## Epílogo

¡Muchas gracias por comprar este libro!

Para complementar un poco más la historia...

El padre de Jeanne es un centauro y su madre humana. En esta región, donde centauros y humanos han luchado durante años, la unión de los padres de Jeanne, que a su vez eran los hijos de los líderes de cada raza, hizo posible la coexistencia de ambas partes.

Sin embargo, Ishida I quien tenía planeado casarse con la madre de Jeanne, decide robarle el estatus y la mujer al señor feudal para incrementar su resentimiento...

Es así que reúne a los humanos que no querían convivir con los centauros y piensan en muchos tipos de conspiraciones para revivir el viejo conflicto entre ambas partes, iniciando una rebelión para usurpar el puesto del señor feudal y desterrar a los centauros que eran inferiores en número...

Aquellos fueron los antecedentes relacionados al manga de esta ocasión.

Haa~...

Aun así fue difícil dibujar a una centauro teniendo sexo...

Hosaka Yuuichi

Thank you very much for buying this book!

To complement a little more history ...

Jeanne's father is a centaur and his human mother

In this region where centaurs or humans have fought for years, the union of Jeanne's parents, who in turn were the children of the leaders of each race, made possible the coexistence of both parties

However, he is planning to marry Jeanne's mother, decides to steal the status and the wife to the feudal lord to increase his resentment.

It is thus that it brings together the humans who did not want to live with the centaurs and think of different kinds of conspiracies to revive the old conflict between the two parties, initiating a rebellion to usurp the post of the dear denor and banish the centaurs who were inferior in number.

Those were the antecedents related to the sleeve of this occasion

Haha

Even though it was difficult to draw a centaur having sex
