あとがき

Hello, I'm Iuro.
Thank you very much for picking up Eroliya 2015 WINTER/vol.14!
This time I tried doing something a bit different from usual, so I drew a maid manga, how did you like that? Drawing a maid was fun, but since the maid costume had so many wavy lines, I feel like it took more time than I had thought it would. Since there isn't much time left to prepare between Winter Comiket and Summer Comiket, I hope I'll have some free space in my schedule to start my preparations soon after the Winter Comiket has ended, but in the end I'll deliver the manuscript barely in time as usual. Yeah.
Still,there are many solid black parts for the clothes and hair and they look fine on the monitor, so I think it will look good in the final manuscript too.

This time again, there are no pin-ups in the colored pages,
I tried to go for a manga approach, but maybe that's why I barely made it in time. Of course, drawing a color manga takes more time than pin-ups do.

This year a compilation book of volumes one to nine (plus bonus drawings) came out, though I still want to publish a full-color anthology. Since last time we published a full-color compilation of volumes one to five (plus bonus drawings lol), the next anthology could be coming out pretty soon, as the manuscripts have been piling up.

I also want to do a manga-like CG set and...My God!:There are so many things I'm thinking about, I want to do all this different stuff, but time and energy are not really up there...:I also want to play Dragon Quest after.
Next year I'll have to work really hard!

If that's the case, please buy Eroliya next year too!
Have a good New Year!

Post-script

Nice to meet you, I'm Tamachi Yuki. Thank you very much for purchasing "*Eroliya/2015-WINTER/ Vol. 14*"! We are at 14 volumes already, times sure flies~

This time, my contribution is "*LOVE LOVE LOVE*", which was originally published in 2012 on the webzine "Hanaryou Zettai Ryouki" sold exclusively at OKS-online , together with my seasonal series "My neighbour Futaba-chan" and "Mrs. LOLITA". However, since while I was drawing big series after big series, it was left in an u nfinished state, it never appeared in a tankoubon so far. It surely will in the next OKS tank, you have my word!...or that's what I thought, but I haven't been working with OKS for half a year now, so I don't really k now when the next tankoubon will be (lol). Ending up not being able to show your work on print is pretty sad~ that said, for this collaboration I did some ***radical improvements & added new pages***, and decided to publish it on the doujin magazine "Eroliya" ♪ (so, I believe you can stil buy the u nimproved version on the Internet as a downloadable). It's a story of the period in which I reassessed the head-to-body ratio, so I think that, even though they are three years old, artistically speaking they still hold up today (lol). Also, this is the third time I draw a lesbo story in my career, is it? That's why I think this has an incredibly unique feel among my own production. Lesbo stuff, what about it? As an artist, drawing two nude figures properly is extremely bothersome (in case of MxF, I can just omit the boy, lol), but that's all I watch when it comes to AV, so I'd say I like it enough. Although, when I was discussing with a director from "Juicy", he said that he doesn't enjoy it that much since he can't empathize... "***Girl on girl is something you must enjoy as a mere observer!***" I exclamed, making for quite a concitated discussion in a family resturant late at night (lol).

I wanted to start anew drawing exhibitionism, but I think that currently the reprint of "LOVE LOVE LOVE" is more important~, taking the initiative by publishing it in thi 14th volume, please enjoy it whether you bought it online and already read it or are reading this for the first time ♪

I'm looking forward to meet all of you, both through commercial publication and doujinshi. By the way, for the ***first half of 2016***, for the first time ever, my ***tankoubon published by Sanwa will likely be on sale***, so, by all means, check it out!!
