Afterward, Haruka came too much and fainted three times. They became sex friends, too.

[Opinion] The definition of "asspussy"

The word "asspussy" refers to the anus. The word originates from the fact that an anus with a penis inside it is similar to a woman's vagina. (Definition from Weblio)

So what, exactly, does it mean that an anus is "similar" to a woman's vagina? Here we will define any anus that fulfills the following inequality as an "asspussy."

"The cumulative distance of shit passed through an anus" < "The cumulative distance of dick passed through an anus"

On average, a Japanese person shits ~200g per day. Let's assume the relative density of said shit is 1 (one) (despite the fact that much of it sinks in water, so it's probably greater than 1). With a diameter of 3.5cm, we can assume the shit is equivalent to about 20cm in length. In keeping the model as simple as possible, we can assume that Haruka (age 18) has, in his life, passed the following length of shit:

$$20\text{cm} \cdot 365 \text{ days} \cdot 18 \text{ years} = 131,400\text{cm}$$

Now, Takashi-kun (the old man) has a dick 20cm long. His thrusting speed is around 60bpm. Given this, the amount of time it would take to turn Haruka's anus into an "asspussy" can be expressed with the following:

$$131,400\text{cm} / 20\text{cm} / 60\text{bpm} = 109.5 \text{ minutes}$$

In other words, it would take around 2 hours to fully transform Haruka's anus into an "asspussy." (That wouldn't be necessary, however, as Haruka's anus became an "asspussy" long before meeting Takashi-kun.)

An illustration of a woman from the waist up, wearing a black lace thong and a black fishnet garter. She has long blonde hair and is looking down with her mouth open, as if drinking or about to drink. A stream of white liquid is falling from her mouth. The image is framed by white lace borders at the top and bottom. The word "BLAZE" is written in large, bold, black letters with a white outline across the center of the image.
