Donations

We are a group that focuses on monster girl doujinshi and mangas. Usually lewd ones, such as Kemomimi!, have scans laying around, so we don't need to pay to get them. The same is not true for serialized manga, whose raws are rarely available online.

We are planning on translating one of these mangas, Kakuen no Hinagiku (a non-H slightly lewd manga) but we need money for the raws, so we are currently taking donations via Amazon.jp gift cards. We are currently only asking for money for the first volume which costs 540 yen (around 5 dollars).

While we do appreciate extra money, which will be used for the next volume of this one, or any other manga we plan on picking up (possibly including "Dullahan-chan is Head Over Heels", which we have already translated part of), we will ask for donations towards that when the time comes, so please refrain from donating large sums of money.

A big portion of the site is still in Japanese, so we have made this guide
