

There are many
fighters in the world,
and many arenas.

But one arena stands
out among the others
due to its unique rules

Welcome to
the world of
catfighting,
where women
fight women

It is a small venue,
and not very famous.

There is no live
audience, only a
few wealthy VIPs
who stream the
matches via the
internet

In the arena
known simply as

**QUEEN
CAT**

They and they
alone are
witnesses to
the combat
between two
beautiful
women
