This is the DL of "MromantikX" that was published on 04.05.2008 in (Zettai Ryōiki x Ashipitaa!!). Because of some revisions, the area around their private parts has changed a little but not the story itself. I hope you enjoy this work.

The Afterword that was published at that time (partly revised edition).

Hello, everyone, I'm Fukunotsukuribe of 30Neko. Well- What should I say, this Mromantic series finally reached its 10th publication (11 titles). I am deeply grateful for all the support you have given me. I will work even harder from now on and hope for your continuous support and patronage.

Now then, what do the foot-lovers (Tsukuribe-san; Meruide; Honmani) think about this work? How was it? It seems like he worked really hard since the beginning. He worked really hard. I wonder if I should have split up the page after she gave him the first footjob finisher. In my opinion, I did a pretty good job in that scene. Until now, we've had a different and special way of presenting scenes with a footjob finisher. I wanted to draw a scene with his thick cum after he ejaculated. That's pretty erotic, isn't it? To tell you the truth, I wanted to draw more than I did in this work, but scenes that were rejected and had to be redrawn accumulated faster than I expected. (I kinda regret the Beta-scene of the beginning and the missing balls, for example.) These are the things I want to improve on in my next work. And.. after this, I added a little exemplary scene I wanted to draw. This time, I wanted to try a silent one. No dialogue was included. Please remember that everyone. There's no dialogue on purpose. It's not because we were lazy or some pages were missing, please understand this beforehand.

For the last part, I will write the same afterword as always. Dear masochists and those who aren't, I hope for your continuous support of Studio30NEKO.
