IT WAS SUMMER VACATION. I DIDN'T HAVE ANYTHING IMPORTANT TO DO, SO I WENT TO A NEARBY MALL.

Since I came all the way here, I might as well get something to eat...

Presented by

板場広し

They probably won't enjoy my company, so I'd better eat over here.

Not that it has anything to do with me.

Those are girls from my class... Oh, right, there's gonna be a fireworks show later today.

Sure
are.
Just

Wow~

...This is a nice river.

Eh? Can I? I hope it's not too hard...

It's simple. Just put some bait on the hook, and cast the line in the river.

Fukuyama, do you want to try fishing, too?

Throw it wherever you want.

There!

What do I do?!

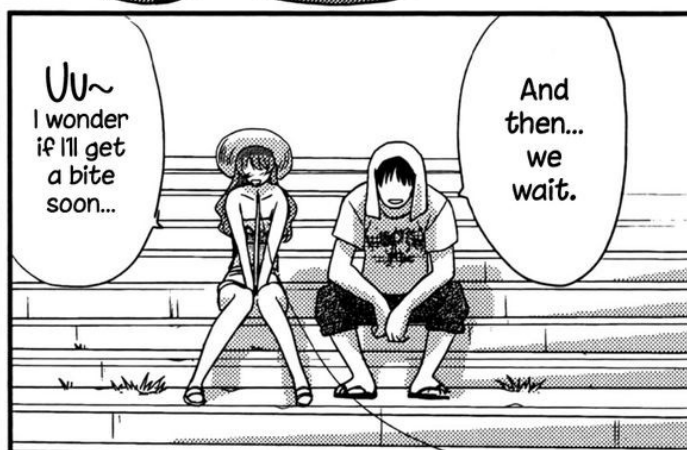

Ah, something's biting!

Pull the rod back!

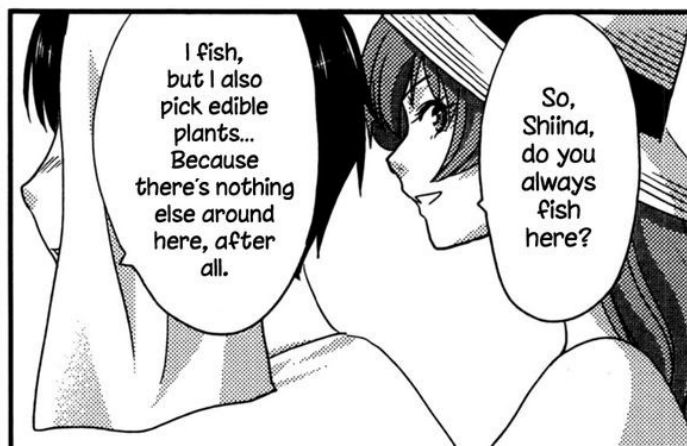

Can you swim in this river?

You can, but river water's cold, you know.

Uu~ I wonder if I'll get a bite soon...

And then... we wait.

I fish, but I also pick edible plants... Because there's nothing else around here, after all.

So, Shiina, do you always fish here?
