

It was probably from back when my brother used to tease me, saying things like "Sis has a flat chest!" ...

I wonder when I first became self-conscious about my small breasts...

But the turning point in our battles came suddenly one day...

FALL

WHA-WHAT'S WRONG SIS!?

In the end, he would always slap my chest...

In our sibling battles, the insults were always the same...

SHUT UP YOU FLAT-CHESTED BITCH!!

WHAT DID YOU SAY!?

MY BOOBS ARE SWOLLEN, AND THEY HURT...

IT FEELS LIKE ...

That was the beginning... The day when my breasts began to grow.

And then ...

The girl... has her flower finally blossomed!?

About

Mega Milk, or Titty Monster, is an exploitable image of a woman holding her own large cleavage with a crazed expression on her face, while wearing a shirt which reads "Mega Milk". The character is frequently redrawn to resemble other fictional characters, alongside with the facial expression become a common photoshop exploitable on other faces.
