They are my childhood friends who live in the neighboring houses. They used to be nice girls, but people started talking about them when they became high school students.

Hey, cherry boy! Did you jerk off?

Oh! Good morning, Tomo-kun

Even though we didn't talk often, recently we've been going to school together. I felt happy and embarrassed...

Nagisa Kanane

Orihime Seika

Huh? Isn't Tomo-kun too innocent?

He still hasn't noticed. What do we do, Seika?

We'll fuck every day

I can't hold back  
Let's eat him

Now they are craving sex.

Both of them were dumped.
