

chuu

welcome
back!

ohh..

like every
where
else we
were
mother
and son.

That's
what i
thought
for the
time.

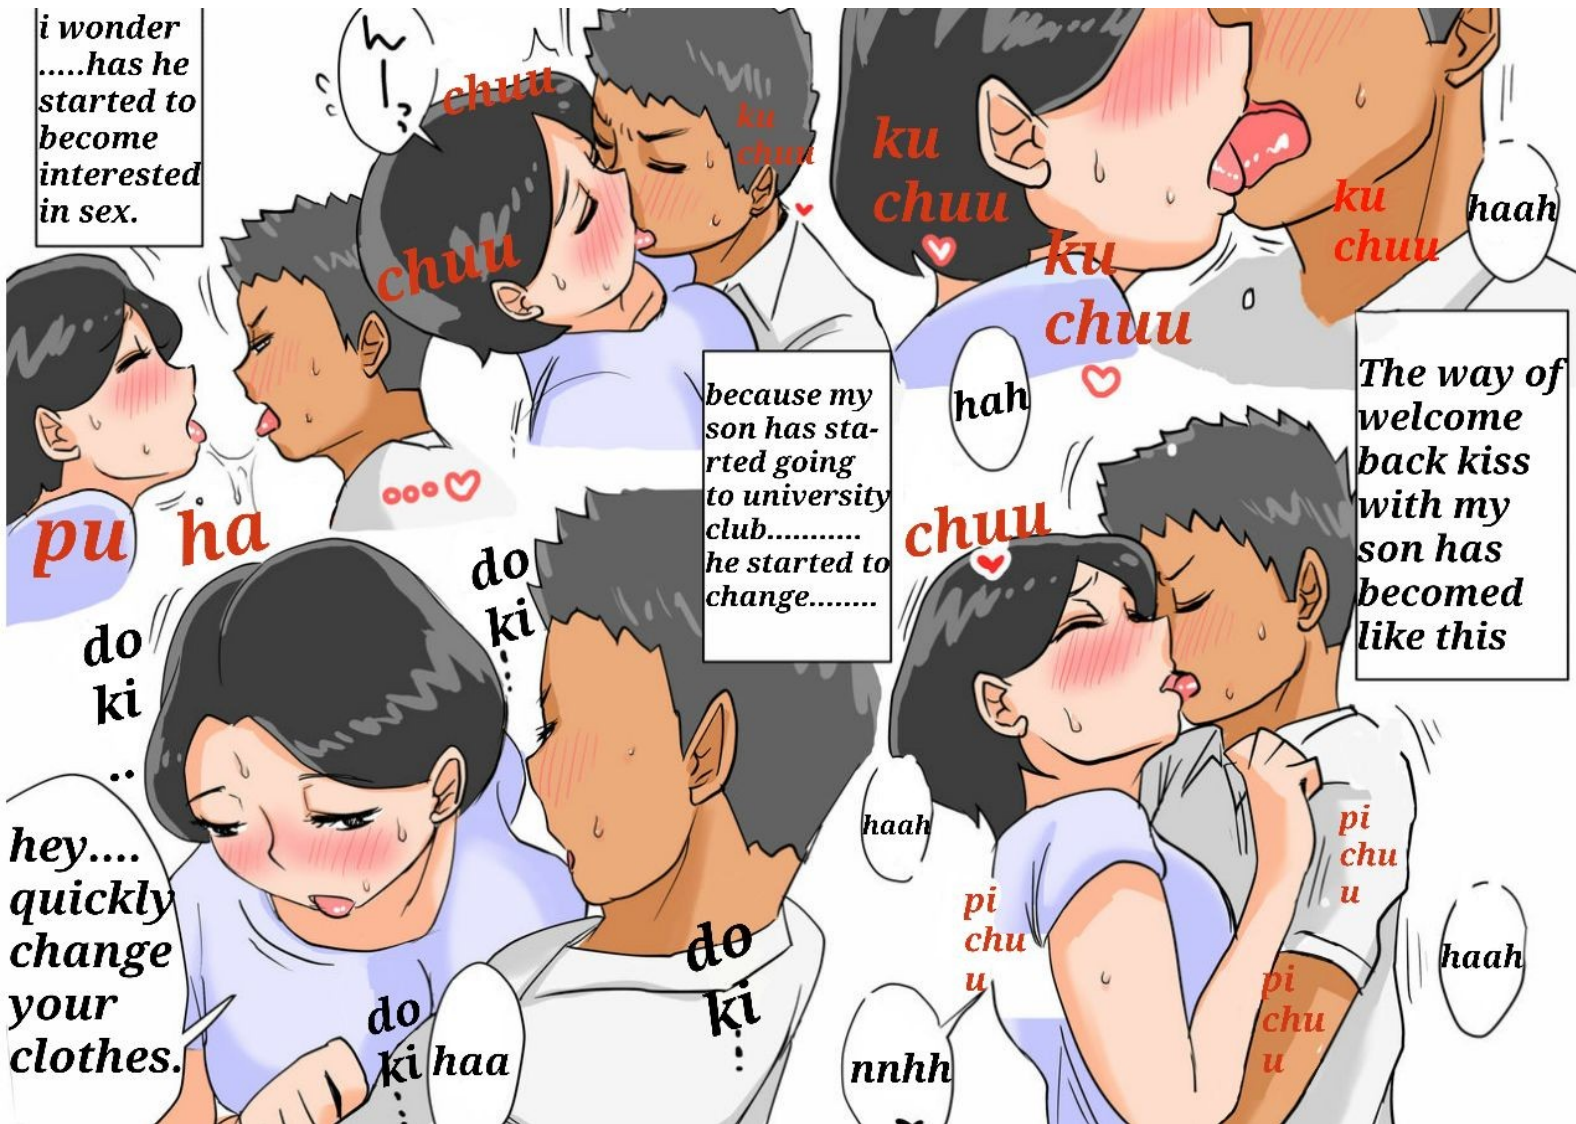

Welcome
back kiss
represents
good parent
child relat-
ionship.

oyahh
let's
get you
out

oka-
asan
I am
back!

wa
ii

i wonder
.....has he
started to
become
interested
in sex.

because my
son has sta-
rted going
to university
club.....
he started to
change.....

The way of
welcome
back kiss
with my
son has
becomed
like this

hey....
quickly
change
your
clothes.

my son told me that he will give me a massage and started touching my body..... but the place he's touching is far away from massaging point.

furthermore, he started rubbing his erected thing....

my son told me that he will give me a massage and started touching my body..... but the place he's touching is far away from massaging point.

furthermore, he started rubbing his erected thing....

gradually the
massage became
even bolder...
he started
touching up to
my breasts.

no way!
this child,
until
wherehh..

as a mother
to sit on my
son's lap...
i slowly
entrusted
it to my
body...

i did it
as he
told me
to.....

but i was
surprised
for the
moment
when i
confronted
that erected
thing.

ehh?

Let's
do it..
Welcome
back
kiss..

okaa-
san

co-
me
.....

as a mother i started moving my hip for my son.

as expected with a spicy look on his face, his thing started loving it..

we did welcome back kiss in the name only.

i made him ejaculate

Every day
he came
inside his
mother's
mouth.

my son saw
through
my excuses,
and
demanded
me to do it
every
day.

i continued
sucking my
son's thing
...next day
too....
even on
the next to
next day too.

[only for
today]
only with
the mouth,
is the same
excuse i
gave him
every time.

we mutually devour each other in silence while barely maintaining mother and child relationship.

performing the same act repeatedly every day, things started to escalate. Up until yesterday the pleasure of satisfaction was gone.

i knew it
.....
i surely
Knew
it earlier....
what comes
after this....

dont
rush
it

ahh
hey...

It's
only for
today....
ok?

i got it!
i got it
so.....
hurry
up..

That's
it

That's
right
....
slowly

ahh

about
that..

are you
wearing
condom
properly?

parent
child
sex

i urged him to cum inside his mother

you are wearing condom so you can cum as you like....

It's okay...

i gently whispered it to my son...
