Oh!
Time to eat~ 🎵

Are you ready for dinner? 🎵

My DNA is about to turn Indian ...!!

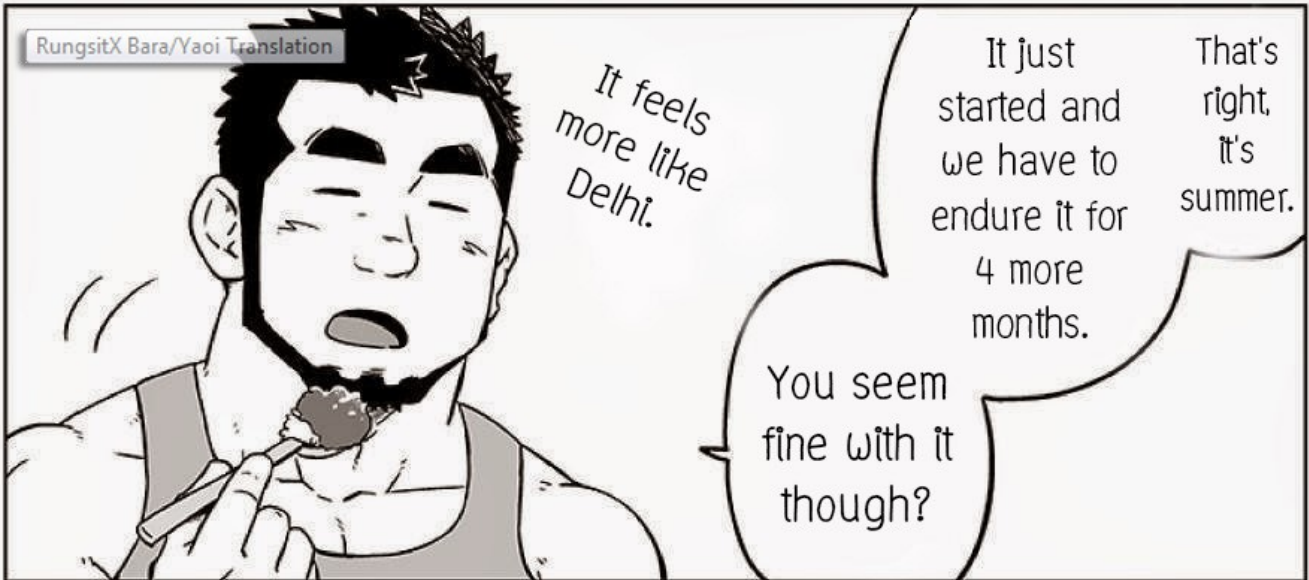

What the-!?!
Curry again!?!

This food is not a match for any season!!

In summer.. we eat curry~!!

One must eat food that matches the season!!

It feels more like Delhi.

It just started and we have to endure it for 4 more months.

That's right, it's summer.

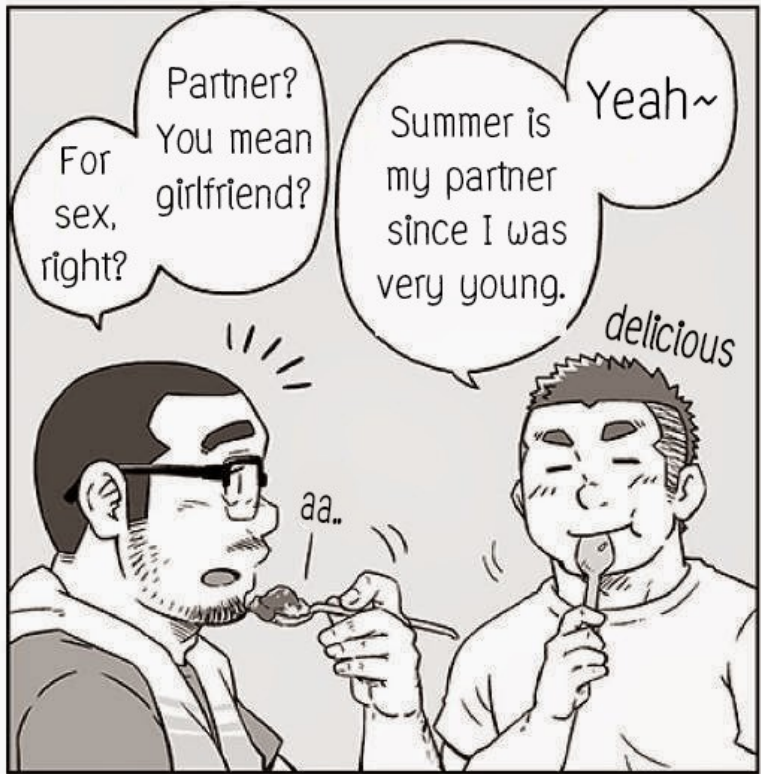

You seem fine with it though?

How the hell did that chat about summer turn so dirty!?

So, are we also counted as your partners as we jerk off together?

It's a kind of sex.

For sex, right?

Partner? You mean girlfriend?

Summer is my partner since I was very young.

Yeah~

delicious

aa..

For me, having a partner is like rice and curry. They complement the other half of the dish so we can enjoy a perfect meal. Or something like that~

sport clubs

Shima-senpai is a gifted American football player and I'm a wrestler.

At that time, our school was small. Students were on a sports or academic scholarship. Whenever there's a competition, members from different sports clubs joined in one team.

No!! Because I have the skills for many sports!!

I think that's correct..

So, in short, you were popular because of your size..?

But I'm tall and big so I become a popular player among seniors in many clubs.

?

He said it's a midnight snack or..

Stop bickering! Shima-senpai also left us something.

So it's high in carbs, low in protein..

This ramen is famous because of its noodles, I think..

Hey!?

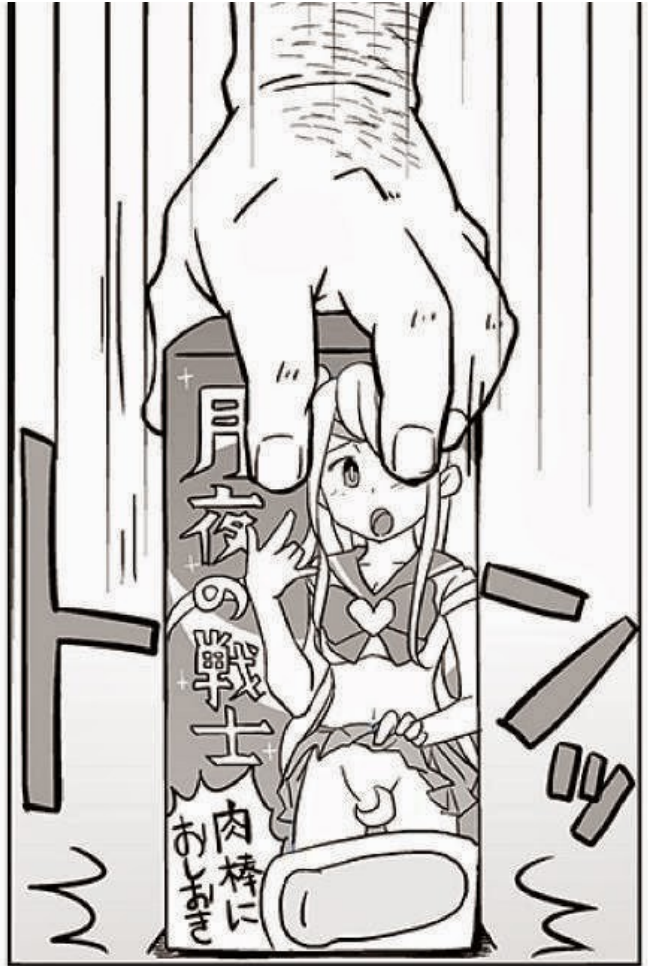

And while I'm talking you eat all the prawns and meat!?

I can't stop thinking about that moment with Yuzaku-senpai..

...why does my heart still beat faster every time I think about it?

It's my first time being close like that with somebody..

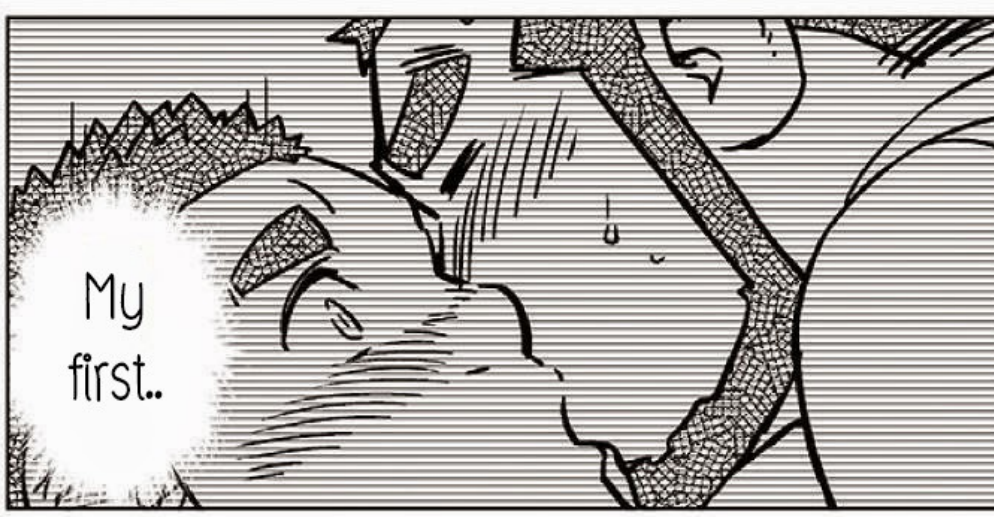

That's crazy..

RungsiX Bara/Yaoi Translation

But I'm still shy, and feeling..

If I avoid my roommates, it would be harder to stay here.

Many people disagree with me about living in Tokyo, but I finally made it..

My first..
