Eventually, she entered high school. She dazzles brightly now, and I really look up to her.

I've loved Yatsume-onee-chan ever since I was very little. She's both beautiful and very kind.

The Kaburagi family that lives next door to us includes an onee-chan that's 3 years older than I am.

That unfathomable remark is where it all began...

Onee-chan's "Special training to turn me into a girl worth loving."

Mizusawa Kakeru (Male)

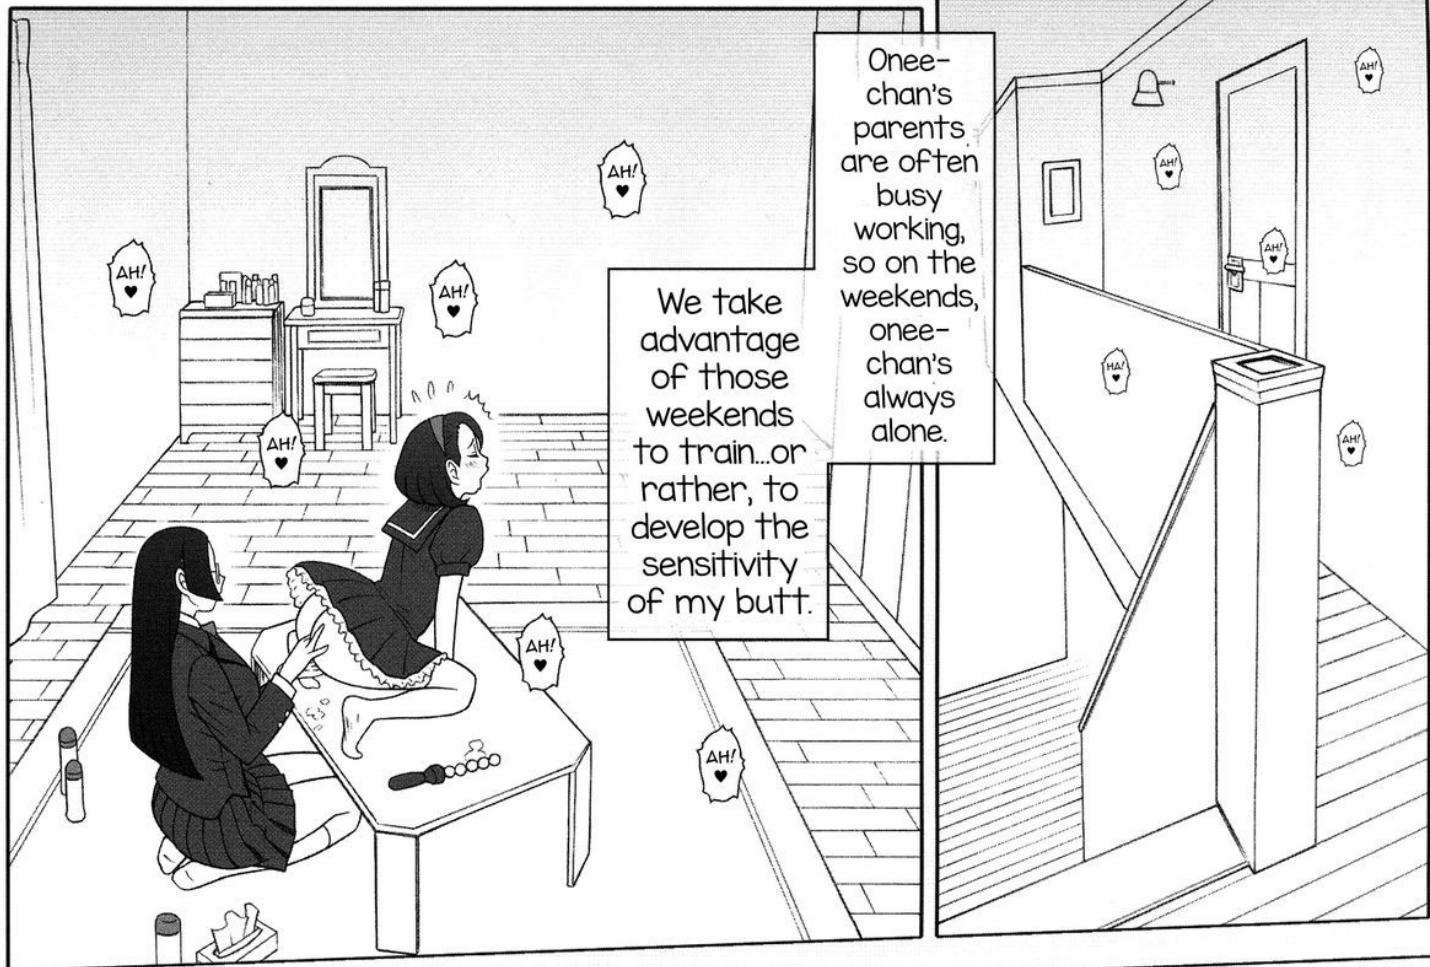

Then, one day, I told her "I want to be like you, onee-chan!"

FIRST, YOU'LL HAVE TO BECOME A GIRL, THEN.

OH MY GOODNESS!

Kaburagi Yatsume (Female)

Onee-chan's parents are often busy working, so on the weekends, onee-chan's always alone.

We take advantage of those weekends to train...or rather, to develop the sensitivity of my butt.

IT'S A SOFT, SUPPLE, WARM BUTT-PUSSY! ♥

AAAH! JEEZ! I DON'T HAVE THE PATIENCE TO KEEP WAITING! ♥

Even when I'm masturbating at home, I often think about adult men gangbang me hard...using me as they would a girl.

Ever since taking Nanao-san's seed inside of me, I've begun thinking about men's penises very often, and very strongly.

AAAHN! I WANNA HAVE ANAL SEX! I WANT A DICK IN MY BUTT! ♡♡

I also have this feeling that in the very near future, I'll be accepting that lewd intent of theirs, with no problem at all.

THEN THEY FELL OVER, JUST FOR LAUGHS...

OH, REALLY??

YEAH, BUT EVEN ARA-GAKI WAS...

Looking at things from a girl's perspective did teach me some new things, though. One of them being that my friends at school, and even the teacher were looking at me with lewd intent.

Hey 13. here. Sorry for not publishing until the last minute...again. This being my 30th go around, I figured it would be fun to revisit the past, and make something with the setting being the high school days of Yatsume from my previous work "Kaburagi Yatsume no Jousou Kyouiku." My first setting, "Onee x Shota" didn't leave the impact I wanted, so I added an extra dick in there, and here we are (lol). At first, I was super into drawing this and stuff, but once I'd already gotten quite far through it, and couldn't change much, I realized how this could go very wrong. First of all, for trap lovers, wouldn't Yatsume-san be unnecessary? If you like shota, the doesn't Kakeru-kun look too much like a girl, rather than a crossdressing BOY? And above all else, would vanilla perverts just see this as a fag book? ...Wew, lad. Is this just a case of "half-assed everything, fully realized nothing"? Well, whatever. I drew it 'cuz I liked it, and wanted to. Yeah. Personally, the allure of traps to me has always been that they're girls who can experience both prostate stimulation and ejaculation. So that's why this kinda seems more like a yuri book than anything else. Even though it's actually dick on dick (lol). Eventually, I'd like to make a book where, in the near future, the amount of females have decreased, and traps have increased to fill that gap, becoming a sort of "3rd Gender." Of course, boys and traps would go to school together in special "Boys' Schools." What do you think? Either way, I'll see you again sometime.
