### Tsukika-chan

A maid who works in the neighborhood mansion (JK).  
In front of her master she is impeccable and keeps up a sweet demeanor.  
However, once she has her heart set on something, she becomes single-mindedly  
focused on achieving her goal through any means possible.  
Her breasts are normal sized.

### Master

This is you.

The son of some important person or other, and a university student.  
Just an average good guy without any dark secrets in particular.  
Including the other maids, the people surrounding him tend to be either old farts, bigwigs or both.  
So, having the similarly-aged Tsukika around is a welcome relief.

## ● Q&A with Tsukika-chan ●

Q1: How long have you liked your Master?

A1: From the very moment I laid eyes upon him on the street.

Q2: Did you know him from before you were a maid?

A2: I thought 'oh my god, who's this cool, handsome guy?' After I found out that he was the son of the owner of the mansion in town, I replied to the part time job advert right away.

Q3: Eh, was it a job?

A3: Yes, for 1500 yen an hour. My full time job is compensated dating.

Q4: Didn't you think that tying your Master up all of a sudden was going to get you fired?

A4: Well, it was only a part-time job, after all... It was kind of like, 'I'll think about it when the time comes.' Plus, I pretty much already knew that Master liked me.

Q5: Eh... You seemed quite surprised, though.

A5: I was just shocked that he saw me masturbating.  
Apart from that, things mostly went according to plan.

Q6: ...Hm? Then what was the big show of embarrassment at the very end?

A6: I just got a burst of inspiration, so everything from there was ad-lib.

Q7: You're so scary~

A7: I did sneak in some questionable things, like 'let's make a baby~' and all.  
But when he said that he wanted to do everything together with me, I felt really happy.

Q8: Then the hole in the condom was... on purpose, of course?

A8: I referenced how my mother used the same method to tie down my father back in the day

Q9: Seems like it runs in the family... Finally, how did your relationship with your Master develop after the end of the story?

A9: Of course, Master is now unable to think about anything other than sex these days.  
Ah, but every time he uses his own condoms, and he threw away all the ones I had.  
Did you know about how you can get pregnant in one shot even with a condom on, though?

Q10: No idea at all. Thank you very much for your time today.

However, it seemed  
that her plan ended  
up failing in the end

Character sketches.  
I had already drawn it in colour  
before, so it was surprisingly easy

The above is just a simple practice pose.  
Below is a picture that is pretty  
representative of the book's actual content.  
Now that I look at it, this probably has the feel  
of a sequel hook.

Her concept was  
'looks proper at a first glance'  
but a no-sleeved maid uniform is  
enough to make it kind of sexy...

I was deliberating over what to  
do, but in the end I decided to go  
with the design anyway.

## ● Afterword ●

I'm weak to certain genres in particular, whether they are ero or just normal manga. The established patterns and logical progression of tropes is like a catharsis to me. Though recently, I get the impression that they're being ridiculed as clichéd templates by some people...

For me, my bias in ero manga would definitely have to be school life and maids. Not just in manga, but in H-games as well. In the maid genre, there are a lot of tastes including SM, vanilla, tragic love stories, or even ones where the entire mansion burns down at the end or something.

Apologies for a bit of digression, but when I was first starting out drawing, I got the feeling that I had a tendency to draw a lot of girls in maid-like clothing. Not just for the cuteness of the costume, but also for the fact that if I mess up with the drawing there's a lot of ways to cover it up. Like how I can just cover the problem areas with the clothes (real talk here).

So this book can be considered a return to my roots. Whether it would actually get completed or not was totally dependent on whether I wanted to go back to the familiarity of my love for maids.

It somehow turned out like this. At first, I wanted to emphasize the gap-moe element of how underneath the proper mask was a mind that thought nothing but perverted things about her Master. Around the time Tsukika started trying to investigate how much 'experience' her master had, the concept started changing and evolving rapidly.

From what I've seen on twitter and the older sites like mixi, a common fantasy for women who like or at least tolerate male-orientated hentai is the 'Is xx actually a VIRGIN?' plotline. A lot of the time, the male lead is a rather worldly and mature character in the original work. It seems that the thought of them actually having no experience is quite a strong moe-point for these women. Of course, the equivalent for male readers would probably be more direct. It's still a bit different from the so-called virgin worshippers, after all.

When I got a 'Eureka!' moment from thinking about some of the memories that left the deepest impressions in me, this ended up being the resulting work. Whether it was a good one or not is going to be left up to the judgment of the readers, I think.

Though I might tackle the maid genre again, next time I want to write a more normal kind of story...

Until we meet again.
