forward!

Allright,  
let's start  
our medical  
intern test.

Okay  
...

Today I  
have to  
make the  
instructor  
cum!!

# WELCOME 2 TO THE DEMI- HUMAN MEDICAL CENTER!

It needs to be strong enough to impregnate your patient!

Yes!

Hey, move your hips stronger!

Your thrusts are weak!

Yes!

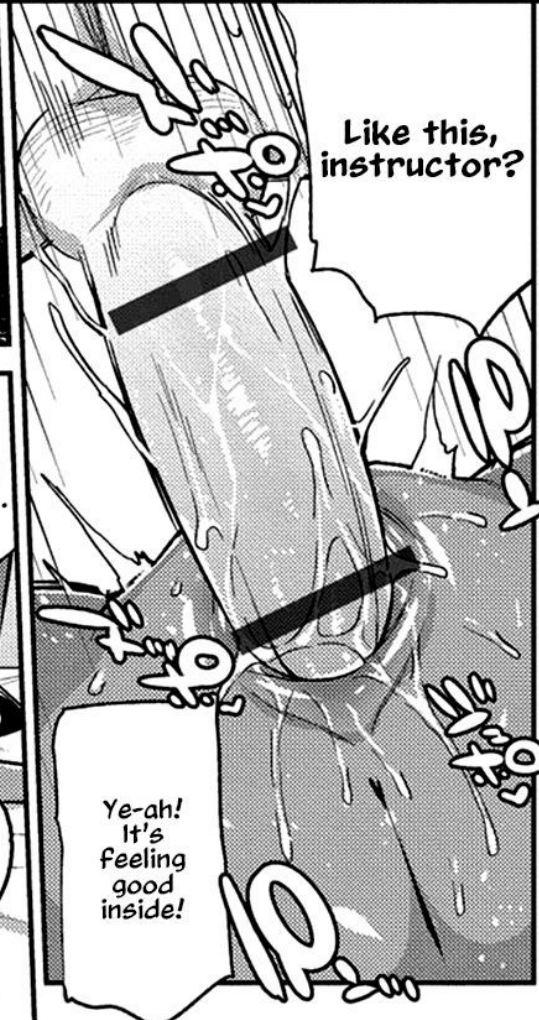

Nope.

Have you ever seen instructor cum?

This guy's really trying to make her cum, huh?

She squeezes everyone out in around ten seconds.

Like this, instructor?

Ye-ah! It's feeling good inside!

With resolve like that, you should show your partner your best.

I will make instructor cum today!

You're handling my well-trained pussy nicely...

Weren't you going to make me... cum?

Hey...!  
What happened?

UGH!

Your penis is pulsing so hard...

Looks like you're about to ejaculate.

Ugh!

I'm... cumming!

As a special reward,

No way... I'm at... my limit!!

you can cum inside me.

Y... yes!

Well, you tried hard.

This is too much responsibility, instructor!!!

Please appoint her to another doctor...

You're my only option here, the rest are all busy.

No way !!

A student of a private school for nobility?

Saionji Lisa, daughter of a famous politician.

This morning her mating season kicked in, so she was suddenly brought to this hospital.

She's a demon!

do your best!

Well, your first job might also end up being your last, so...

I'm telling you this from how you performed on your test.

A patient is just a patient. Do as you always do, and you won't have a problem.

Instructor...

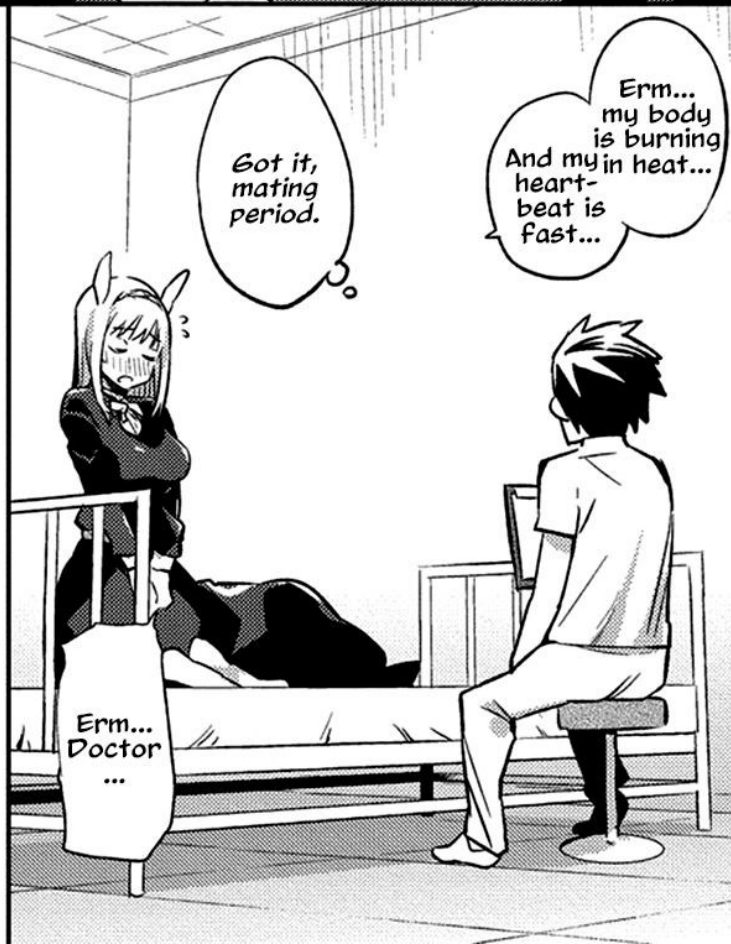

I'm coming in...!

I must be confident! My mark of maturity!

Man, this is a burden... No...

So... this room?

All my clothes?

Eh...

No... No way ...

Really?!

You'll be fine. Just a short treatment and you'll be going home before the day is over.

Yup.

Now... please take all of your clothes.

Yes!

Is that why no one told me about it and brought me into this cellar...!?

Am I... going to die?!?

She doesn't know about mating periods, the hell is she even learning at school?

HA?!?

Yes, as I thought.

Eh...

Eh?

Hyaaa?!?

Let's take a look.

Treating this immediately would be best.

Your genitals are secreting lots of fluid.

No way... I... I understand...

Wha-  
wha-  
what  
are you  
doing?!?

Ah... why, my heart is even more...  
♥

But if it's for medical reasons, I guess it can't be helped...

My father forbid me from showing anyone my body...

How could that happen if she has periods!?

And has this poor girl never fallen in love as well...?

I'm gonna touch you now ...

I should start the procedure slowly and gently...

But wow, her chest is really ...!

Eh... umm... ok...

But does it feel different now?

Please stop, doctor! My heart-beat is even-!

Differ-? Hm...

Th... that feels a little good... I think... ♡

And it... was like my head went blank... ♡

Now, please turn your butt towards me!

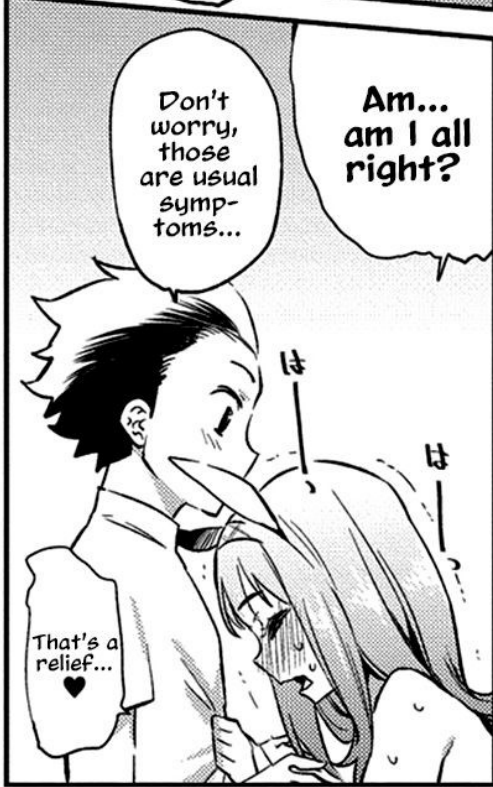

Ye... yes... ♡

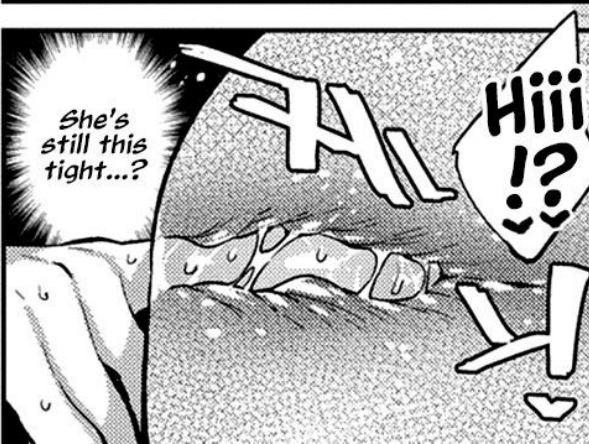

Good... she's a bit more relaxed.

Don't worry, those are usual symptoms...

Am... am I all right?

That's a relief... ♡

He's the strongest man at our entire clinic.

No need to worry ...

Training session

That's a big problem!!! She's the daughter of a famous politician!

What of it?

The recent patient... you actually left her to an intern!?

Anything goes wrong - we lose our heads!

Eh?

Is that so? My apologies!

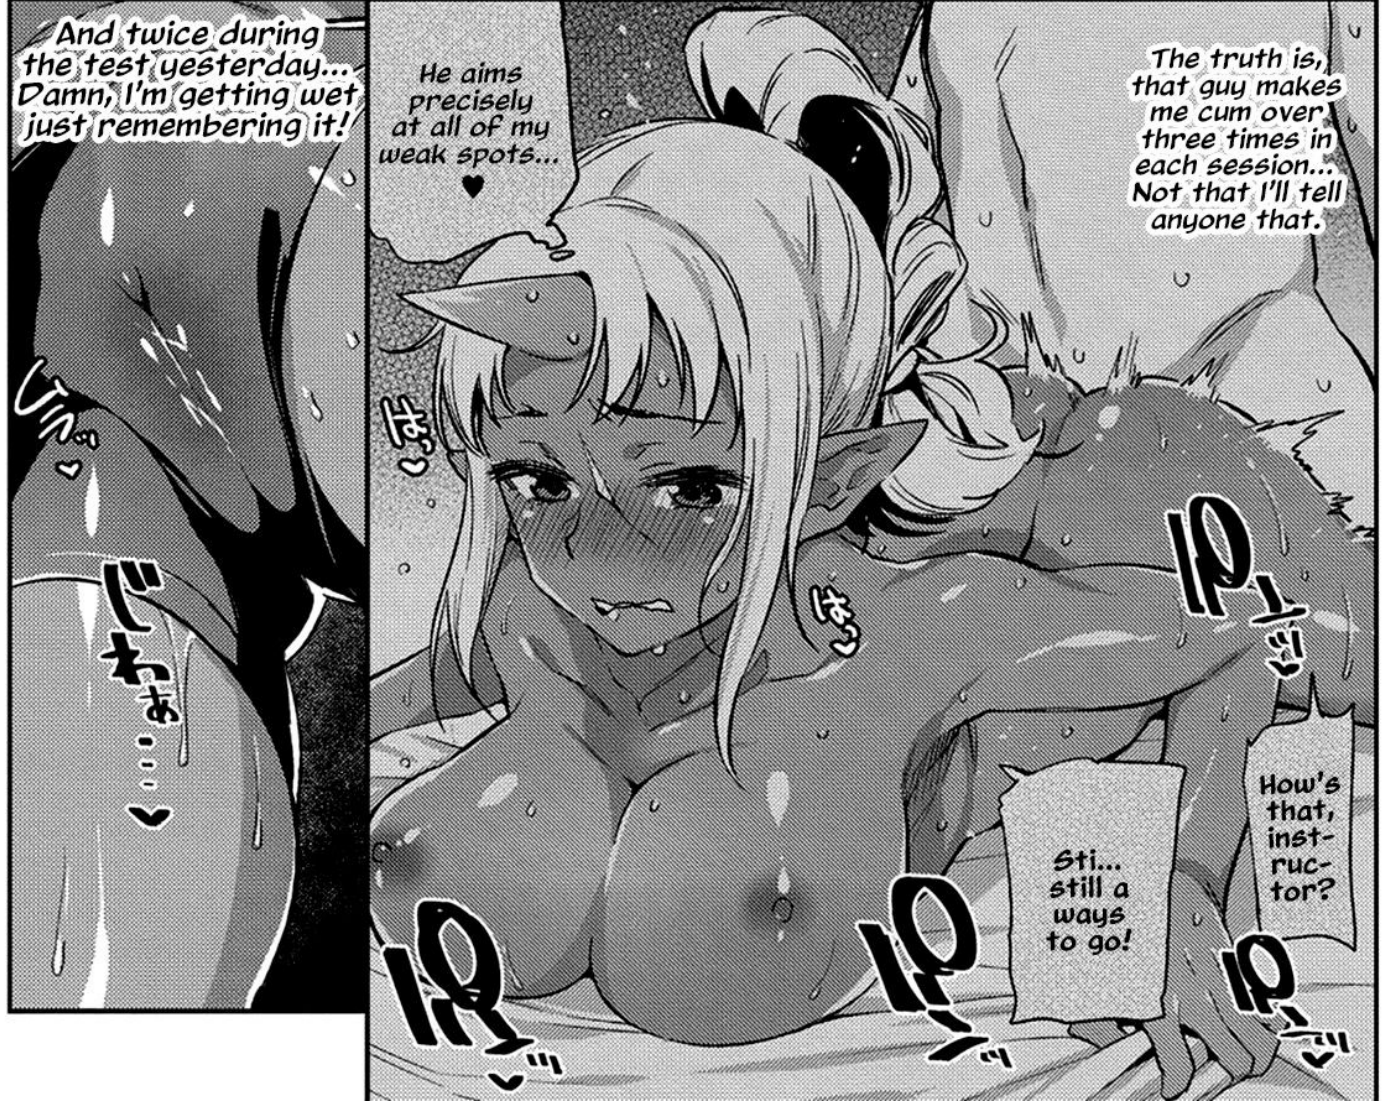

I'm gonna quit...

I'm done ...!

And twice during the test yesterday... Damn, I'm getting wet just remembering it!

He aims precisely at all of my weak spots... ♡

The truth is, that guy makes me cum over three times in each session... Not that I'll tell anyone that.

Sti... still a ways to go!

How's that, instructor?

As I thought, since it's your first time it probably hurt...

Hmm...?

Ah Ah

Way too good... ♡

That was... ♡

Did she just cum?

Yep! I want some more! ♡

I want you... to pound me harder! ♡

But you're still not satisfied, are you?

Alright! I'll go at it harder now!

...so strong!  
So good!  
♥

Ah  
Your thrusts are...!  
♥

My head's going blank...  
♥

That's bad-!  
♥

Ha!  
♥

So you came again.

Okay... one more round!

No... wait...  
♥

And my mind's melting away~!  
♥

I'm gonna... die...!

No... way...!

...that you're still in the middle of your treatment, Saionji-san!

Ha...

What's important is...

Hyaaaa!

You might say that, but your body still wants more.

You hadn't enough of it, have you?

Should I stop...? No... doing it just once during her mating period won't sate her lust!

I need to be ruthless and make her cum until she faints!

I do want your penis, doctor!

I... want...

Ok, Saionji-san, if you want more,

Say it aloud!

Ah

Well done!

This is... great!

I've never felt this good before!

It's going so deep!

You should feel it best like...

THIS!

Let's do it the proper way for a centaur!

Ha

Ha

Ha

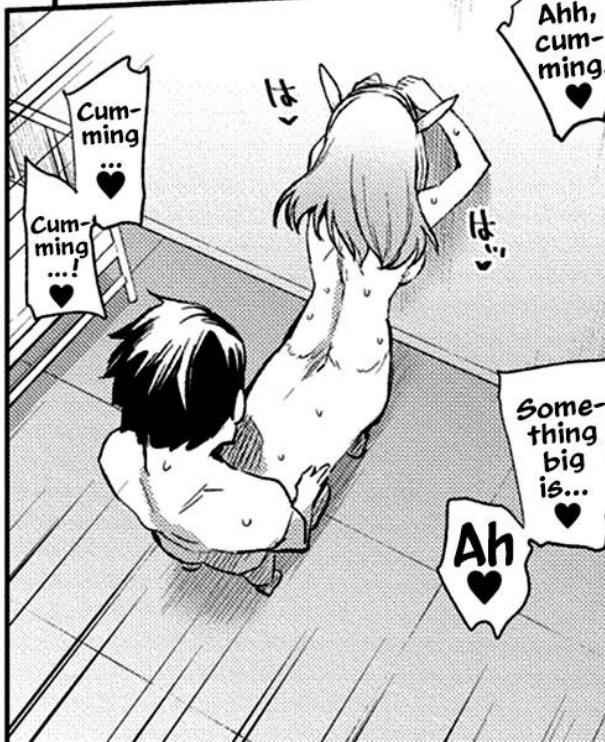

It's fine to fall to your base instincts...

Let's cum together for this last round!

I... I can't...!

Cumming

Cumming...!

Ahh, cumming!

Something big is...

Ah

Can't think anymore!..

**C  
LIM  
MING**

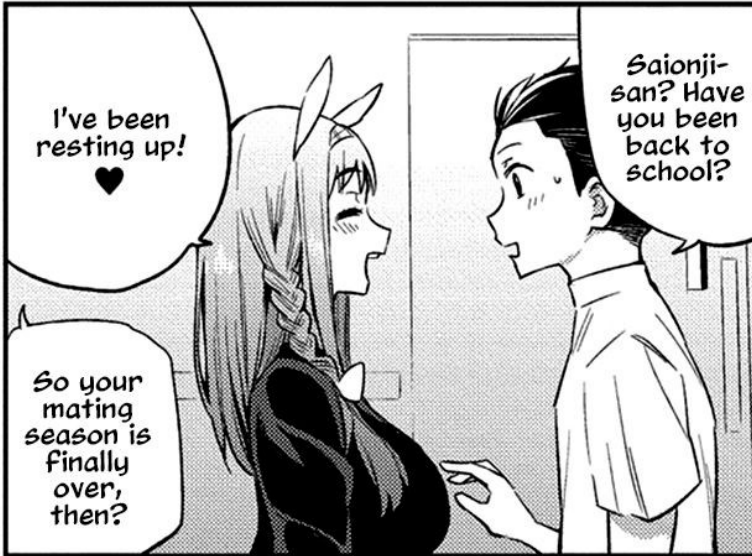

Ah ♡  
It's leaking  
deep  
inside  
me...!

It's  
melting  
my  
belly  
...!

One week later

Instructor, she is...

Let me call another doctor for you...

Sorry, I've scheduled a special training with him.

Hm?

Is that so...? I'll come back later then...

Crap...! I wanted to abuse my authority to use him for the usual training bullshit... But doing it now might cost me my head!

Oh, wait a second!

You'll need some threesome experience, anyway.

Is it really OK, instructor?

May I? Of course! ♡

Milady, would you like to take part in our training session?

This is the demi-human medical center...

O, man... this job isn't always easy!

Make the world a better place by having sex with monster girls!

It's just because of my job!

Wha-Of course not!

Are you going out with someone?

Sis, your skin's become so nice recently...
