I'm...  
so hungry  
I'm going  
to die!

...Huh?!

Suck..?\*  
Wait, you  
want a  
cigarette?  
I don't have  
any of that  
stuff.

I didn't  
think you  
were such  
a rebel...

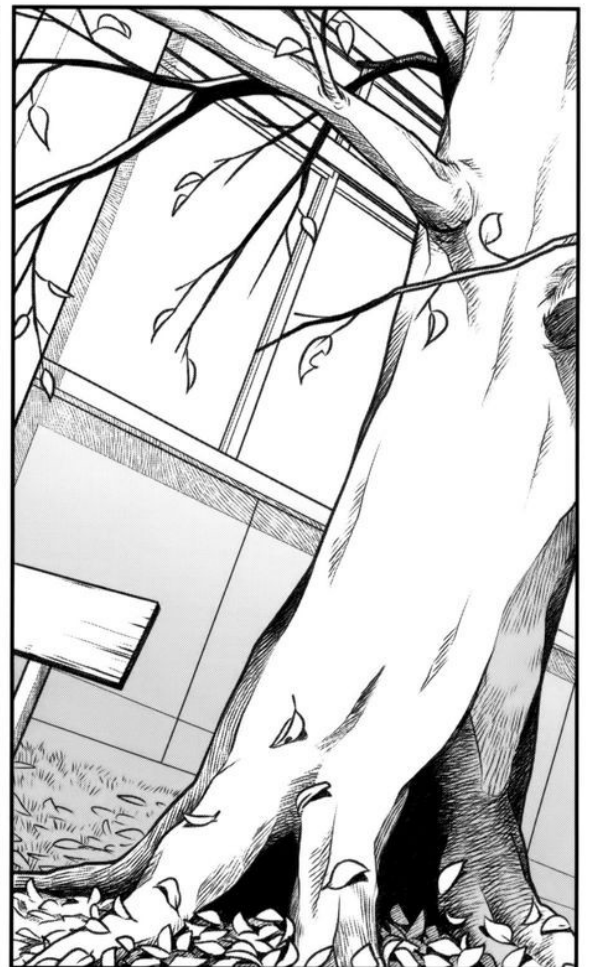

No...  
Life...  
energy...

### [ SPIRITUAL LUNCH ]

PRESENTED by OTAKUBEAM2016 WINTER

Good  
morning...  
Taneda-  
kun.

## 【THE MAIN CHARACTERS】

### 望月未夜 (miya motizuki)

A second-year half-succubus middle schooler with a succubus mother. She usually looks like a normal human, but when she gets hungry, the signs of her succubus heritage come out. At school, she usually tries to not stand out by hiding behind Maki. She's called "Miyacchi".

Her succubus parts

### 種田充 (mituru taneda)

Miya's classmate. After their first meeting, he became her primary food source.

### 河合真紀 (maki kawai)

Even though she takes up a large portion of the page here, she's only a side character. She's Miya's friend, but doesn't know about her true identity. Because of her lively personality, she's actually quite popular among the male students. She's called "Maki-chan".

Well sure, but does that make semen taste good?

I know I wouldn't want to drink it even if it did.

I can't just enter someone's dreams and eat their life energy like the others.

I'm only a half-succubus, not a pure-blooded one.

Well, I mean...

Miyacchi and Taneda, are you two going out~?

What's this?

What~?

MIIYACCHIIII ~~~~~ ♡

But yours at least is really deli-

Um... I don't know about other people's...

Good meowing~

Morning~ ♡

Bye~

Anyway, first period's P.E. Let's go~

Man, that's boring...

We're not, really. We're not!

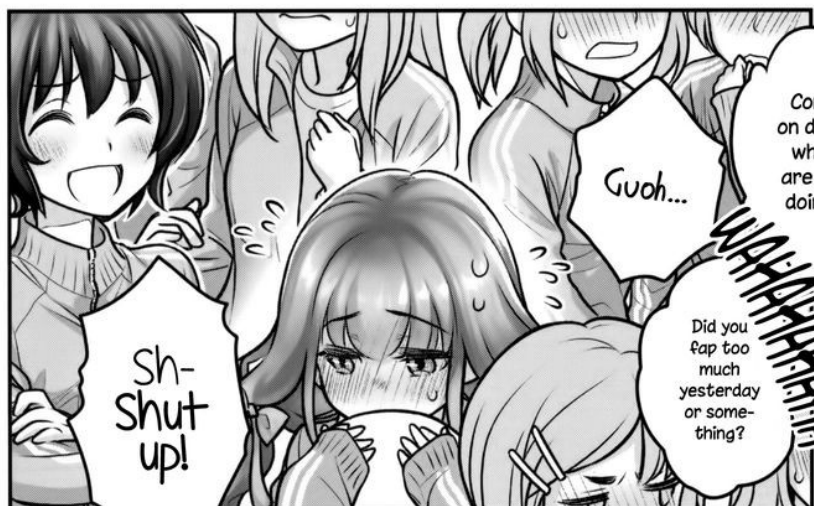

I'm probably just a food-making machine or som-

And well... from her perspective...

Yeah, we aren't going out...

Sh-shut up!

Guuh...

Come on dude, what are you doing?

Did you rap too much yesterday or something?

BWsh!

WAHAHAHAHA

Taneda~ Buy me something, okay~?

Sure.

Wanna drop by the convenience store?

Alright, let's go to my place before we do anything else. It's just round the corner.

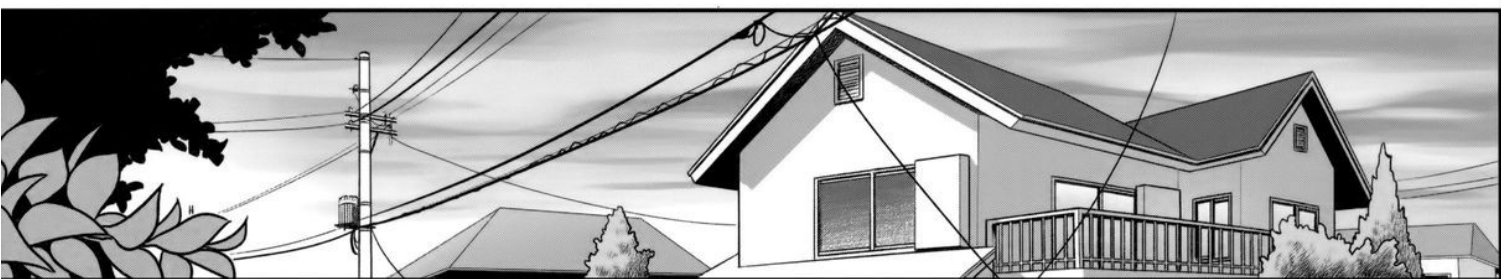

Okay... Thanks.

I can't help it! They come out when I get hungry~!

Lashing out at me, huh...

グロウ...

I... I'm apparently in the middle of my growth spurt... That's what my mom told me...

もじもじ...

...So. Is it just me or have you been eating a lot more recently?

Well, it wasn't even your fault.

...Really?

Huuuh?

Are you succubi bothered by stuff like that?

That thing during P.E. was my fault...

I'm, um... sorry.

Of course we are! Besides, I'm half human.

Really.

Guys my age fap every night and it's no big deal.

*But let's not talk about the whole "collecting it in a bottle" thing.*

Oh...

I see...

Come on, don't cringe at that.

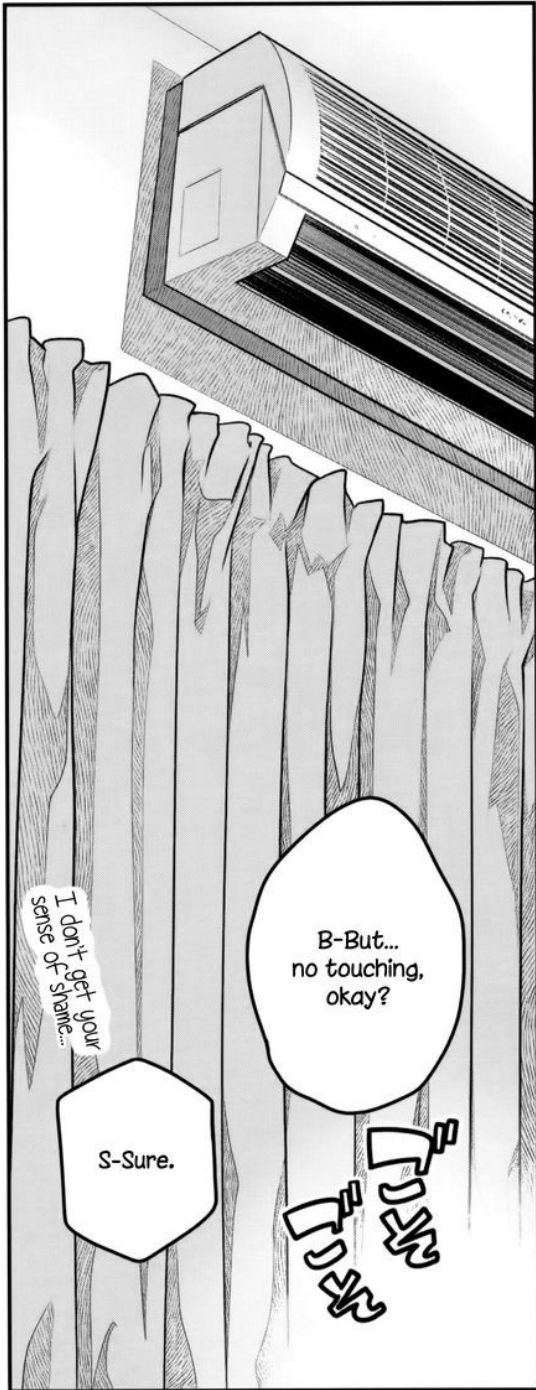

わっ、.....

Anyway... I'mma go rub one out in the bathroom, so sit tight.

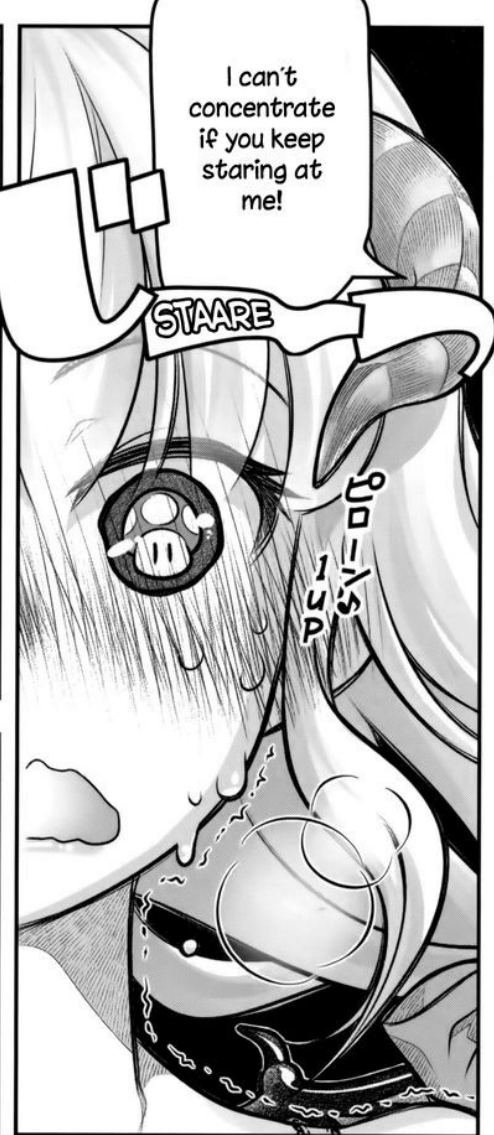

Eh?

Why? Can't you just do it here?

TL note: "Side dishes" is a Japanese euphemism for "fap material"

Then...  
how about  
this?

...How's  
this?

I can't  
see a  
thing.

Th...  
That's  
better.

Hey, you

And the freshness...  
Um...

Mumble mumble

B-But this way I can drink it right away...

...Yeah.

I mean, it's, uh... your first time too, right?

Eh..?

...Are you really okay with me, though?

That's why...

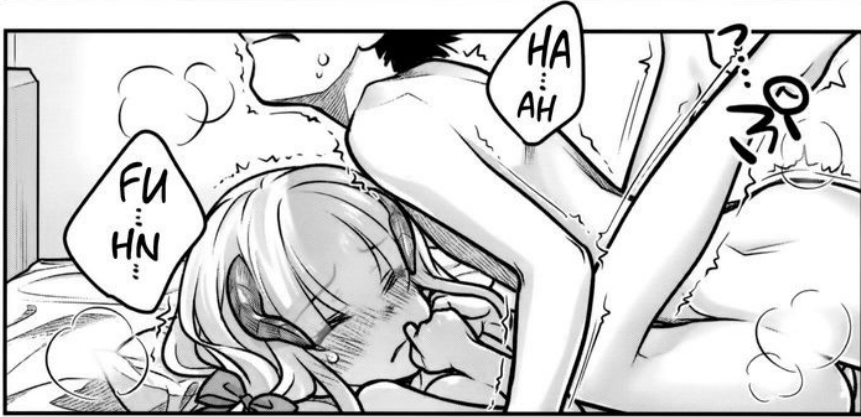

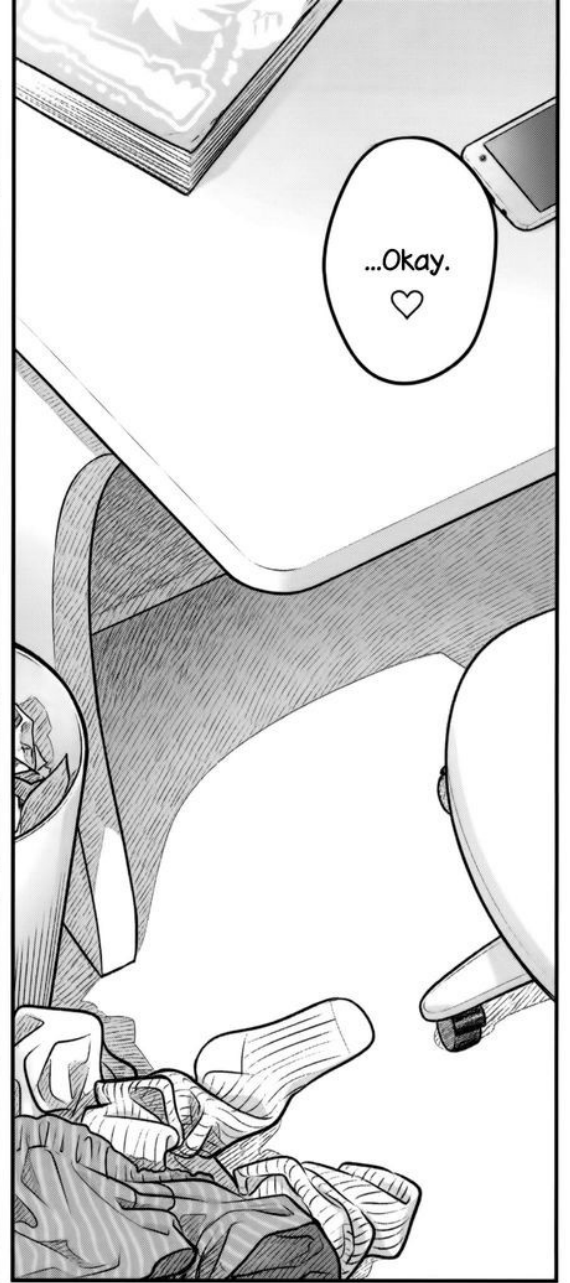

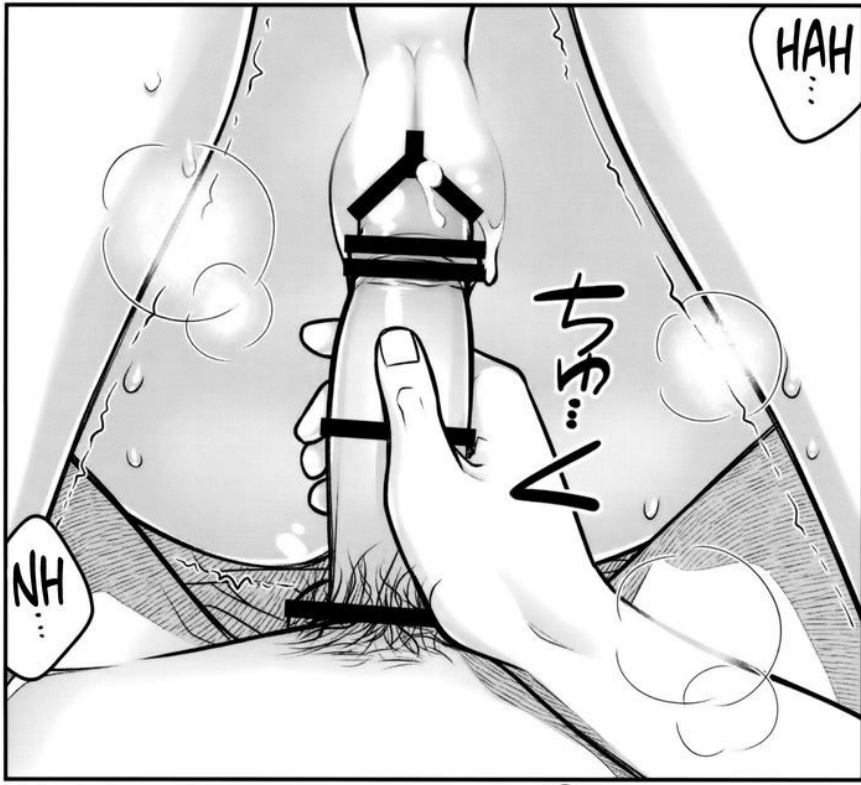

I'm really glad it's you...

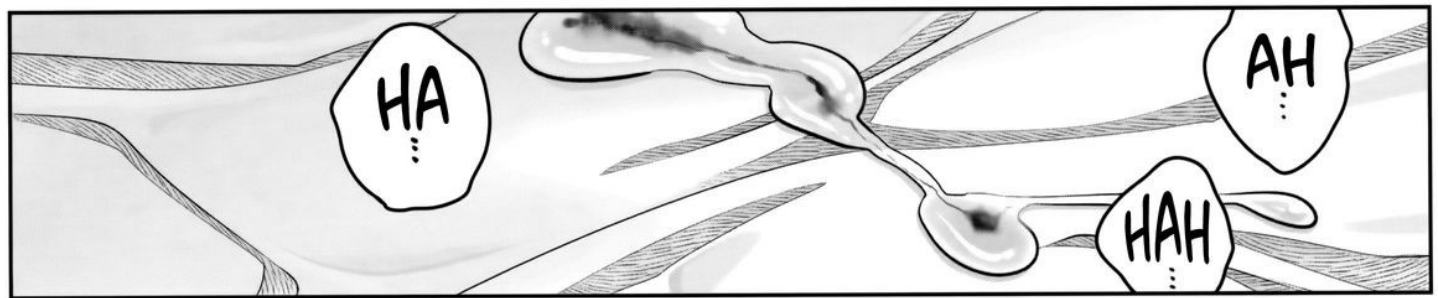

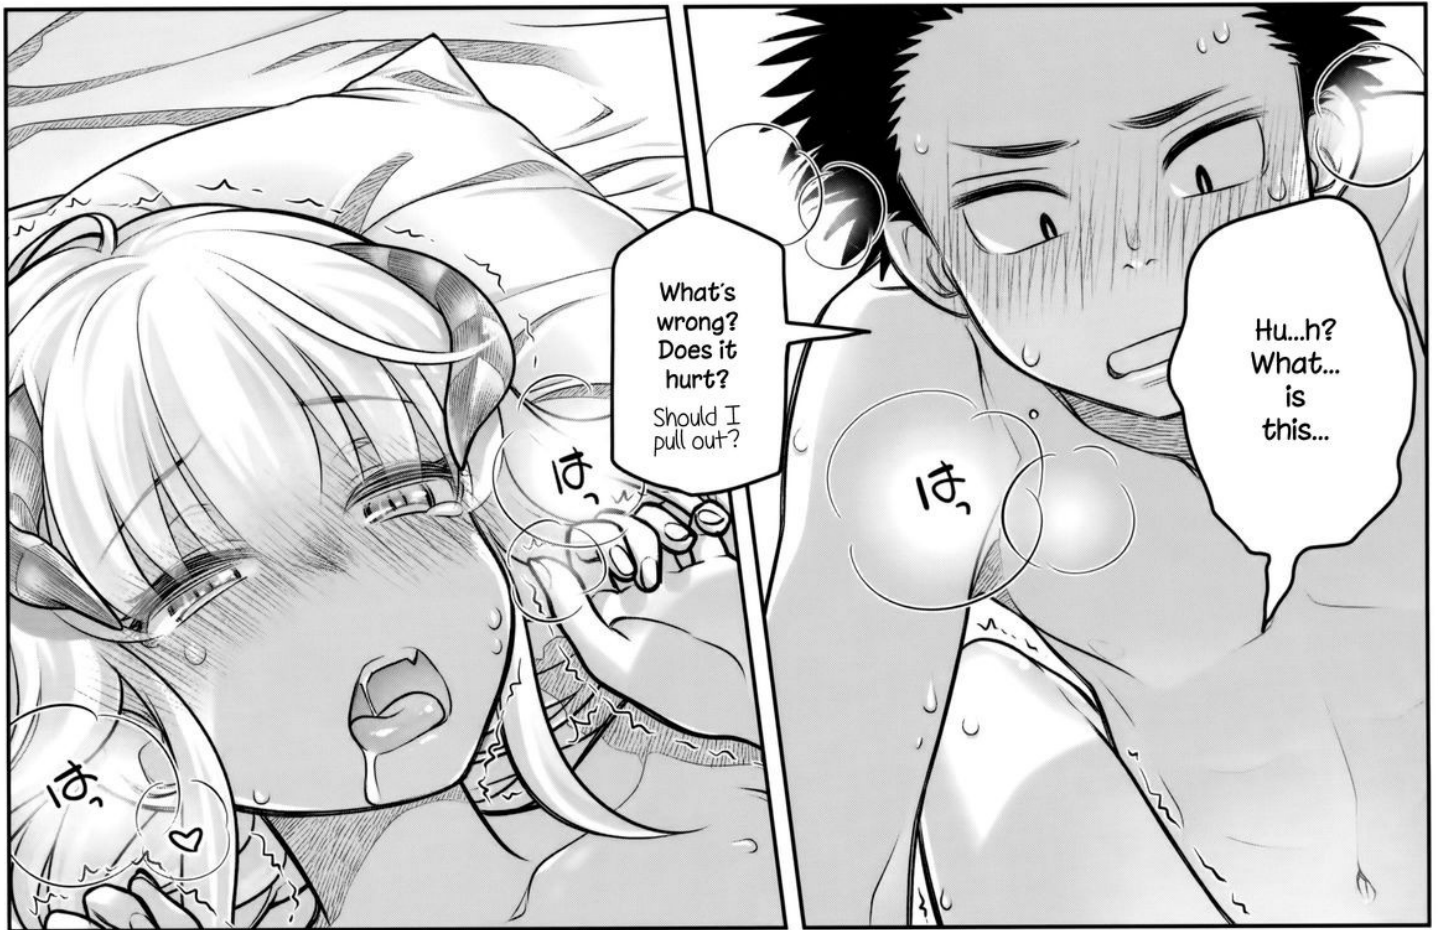

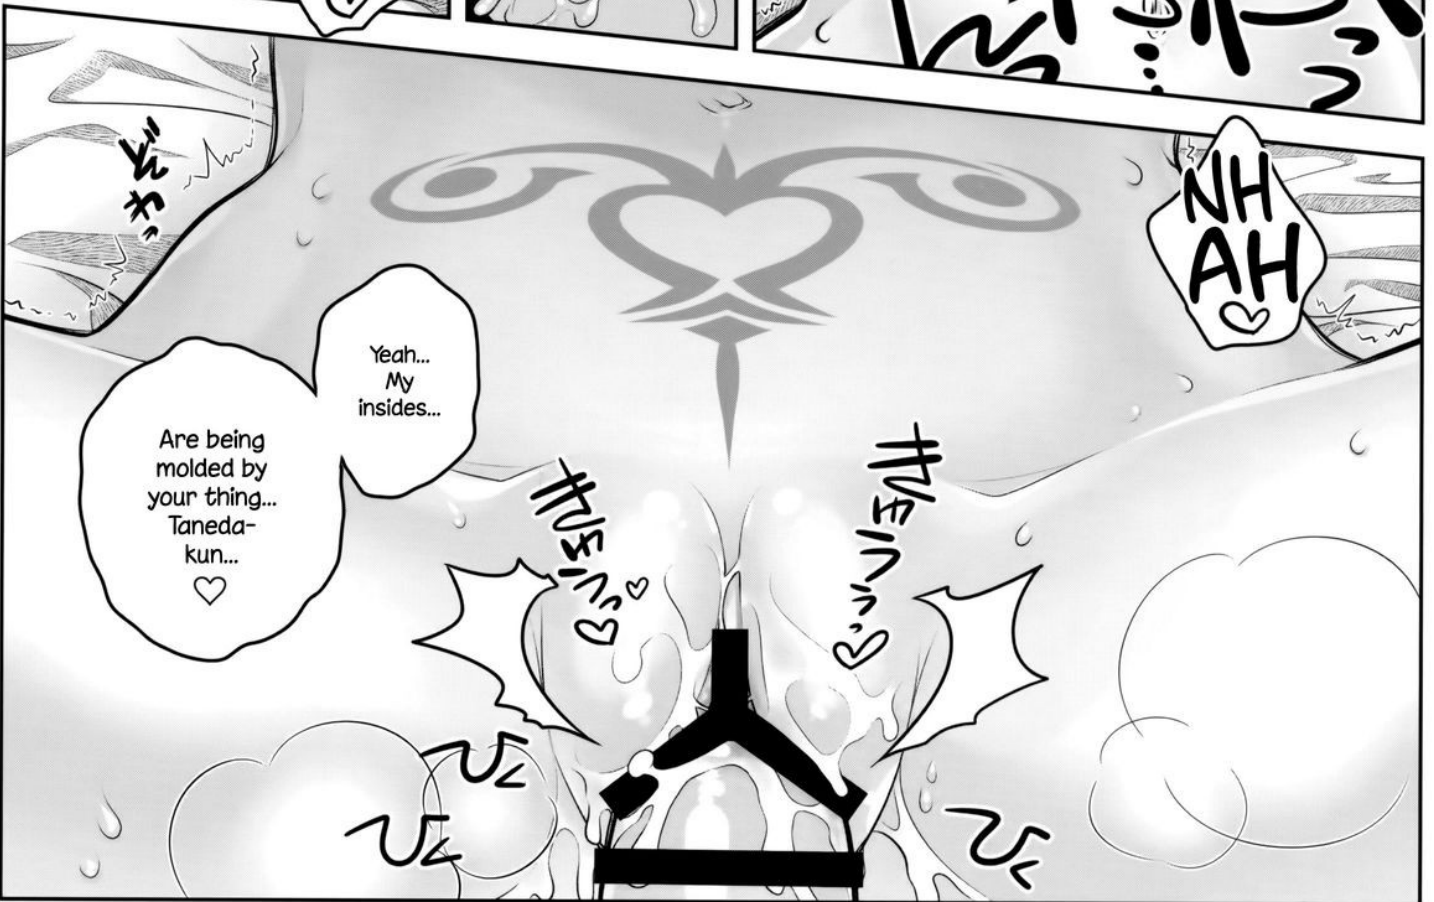

No... nevermind. ...Just tell me right away if it hurts.

You... used some weird magic on me just now, didn't you?

?

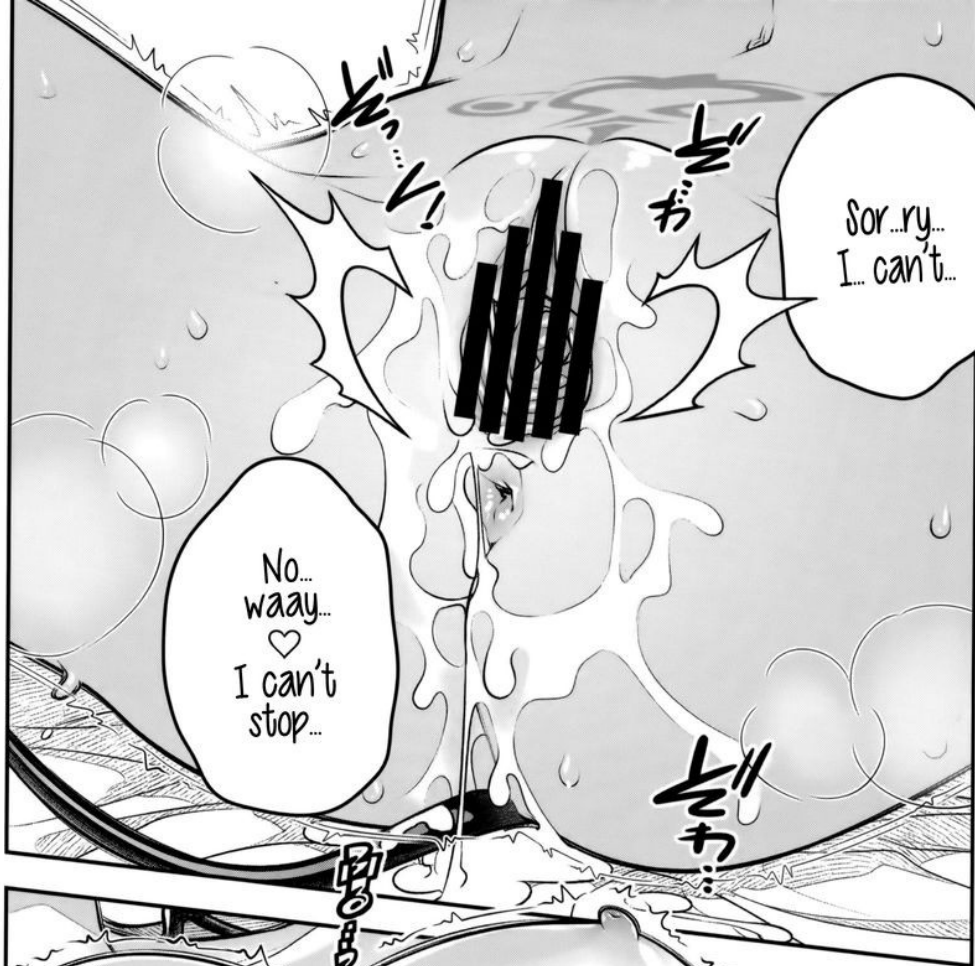

Come...

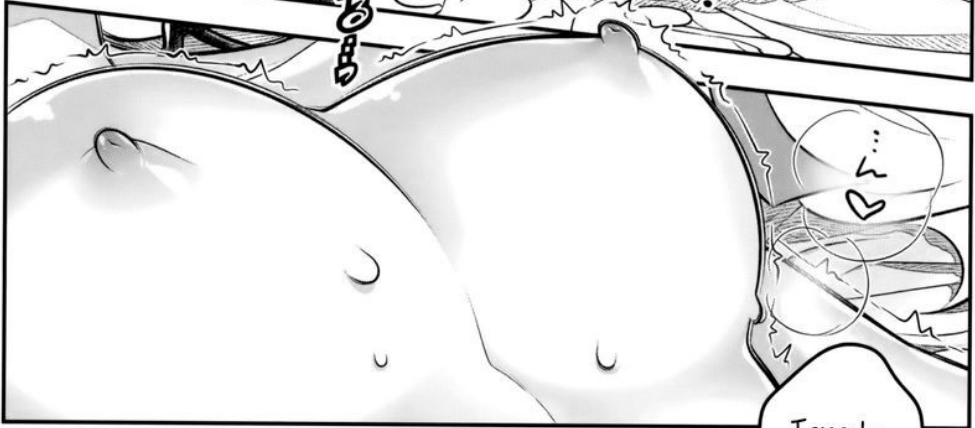

Ple... ase...  
♡

Taneha...  
kuh.n...

No... waay...  
♡  
I can't stop...

Sor...ry...  
I... can't...

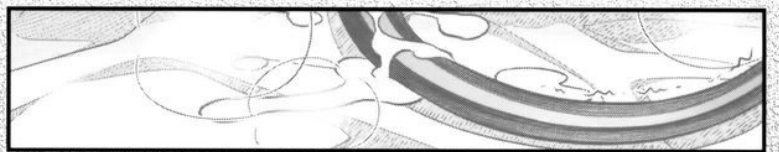

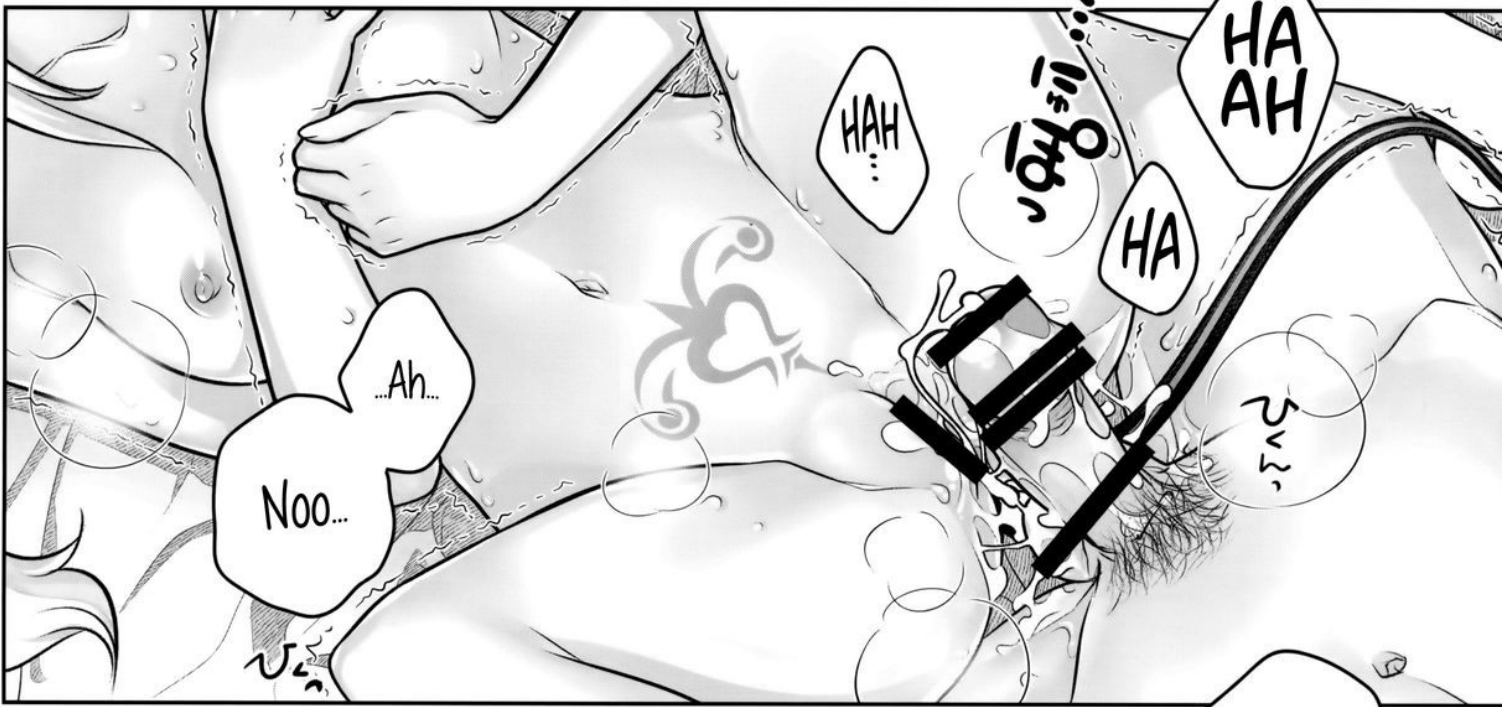

Taneha...  
kuh.n...

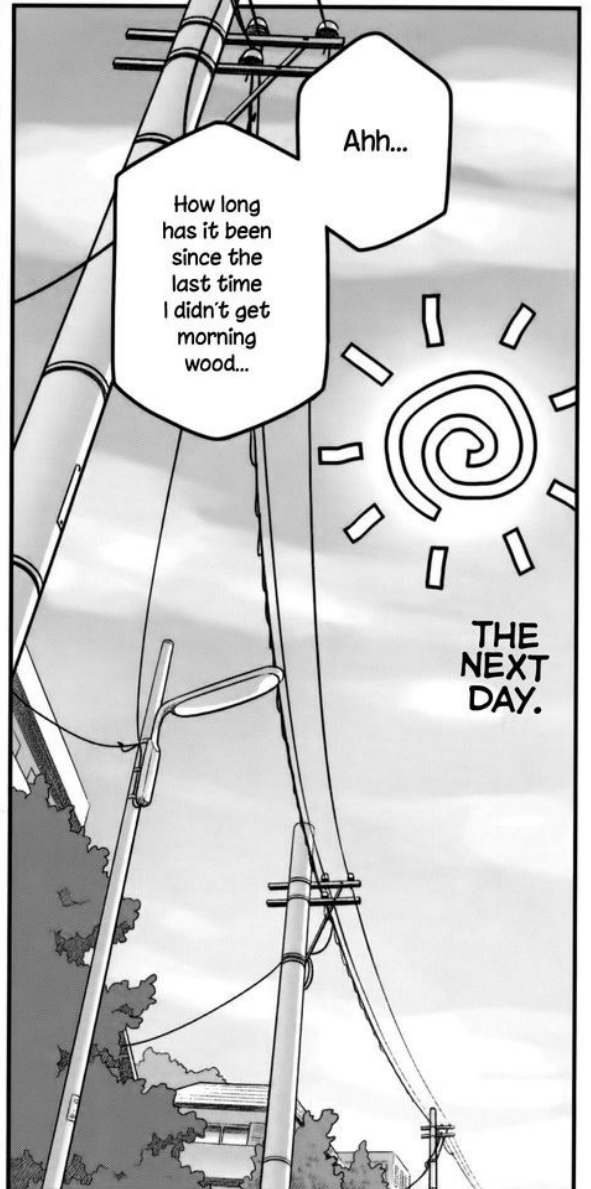

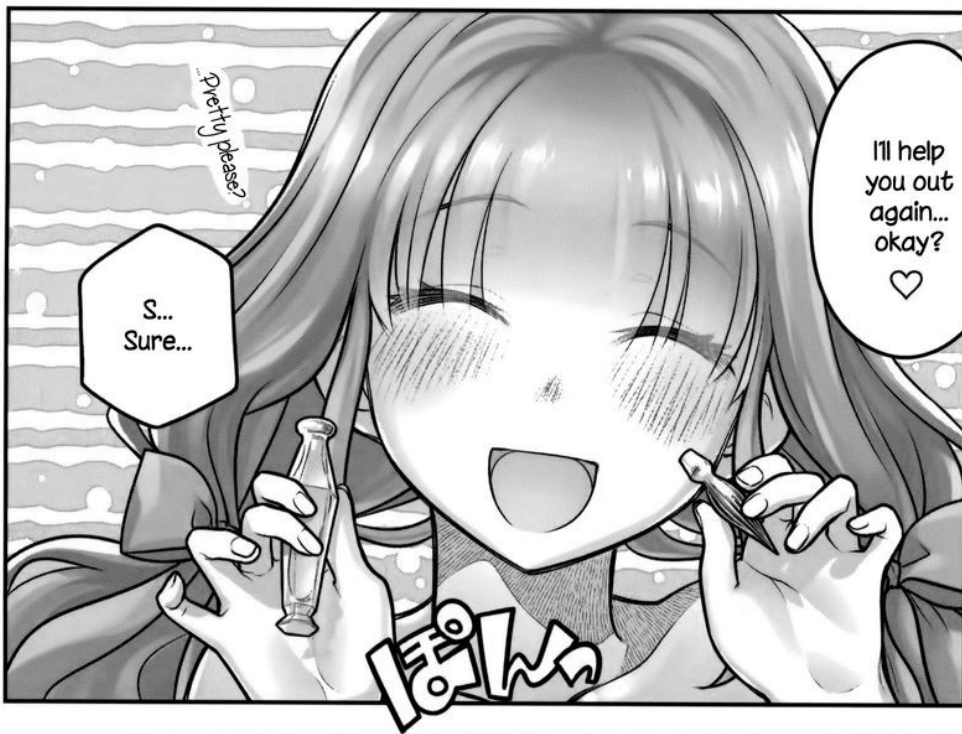

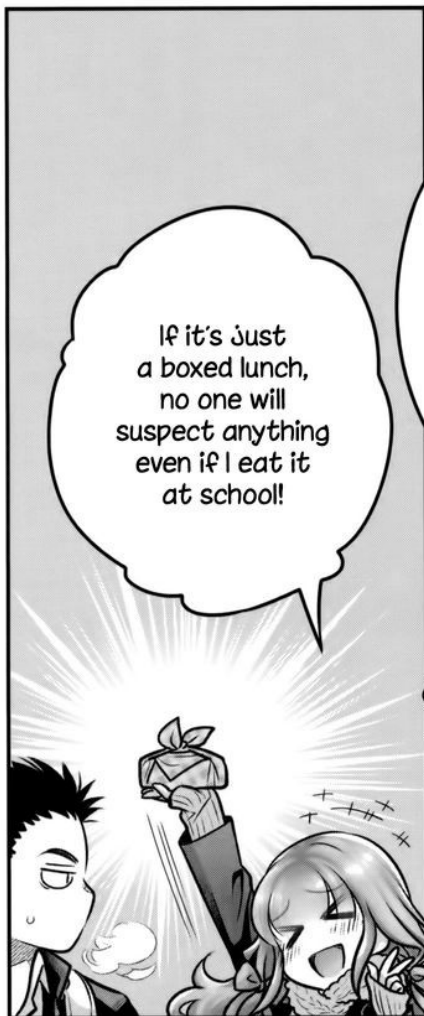

I want it...  
your semen...  
noww...

If it's just a boxed lunch, no one will suspect anything even if I eat it at school!

I used the portion you gave me yesterday and made it into a lunch box~

Ah, right! Look at this!

No, wait a second... Don't tell me the inside looks like...

**BUKKAKE DON!**

Geez~ It's just a normal lunch, okay~?

✕ HOWEVER, ALL OF THE DISHES HAVE SEMEN IN THEM.

No  
thank  
you!

I can show  
you what it  
looks like on  
lunch break.  
I'm really  
confident in  
the omelet  
rolls~

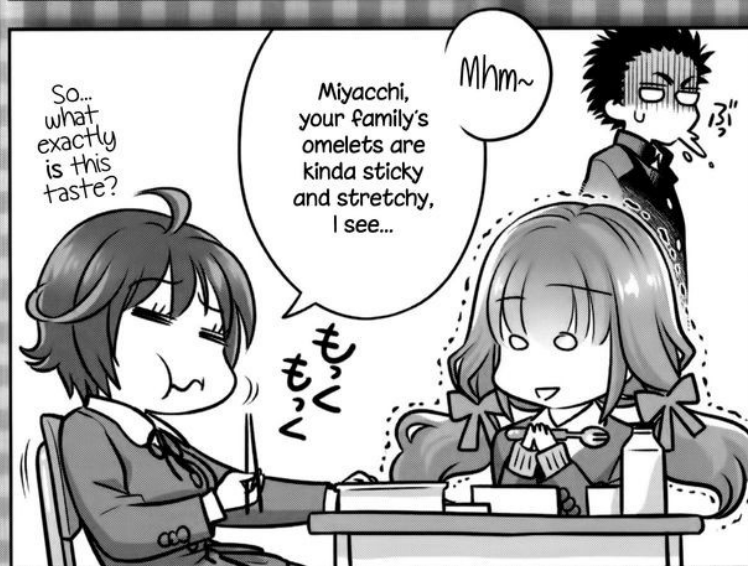

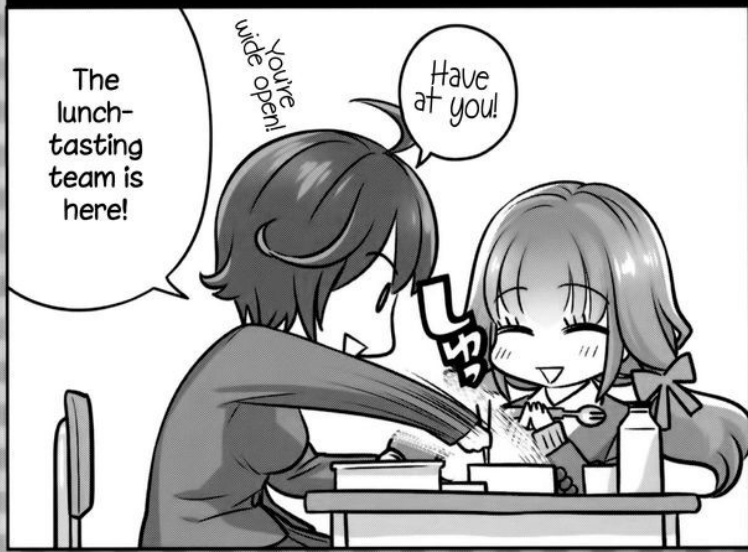

I'd never  
ask for  
any!

...I won't  
let you  
eat them,  
though.

## LUNCH BREAK

## Afterword

Hello, Ootsuka Mahiro here. I'm constantly a few ages behind the rest of society when it comes booms, and this time it's "non-human characters" and "food jokes". I wanted to include these things in something I made, so after trying this and that, I ended up with this book.

Only after finishing did I realize "that non-humans" and "food" are their own subjects, and one shouldn't carelessly mix them...

And that's it for the afterword. Thank you for reading this to the end!
