■ Afterword ■

Good day, nice to meet you.  
And for those who aren't new, thank you as always.  
Tsuttsu here.

I've finally gotten to my fifth original book.  
(The first one was exactly on the fifth of May last year.  
Time sure flies!)  
Today's theme is peeing + loli x shota.

Outdoor urination sure is wonderful, huh?  
It felt like I was really there when I drew the peeing scene!

By the way, this is a sequel to "Omorashikkusu!".  
I want to get to a world where pee is this popular, too!

The next event is the summer comiket,  
but this year I'm going to apply with an original work.  
So excited!

I honestly drew too few peeing scenes in this one, so  
I think the next one will have pee smeared all over it  
(I also plan to have more pages.).

I think I'll put out a new book in the Summer Comitia  
as well, so look forward to it!

I was given the honor of drawing another manga for  
Comic Koh recently. It's about peeing.  
Be sure to check it out if you're interested.

Now then, let us meet again!

Tsuttsu

■ Sakuma Mika-chan.  
She's easily flattered,  
and immensely  
interested in sex.  
She often gets in  
scuffles with her  
homeroom teacher,  
Okazaki-Sensei.
