Good work ♡
Let's have a celebration when
you pass your exams with flying colours

BUT
I WAS
NOT SAD
AT ALL

End

Thank you for your patronage,
I'm **Mikemono Yuu**.

I drew an original work featuring a shota and Onee-san.
I took some inspiration from some abandoned CG ideas that I have.

Since this isn't a parody, I don't know how my fans will react,
so I used the standard content,
I spent quite the effort on this, hopefully I'll get some positive feedback.

Although I started drawing early this time, I was still met with various difficulties.
Such as getting sick a few times,
thus pushing back my expected completion time.
Let's not forget the other temptations such as MonHun X and Transformers,
though those are still within my self-restraint, except for the sickness.

Actually I was asked to draw her as a body pillow,
but taking into the factor that this is an original work,
I don't think this will sell well,
so that's why it's a limited edition item.
Those who bought it should show it off to others (lol)

I'll continue my work in Commercial Magazines too, I look forward to it.
My newest work should be published in COMIC Koh 2016-01
Please check it out if you're interested.

The gist of the story is about a high school girl getting hypnotised,
of course that's not all of it, please look forward to it.
It's quite erotic as well.

Alright, see you next year.
