With no relatives to rely on for my daughter and me, from that day on, our household became just the two of us.

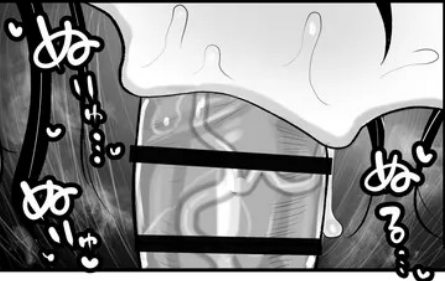

It seems she'd grown utterly exhausted raising my daughter (whose name is Kotoha), who was born with a mental disability.

One morning I woke up, and my wife was gone.

koto
Good morning.

I faced many hardships, but after doing everything a single father could manage...

Hmm...
Is it morning already?

Several years have passed since then...

well, look at her now. I've successfully raised her into a splendid sex toy.

Today, I'll share just a little bit of our daily life.

Good morning.
Papa♥

Your cock is full of energy again today, isn't it?♥

Come on, hurry up and eat your breakfast. I have a work meeting first thing today.

Her loungewear depends on my mood that day.

I basically stay naked all the time so we can mate anytime.

After she wakes me up with a blowjob and milks my thick morning cum, we change into loungewear and have a simple breakfast.

I'm sorry...♥
I'll eat right away...♥

After my daughter and started living alone, I switched to a job I could do entirely remotely.

Since Kotoha doesn't go to school either, I can ejaculate whenever I want all day long.

※Due to excessive female hormone secretion from sexual intercourse since childhood, despite her below-average height for her age (●1), she developed breasts significantly larger than the average adult woman.

Huh?
Do you hear static?

Ah~ Sorry
My pet is playing under the desk...

...Yeah, that's right
Cow... no, dog.
It's annoying how it keeps licking me even while I'm working lol

Cough cough
Ugh, Papa
Stop smoking when
we're having sex~
It's smoky!

Break
time...

Huh?
Fine, fine.
If you can make
me come in the
next thirty
seconds, I'll put
it out.

And if I
succeed, I want
dessert as a
reward!

Yeah, yeah.
Alright, if you
succeed, you
can have the
pudding in the
fridge.

My real daughter's
serious pounding
piston action
combined with nipple
torture feels way
too good...♥
Ah, I'm coming, I'm
coming, I'm coming

Guhhh...♥
Where did you
learn such
tactics...

Really?
Then I'm going
all out ♥

Kotoha struggles with reading, writing, math, and various other things, but thanks to my patient teaching, she's at least become average at cooking.

Ah, Papa
Finished
work?
Dinner'll be
ready soon,
just wait a
sec

Mmm...♥
No way,
not now.

Come on, come
on.
I just need to
borrow your
pussy for a bit,
what's the big
deal?

Hey, hey!
If you don't
watch carefully,
the food'll burn
up!♥

Ah~ I'm
cumming...
My work-weary
cock, milked dry
by my real
daughter's pussy
flesh...♥

Tonight's dinner:
Slightly burnt hamburger steak
※Kotoha's portion comes with a cum
topping♥

Of course,
we take
baths
together
every day
too.

Hehe♥
Let me wash
your back for
you♥

Anywhere
itchy? ♥

Hmm... Please
wash the
underside a bit
more thoroughly.

In return, I'll
wash inside
Koto's vagina
too♥

Koto
Should we get
out of the
bath soon?

This has quite a
bit of buildup~
We have to wash
deep inside
thoroughly.

Koto?
Hey...
Oh dear
Did you get
overheated?

No good...
Guess I have no
choice.
Just this once,
Papa will brush
them for you.

Koto~ wake up~
If you go to bed
without brushing, the
cavity-causing
bacteria will build a
cavity-building
complex in your
mouth~

I really don't want
to go out, so I make
sure to brush her
teeth every day to
avoid needing to
see the doctor...
but

Right...
Chew it
well~

Yes.
You swallowed
it nicely♥
Good girl, good
girl♥

Huh... Papa?
Is it morning
already?

Oh, you
finally woke
up.
It's still
nighttime.

I'm done
brushing,
open your
mouth.

Back in the day, two or three times was enough, but maybe with her body growing, lately she won't sleep unless I make her come six or seven times.

Kotoha has trouble falling asleep, so when she goes to bed, we have sex until she passes out.

My stamina's been dropping year by year with age, so it's tough, but this is also one of a father's important jobs.

Papaaah♥
Kiss me♥
Kiss me while
I cum inside you♥

Got it, got it.
Ah~ Shooting my
bedtime cum into
her kid's pussy as
her body
temperature rises
before sleep...♥

To avoid
hindering her
sexual
development,
she goes to
bed by 9 PM.

Phew...
Finally asleep...

Oh. Tomorrow's
burnable trash
day.
Wonder if I have
any small trash
bags left...

This is just
another
ordinary day in
our household.

By the way, lately I've
been looking for single
dad friends in similar
situations to expand
Kotoha's emotional
education and play
range.
