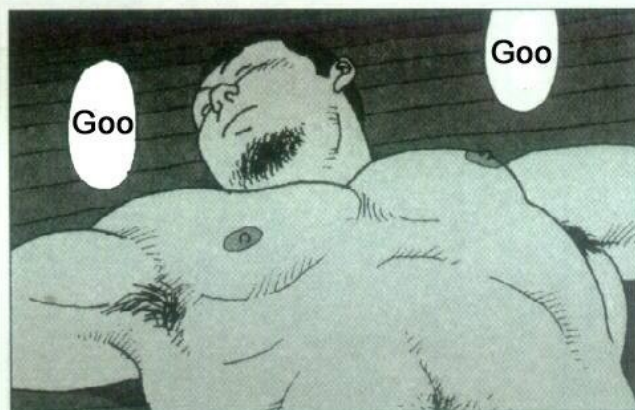

Su

Su

Goo

Goo

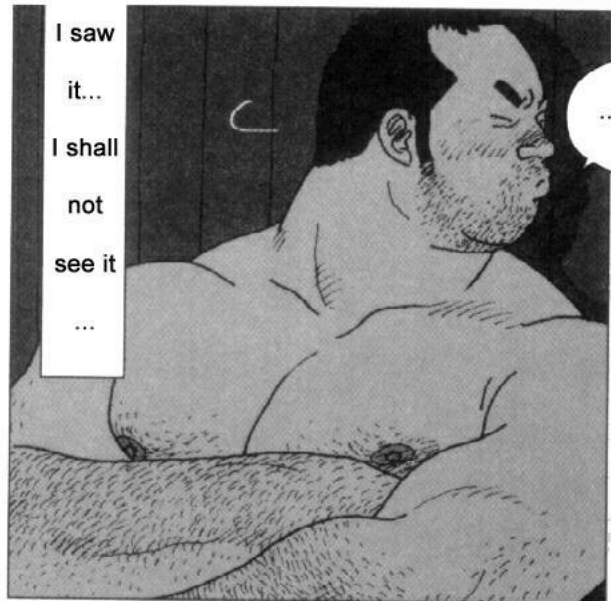

Hey hey
hey hey
His dick
is getting...
Really hard
... ..

I saw it
the rising
vigor...

not
see it
...

Goo

happening

Really, it's getting fine

バ"サ バ"サバ"サバ"サバ"サバ"サ.....

You just wait to welcome us on the land, the fortune is now standing on our side

Now the storm is calmed by the god So you will get a great harvest in fishing

Alright, now I have to go

Takabe! Youhei!

Sheesh!

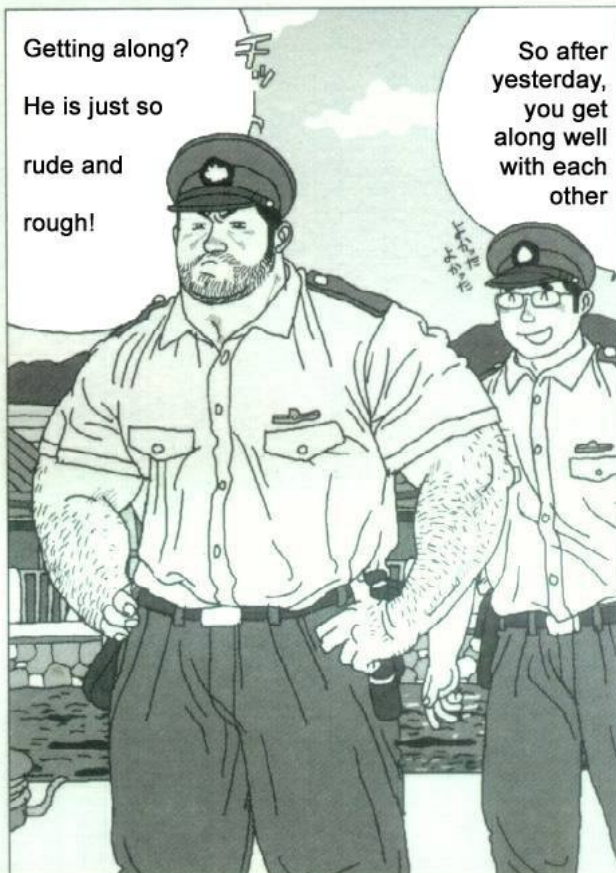

?

Wait for me to get back and we can enjoy much more

Keep being that naughty!

Getting along? He is just so rude and rough!

So after yesterday, you get along well with each other

See You

Youhei has finally become a master who sails under the bless of ocean spirit and accomplished his duty; Takabe now has become a police officer. Under the blue sky of this year, the great fishing flag is shaking in excitement
