Hello! I'm Haitoku-sensei!

Well, that was long! Way too long!

I finally finished drawing it.

I've gotta work hard to make my stories more compact...

Sorry for making you all wait so long for this.

I hope I can get another story done in a short span of time, but...

I wonder if I'm capable of that (lol).

In the mean time, I'm satisfied I was able to conclude this story!

In contrast to OreYome, I wonder if I was able to make the ending to this a bit heavy.

It's been a while since I did a manga, but I feel like I grasped how to do it right.

I really want to do my best with monochrome stuff from now on.

I'll work hard on getting the draft for the next one done!

With that said, see you next time!
