You wanted to see me?
I take a nap during my lunch break.

Sexual Outlet Staff? Uh...

It's a pain in the ass.
Please do as you please.

Hey, you!

If you're going to have sex,
do it in the infirmary!

It can't be helped.
Okinal-san is sleeping now.

Make sure you wear a condom.
It stinks!

I know.

It would be great if she would work hard and not sleep.

I'm wearing a condom, but it still feels really good.

Isn't it exciting, like playing with a toy?

Whew...I ejaculated so much.

I mean, she's actually awake, right?

She's not willing to do it, but her body is really great.

No, she's sleeping.
She's drooling and having a blast.

She's sleeping and dripping love juices
from her pussy. This gap is the best!

Hey! You're not wearing
a condom, are you?

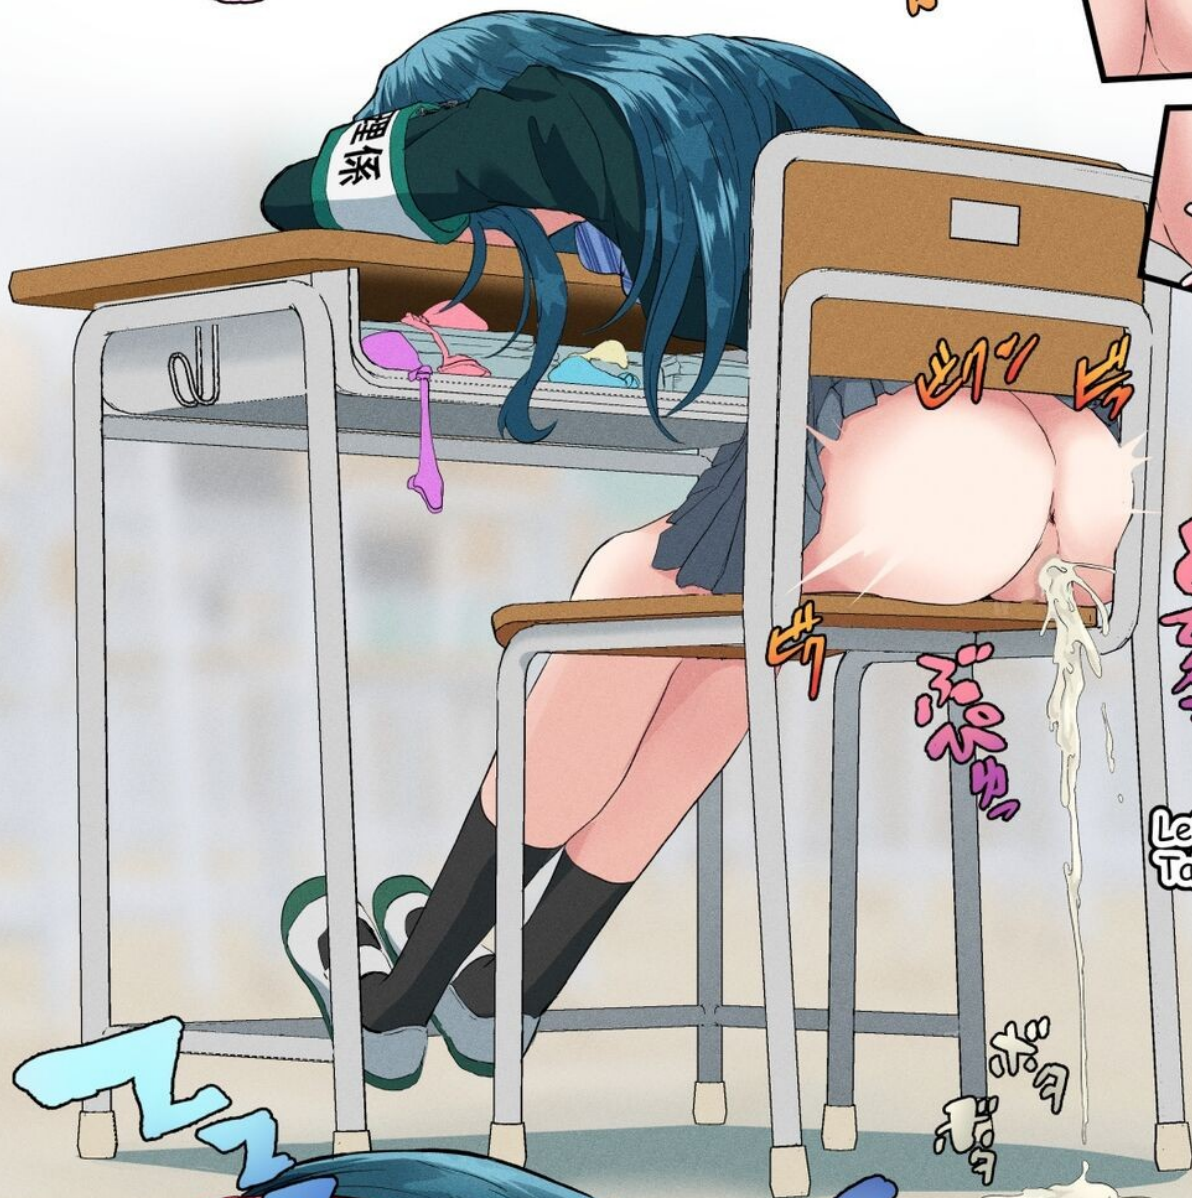

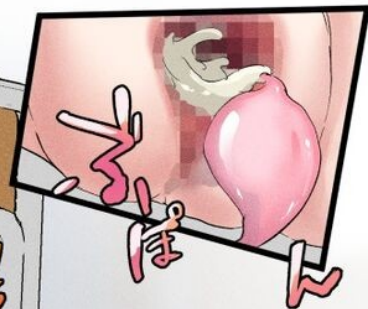

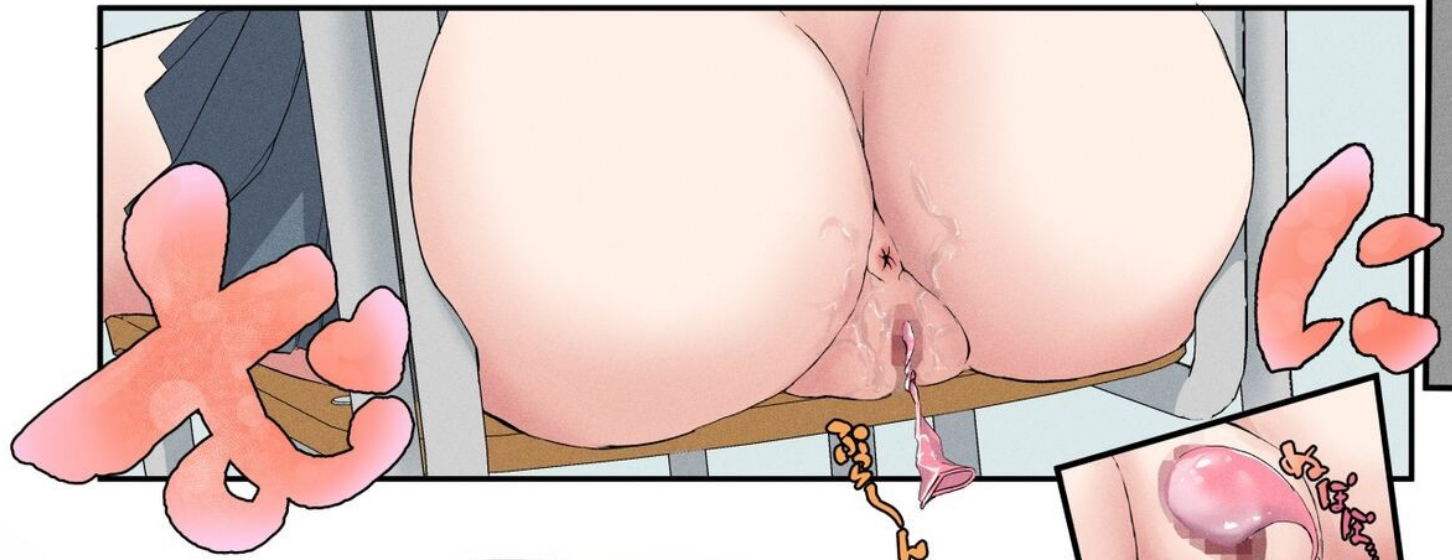

I couldn't resist.

If you pour it all inside her body
without spilling it, it won't matter.

And last but not least,
We fill her pussy hole with a condom.

Uh...That's true, too.

Oh! Lunch break time is over!
Hurry up and pour!

Let the class begin!
Take your seats!

?...What's that smell?
