Now give me your hands.

[OREC]

Raise your butt higher...

All right.

Let's check your asspussy.

It feels surprisingly loose.

AH...

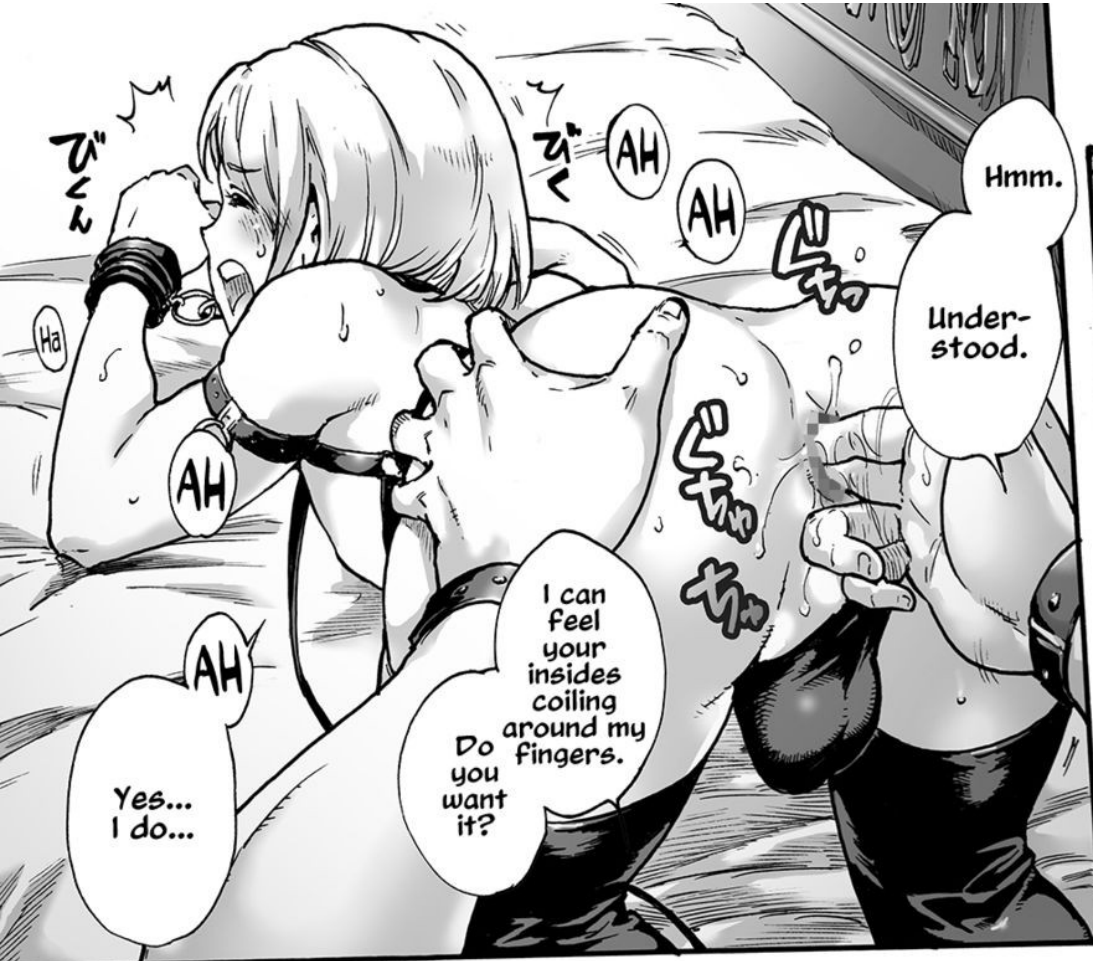

What's this?

And how many cocks had drilled this hole?

I've...

...finished dressing...

Yes...
I do...

I can feel your insides coiling around my fingers.
Do you want it?

Understood.

It's just... that I've stretched myself to this state...

No...
not a single one!

ズル...

...Okay.

Right, to begin with
you have to service your master's cock.

[OREC]

Ooh...
It's good.

You're
doing

your first
time, don't
you?

Slave has
no right to
object, don't
you think?

And try
not to
bite my
dick...

Ho...

Hold

It's
too big,
it's too...

[OREC]

AAH...

Hmm...

KHA

OOH

It means that you are a masochistic pervent...

You've got such a boner after I fucked your throat.

Well? How do you like your first sperm load?

Is it tasty?

OOH...

This posture it excessively suitable for a liar like you.

[OREC]

For trying to deceive your master...

...you shall be punished.

To think you could fit my fist so easily...

NGH

NGH

NGH

NGH

NGH

[OREC]

NGH...

This will teach you not to lie to your master.

Understood?!

...It's not over yet.

NGH...

UGH...

I shall continue this...

until not even a single drip of sperm is left within you.

NGH?!

UGH...?

UGH...

Damn it.

It's no longer a punishment. Rather, it's a reward?..

NGH...

UH

Hmm?

It's just me, or you're really making a happy face?..

Fin.

I have to wear this EXTRA THICC anal plug, so master would always be able to insert his dick inside me.

Master allows me to suck his big dick and drink all of his sperm until nothing is left.

I'm allowed to cum only with my prostate gland.

Also I cannot masturbate with my dick.

This time
master
allowed me
to play with
his friends.

Also I
service
them with
my mouth
now.

I'm... so
happy...
♡

I can drink
a bunch of
sperm every
day.

The end ♡

THANK YOU FOR READING THIS BOOK.

*This book, just like the previous and the one before previous is done in POV Format.
I don't know, whether it's good, or bad, but, as I think, - it's quite interesting.
I liked making this SM-theme book, but I want to draw some other things in future.
I hope I can figure out something.*
