

But you could have just told them the truth. I don't mind.

Mm~ Thanks.

It wasn't "small". It was about you, so it's important.

Eeh~?

You got into a fight with your friend over something that small?

If I told them that, they might start imagining you in naughty situations...

And I don't want that.

What~?! So you want to monopolize me~?

Can't I?

No... Of course you can. I like it...

We've been having sex for a looong time now... So I don't get why you need to keep it a secret from your friends when that just gets you into disagreements. Friends are important!

Well, I know, but...

...One more time...

Take care of the phone call first~ ♡

Is that... your phone that's ringing, Sanada-kun?

Eh- You told her?!

Kinda ended up that way, yeah.

Right... Well, she doesn't seem to mind, so it's cool.

...Hello?

Ah, good, you answered! It's me! Ueda! So, yeah, sorry about today, man. I said something bad about Honda.

Pay-back time~ ♡

What, you serious? You two're just hanging out, right?

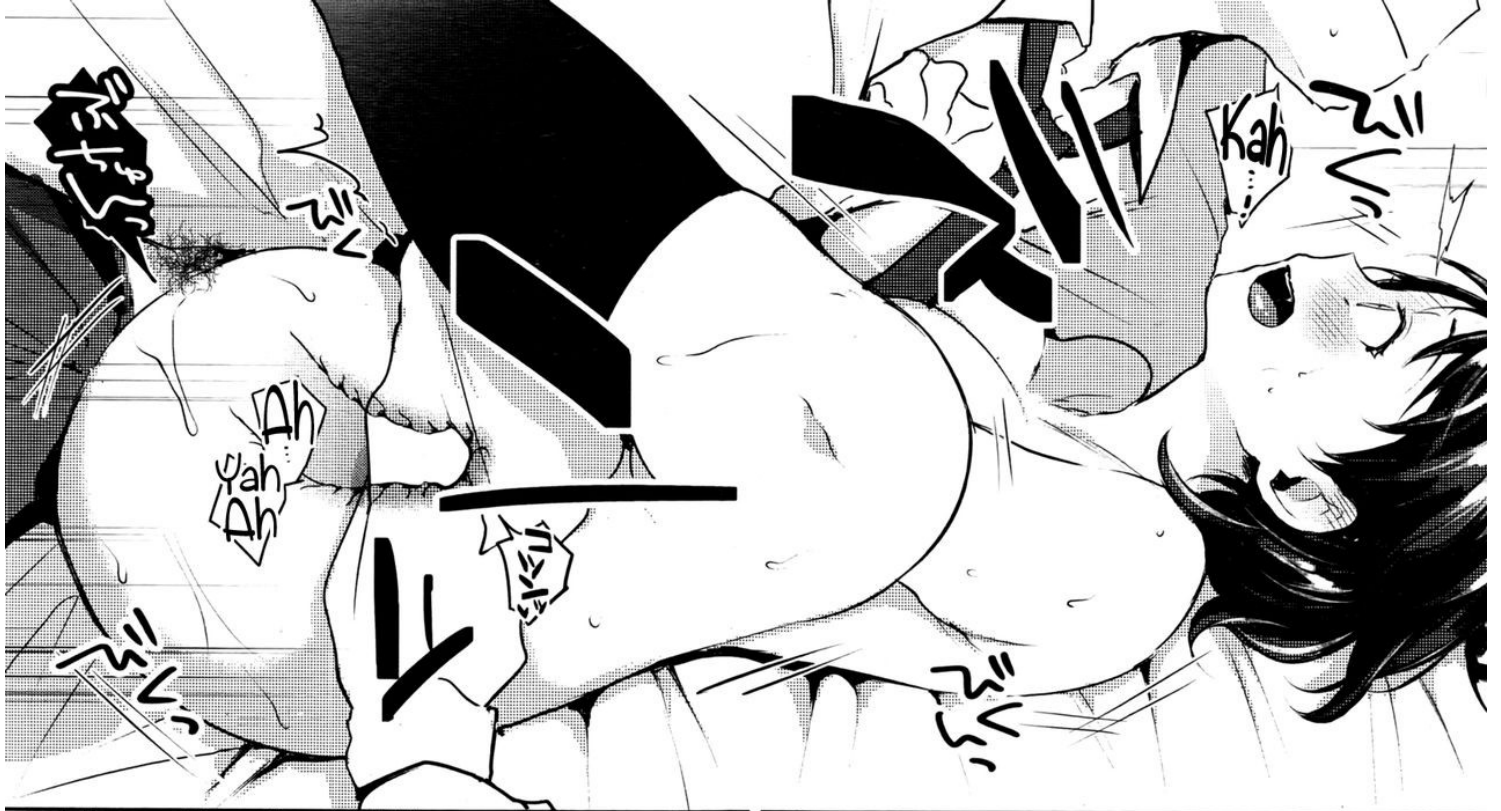

...Today's ...not good...

Hey, wanna meet up after this? Honda's with you, right? I'll treat you two to something~

...Nah, she's doing good as always.

She sounded kinda under the weather, if you ask me.

Yeah, don't worry about it.

That so? That's good, then.

You idiot...

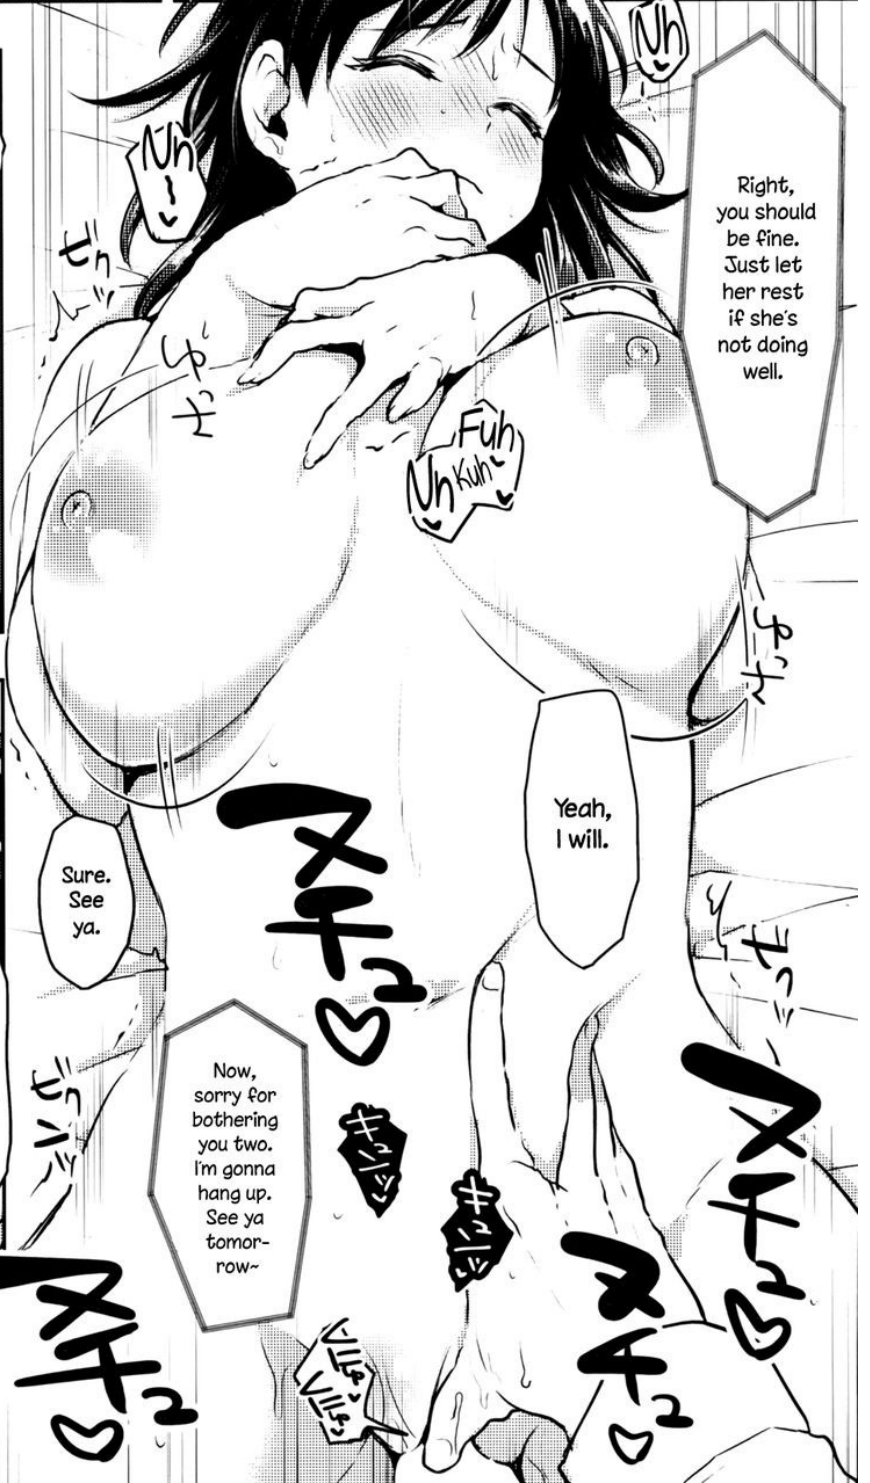

...Good thing he misunderstood, huh?

...Okay, maybe I went too far. Sorry.

You really are a meanie...

Right, you should be fine. Just let her rest if she's not doing well.

Yeah, I will.

Now, sorry for bothering you two. I'm gonna hang up. See ya tomorrow~

I-it did make me nervous, but...

Weren't you excited thinking he could find out?

That's not it...

But it wasn't bad, was it? I mean, you kept getting tighter on me.

I can't help it when the one I love does that...

It's when you started talking right next to my ear that made me go crazy...
