Introduction

RungsitX Bara/Yaoi Translation

This is the continuation of "Top". In the beginning I thought the story would merge into one. But, due to the lack of page quota, I have to split it into 2 parts like this.

After reading both positive and negative feedback, I decided to draw the final chapter by modifying some parts for a happier ending. I found that, after a long time of drawing, the lines and character's face are all different compared to the original. A big apology for that.

For those who haven't read the first part, please read the conclusion below.

The strange uncle "handjob" turned him on and lead to the real "handjob" on the bench. He called Masahiro "A pervert who allure the stranger for sex". A blackmail brought them to the dungeon of the master and an obedient slave later.

Furuya Masahiro, young marathon athlete, kept practicing for his dream competition by running in the park day to dusk everyday. One day he encountered a daddy guy who claimed to be an ex-coach sports specialist. Masahiro let him perform a muscle stretch massage in the park.

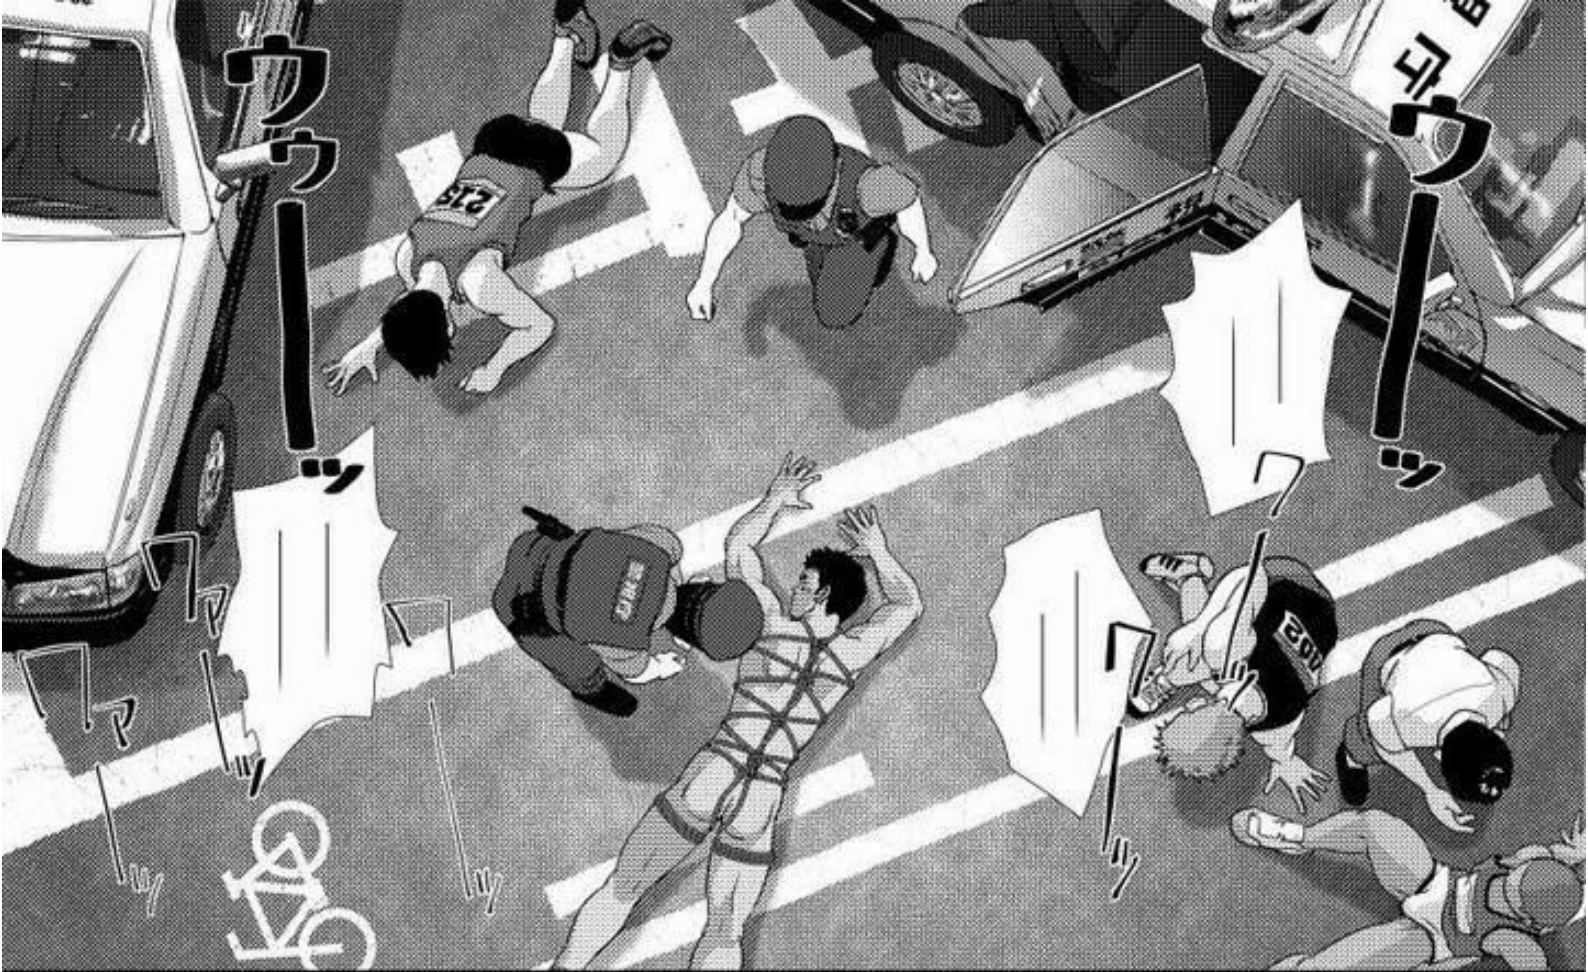

The promise was - daddy would put Masahiro on the newspaper headlines, and it came true - as a pervert! What erotic faith was waiting for him? To be continued.

After 2 weeks of secret personal training, the coach tied him and brought him to the race. While people outside cheered, Masahiro got fucked badly and was plugged with a gigantic sextoy which kept a huge load of cum inside his ass. When the leading group of runners came nearby, it was time to say goodbye and keep the promise. そ腸男に 応援して 認ク 興まれ 内 援り で て ア った
