Can't I?

Emma,  
I wish you  
wouldn't call  
me that.

Good  
morning.

Morn-

So long ago...

Wow, how cold.

Hmm, I guess you could say it just doesn't suit you like it once did so long ago?

Does seeing me wear it make you feel nostalgic?

Why the school uniform all of a sudden?

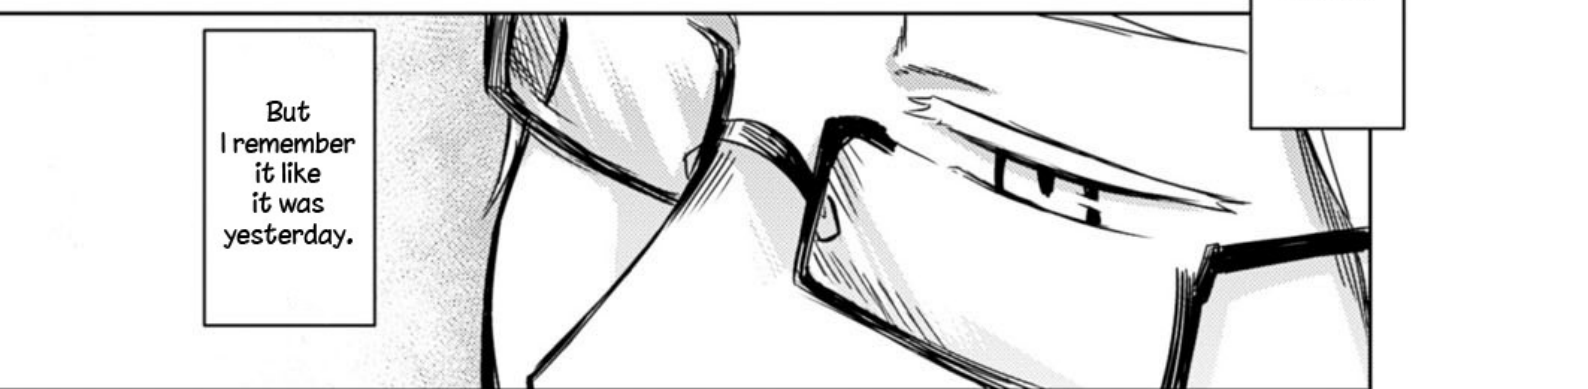

U-um...

Sensei, please...

Please go out with me...

It happened so many years ago now

But I remember it like it was yesterday.

But I was thinking maybe tonight we could... You know.

...!

By the way, what time will you be coming home today?

Hm?

Why are you asking?

I don't have

any particular reason really...

Wha!

That's just cruel!

I'll be late coming home today.

...

This disgusts you?

Or is it because ...

With the time I have left,

I wanted to reflect on the memories of the time we spent together and...

Emma.

!

Darrell?

And I can't even utter a single word of concern for her.

Logically, I get it. But that doesn't mean I can accept it.

Logically, I get it. But that doesn't mean I can accept it.

...Coward.

Sorry ...  
I have to go to work.

Okay...  
Have a safe trip.

I'm home...

She's turning into... an insect?

She may find it difficult to self-regulate her breathing, and she's also at risk for developing an immune disorder.

Correct. Her body is gradually being covered in an exo-skeleton.

No, it can't be...

I'm afraid there is no cure.

She pretended as though her illness didn't bother her at all. And as I played along with her, I started to forget that it was just that, an act.

At the time, shortly after Emma's graduation, we had just started living together.

But what bothers me more...

Is the fact that you won't even touch me.

Emma ...

You got scared when you started thinking about the future, didn't you?

You really are a coward.

...!

Darrell...

You've made me into a coward too.

Fufu...

You were even more anxious, even more concerned than I was...

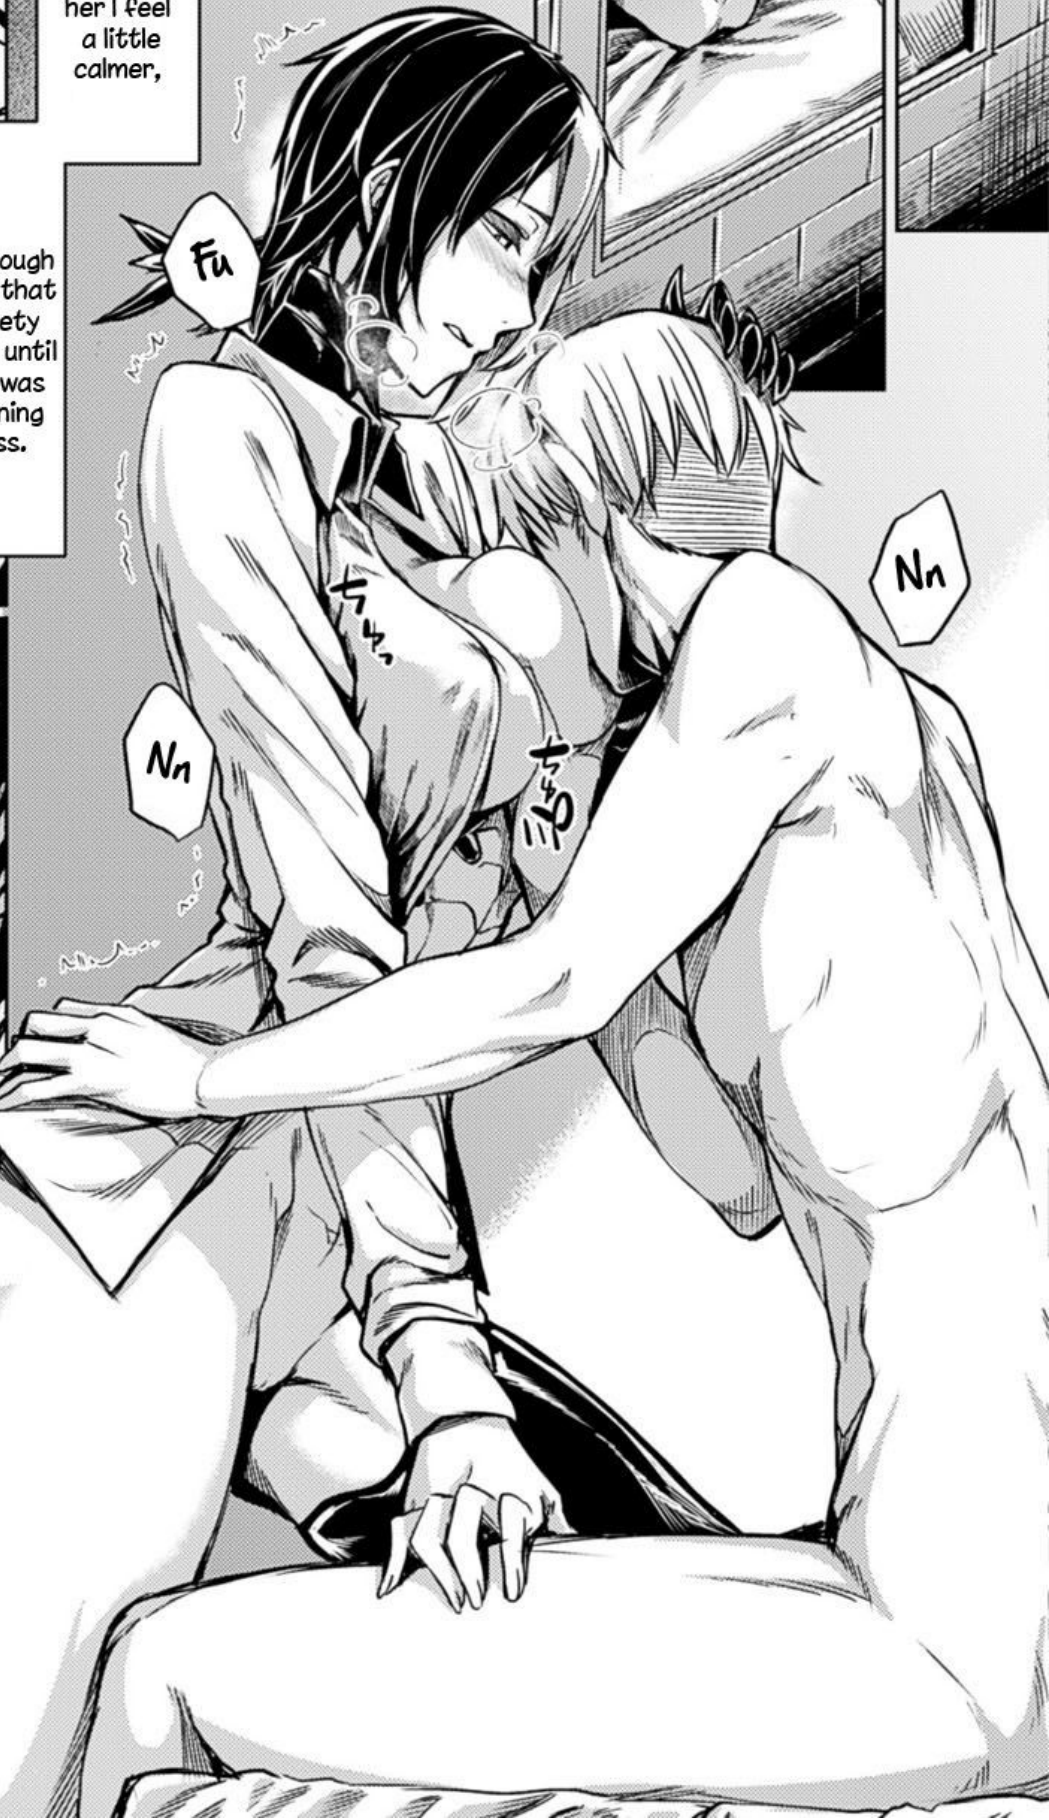

The truth is you were worried about it too...

Every time I touch her I feel a little calmer,

as though all of that anxiety I felt until now was meaning-less.

!  
A wing...

わっ  
わっ

You mean it?

No, I think it's cute.

Does it disgust you?

In that case...  
I'll show you something interesting.

わっ

Does it feel good...?

What... is this...  
Y-yeah ...

The way it wraps around me, it's so soft and smooth...

I know that the presence of this wing must be troubling to her...

But her assertiveness and this strange sense of pleasure has erased all traces of my anxiety.

Sh... sh...

A... A... A...

Sh... sh...

Sh... sh...

Sh... sh...

Sh... sh...

Okay...

I'm putting it in.

If it comes from the person you love then it's dear to you, huh?

!!

That's probably just her sarcasm again.

Nn...

Nn

Ngh

She suddenly tightened up...

That means ...

はあ...

はあ...

Haha,

I'll take respons-  
-ibility then.

I wouldn't  
accept any  
less.

Aww..

You made  
me cum  
first...

This is  
your fault,  
you know...

Seeing her up close like this, I knew it wasn't her that had changed.

The one who had truly changed... was most likely me.

Right there...

More...

Touch me...

More...

More...

More...

More...

I'm cumming!

Ah

Oh

Ah

Of course I can.

You can keep going, right?  
To make up for lost time.

Fufu

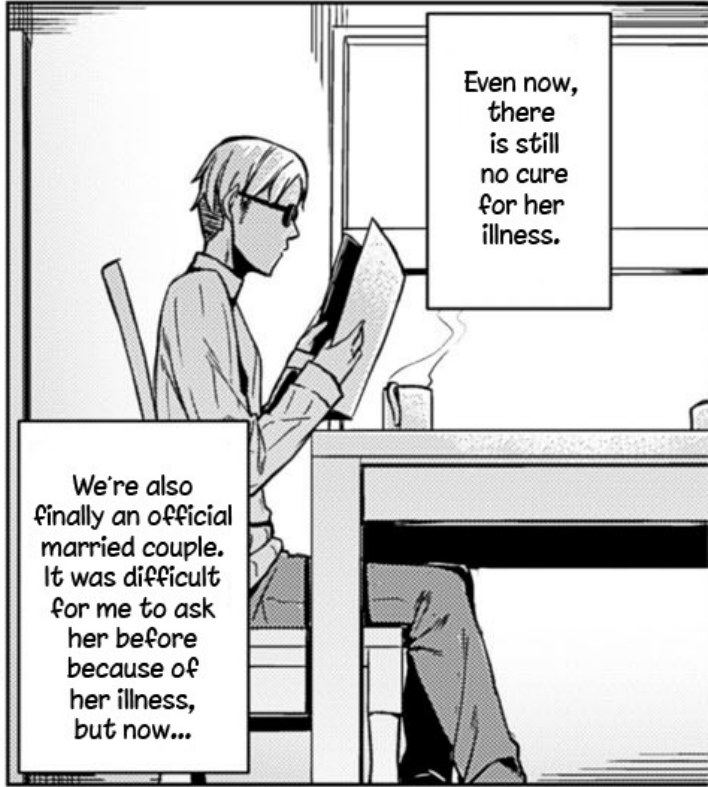

It's been a year since then.

Things have changed because ...

Morning, Darrell.

Even now, there is still no cure for her illness.

We're also finally an official married couple. It was difficult for me to ask her before because of her illness, but now...

I told you that I could at least make you breakfast...

The progression of her illness has come to a halt.

She's getting better, and we're having a baby! I cried out with joy when I heard.

According to the doctor, we have her pregnancy to thank for that.

Good morning, Emma.

No need to push yourself when you're pregnant.

I can still make breakfast though.

Honestly, you're such a worrywart.

Well, I hope you'll continue to take good care of me then,

Haha, come on, you could just say I'm looking out for you.

My husband.  
♥
