Miss Chion's not only about the ass!

Afterword

Chion's the best!

That's what I was thinking, which is why I couldn't help but make an entire book about her ass.

I've just taken all the attention she usually gets for her boobs, and moved it to her behind...that's how you may see it.

I'm sorry, I guess...

I love Fujiyama, but I also love Chion!!

I love ass and breasts!!

I love you, Kitten-chan!
