

平凡な日常に反する
愛しき女性の身体——

Isn't
it
nice?

Fu
fuh.

...What's
up with
that,
Ema?

Good
morning.

Morning,

Hansen-
sensei.

The old days...

Wah-
So rude.

Yeah... Compared to back then, don't you think it doesn't suit you so well anymore?

Oh my, doesn't it remind you of the old days when I wear this again?

Wearing your high school uniform? What's the occasion?

U...
um...

Would you go out with me...?

Sensei...
Would you...

It's been years since that,

but I still remember it as if it happened yesterday...

Just wondering if we could do something this evening. ♡

By the way, will you come back late today?

Hm?

Is there something you wanna do?

Not really...

I wasn't planning anything special, but...

Eh...

You're so cold...

I'm coming back home late today.

...

you don't
like me
like this,
after all?

Is it
that...

...Even if
it was
for a
little
bit...

I wanted to
relive the
memories
of the time
we spent
together in...

Ema.

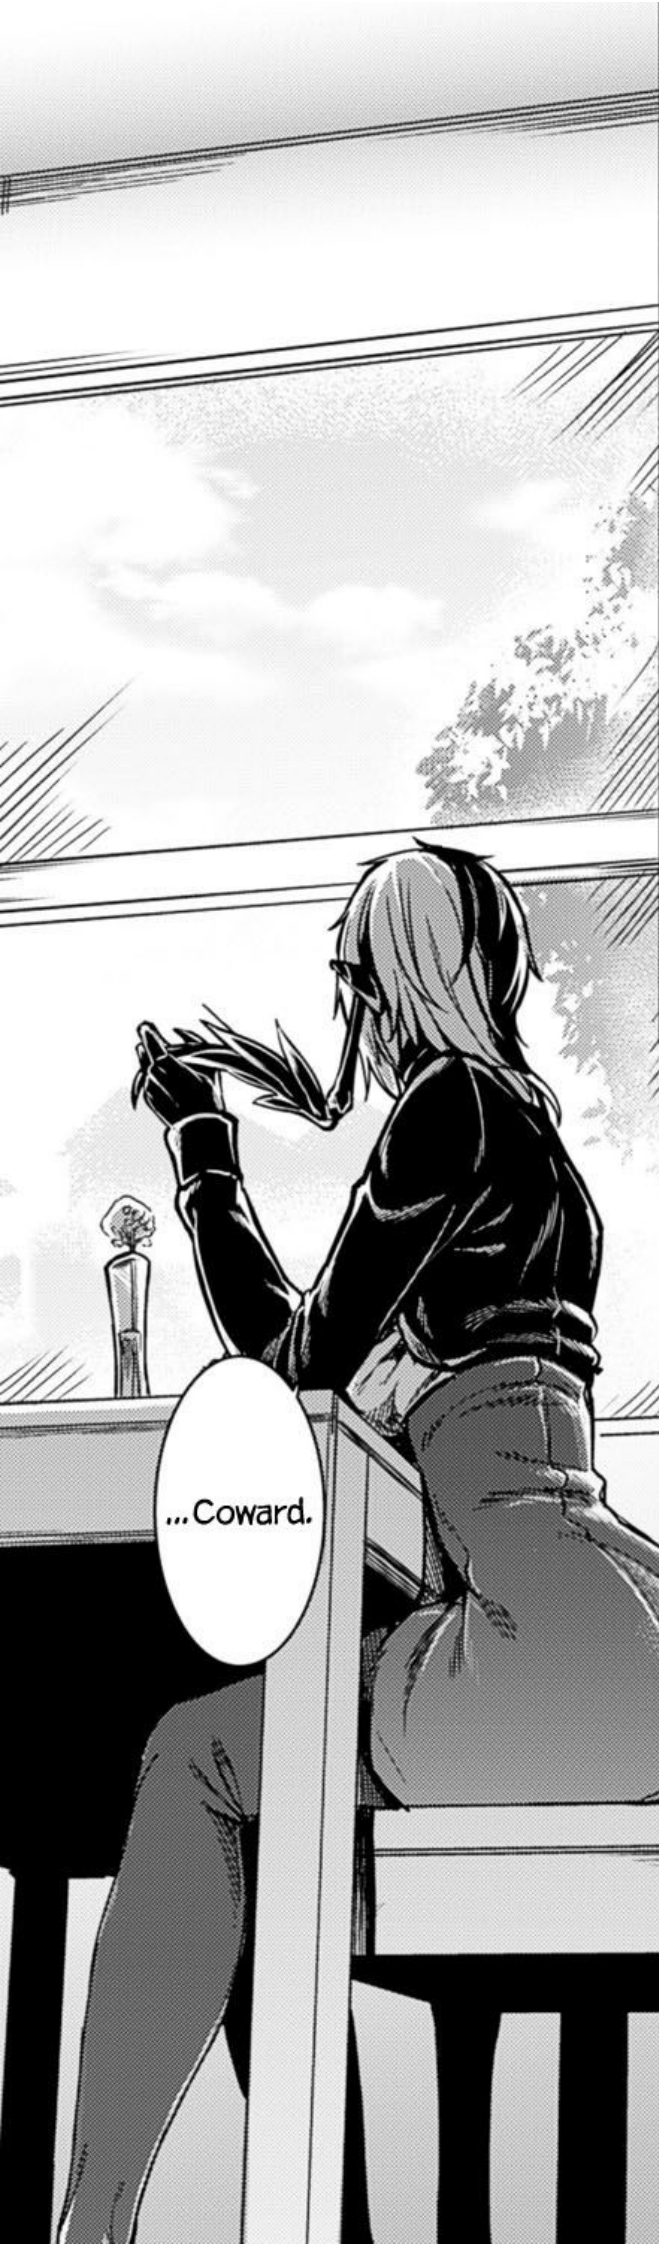

! ...Daryl?

The
words of
concern
won't
even
come out
of my
mouth...

I
understand
the truth
in my mind,
but I still
can't
accept it.

...Coward.

... Sorry.

I'm going to work.

Okay... take care.

...I'm back.

Insect transformation... disease?

Besides the spontaneous difficulty in breathing, the worst part is that there's the risk of triggering immunological disorders and other diseases.

The body gradually becomes covered by an exoskeleton, like an insect's.

...!

It can't be...

We haven't found a cure for this illness yet.

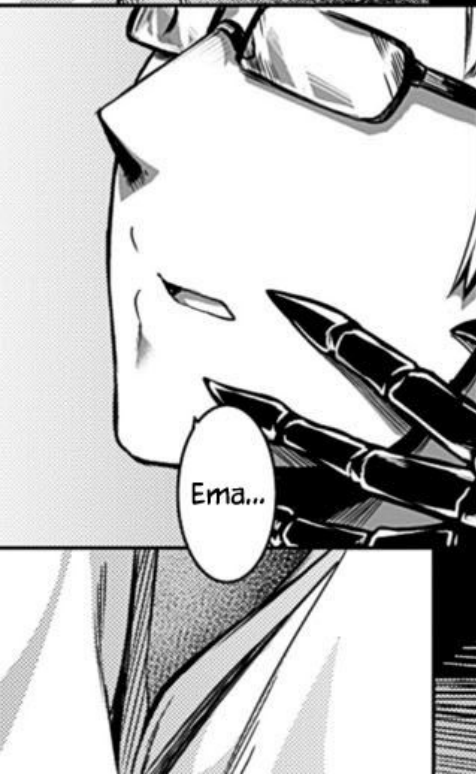

I tried to act as if I didn't care to take her mind off her condition.

Ema had just graduated and we had started living together at the time...

But,
you
know...

I really hate
thinking
that I can't
touch you
anymore...

Ema...

You're a
coward,
after all.

What
I was
talking
about
earlier
frightened
you,
didn't it?

...Hey,
Daryl.

It's your fault that I became a coward too.

Fu fuh.

The truth is, you're actually more anxious and worried about this than I am...

There's no way I wouldn't know.

All my anxiety up to this point feels so pointless now.

Just touching her makes me feel at peace.

W...
what
is
this...?

Ye...
yes.

I wonder,
does it
feel
good...?

It's
wrapping
around me
like soft
and warm
gum, this
feeling is...

That
glossy
wing
doesn't
look
like it
belongs
to her
at all,
but...

With her
aggres-
siveness
and this
unknown
pleasure,
all my
worries
are gone
in a
single
stroke.

I'm putting it in...

Okay...

If it is from her loved one, anything is precious, huh...?

!!

LO

I guess she's just being sarcastic as usual.

Ha
ha.

I'll take
responsi-
bility.

Of
course
you
will.

!...
Geez.

I
came
first...

It's your
fault
that I'm
becoming
weird
now...

When she's this close to me, I realize she hasn't changed at all.

In truth, I might have been the only one that changed.

Touch me more... ♡

More...

...
Cum-
ming!

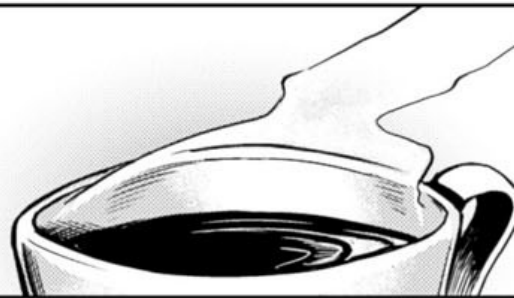

Why,
of
course.

go on
for a
little
while
longer,
yes?

...You
can
still...

Fu
fuh.

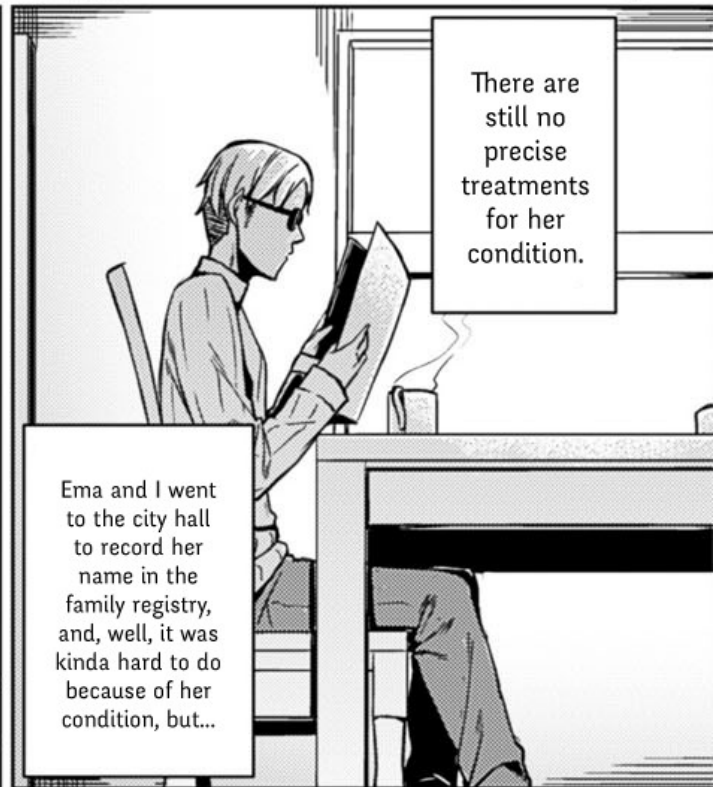

It's
been
one
year
since
then.

If you're
wondering
why...

Morning,
Daryl.

There are
still no
precise
treatments
for her
condition.

Ema and I went
to the city hall
to record her
name in the
family registry,
and, well, it was
kinda hard to do
because of her
condition, but...

I can make breakfast at the very least, y'know?

The progression of her condition has been halted.

In addition to her condition improving, she cried tears of happiness when she heard that she's going to have our child.

The doctor said the pregnancy triggered some kind of effect in her body.

I can't let a pregnant woman work too hard, can I?

Good morning, Ema.

I can do that much even if I'm pregnant.

You're just a worrywart as usual.

...Alright then, shall I count on you from now on...

Haha, don't tell me you don't like it.

Dear husband?
