I'm Suzune Rai, the guy that brought you "Noja Loli Babaa Kitsune-sama no Mori". I ended up getting so many good responses from all of you, I went and made a Part Two! But this time, the lolicon-obsessed guy has been replaced with a shota. I had a lot of fun making this book, and I hope you'll have a lot of "fun" reading it!

Su-Su-Suzune, It's Suzune Rai! Thank you for reading Book 2 in the "Noja Loli Babaa Kitsune-sama" series, "Noja Loli Babaa Kitsune-sama to Shota"!

When I was planning out how to draw Book 2, I got a lot of comments like "Make a shota themed one next! I wanna read something with a shota in it!" and "If she's so old, how can she never age...?!" as well as some other interesting responses.

Anyways, I am proud to announce that my Twitter page has now reached over 12,000 followers! Awesome! Thanks so much! Thank you as well to all of those who support me on Pixiv and NicoNico Douga!

Look, I made an Enty now (<http://enty.jp/raisuzune>)! For just a small amount of Yen per month, you will be able to have exclusive access to cool things like extra drawings, and livestreams of me working on my doujins!

I'd like to give a shoutout to my biggest supporters!

I couldn't have done it without you...!

Meganemusune-san and R:8*39-san, thank you both so much!

Last but not least, Thank you to all who picked up and read this book! It really means a lot to me! I'll have more stuff for you all in the future, so stay tuned! I'm so happy that there's so many of you who love my work!
