

This brothel, "Soap Trap" has gotten popular very quickly, so I'll be reporting on it!

and of course, trap brothels, which I'm featuring today.

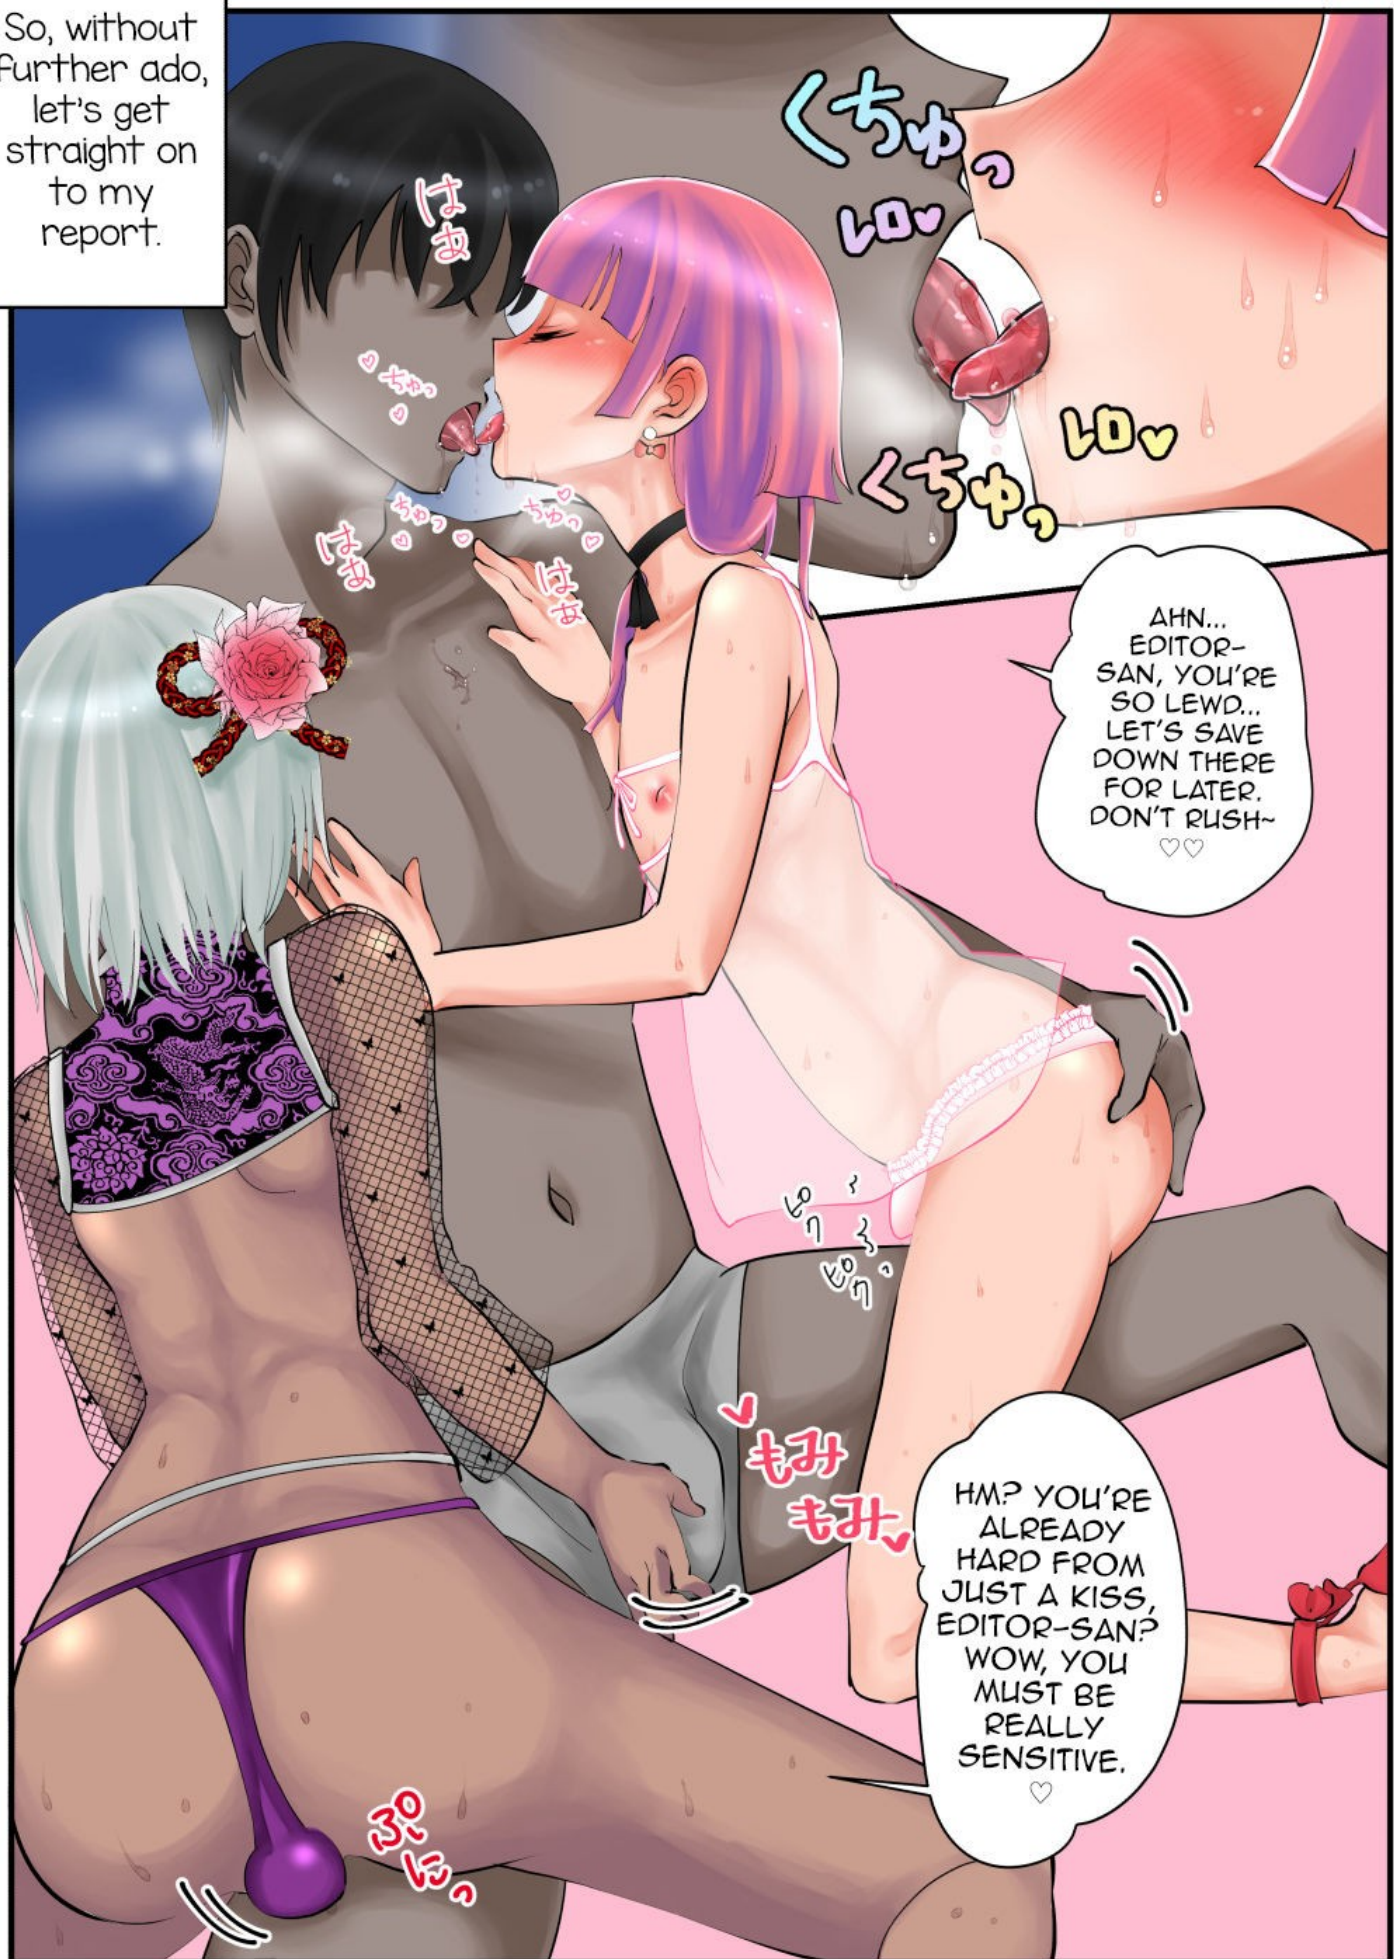

The world is in the midst of a trap boom. There are trap cafes, trap bars...

Today I'll be served by these two! One is the #1 most popular trap in the whole place, "Mii-kun"! The other is a staple among those that love dark skin, "Chii-kun"!

NICE TO MEET YA!
♡

So, without further ado, let's get straight on to my report.
