オトコノコ!

Apparently, there's something my friend's gotten hooked on lately in here.

.....

That day, I was standing in front of an empty classroom.

I'm a rather big skeptic, so I can't believe him so easily!

IN!?

I'M COMING...

"You'll definitely get hooked on this tool!"
...along with some other shady non-sense is what he told me...

...well, at least, I didn't believe it then.

HUH...?
