アタリガ
出たから もう
ひとり

作: 窓
(サークルムカデ鳴)

Oh!

It's a cute little womb~

What might this be~?

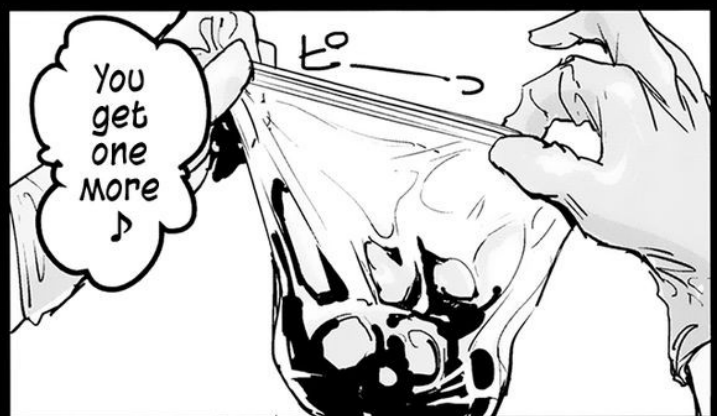

Ah, we've got something.

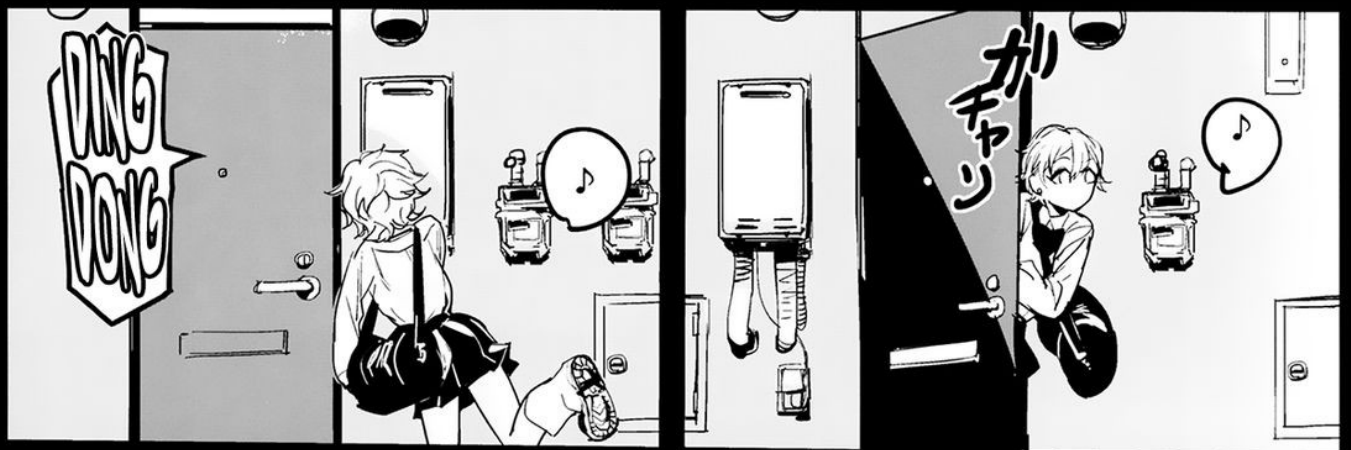

Ah!

No way! Is this what I...?

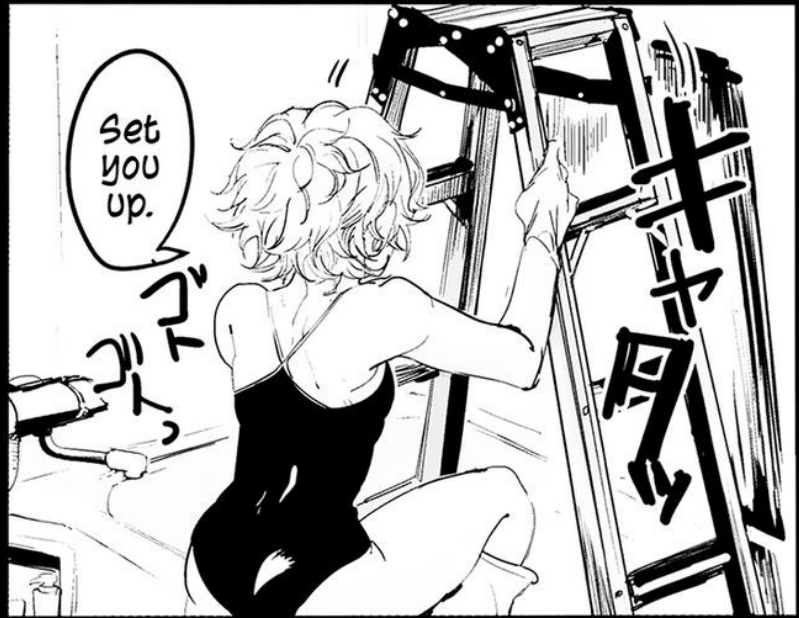

And you.

Set you up.

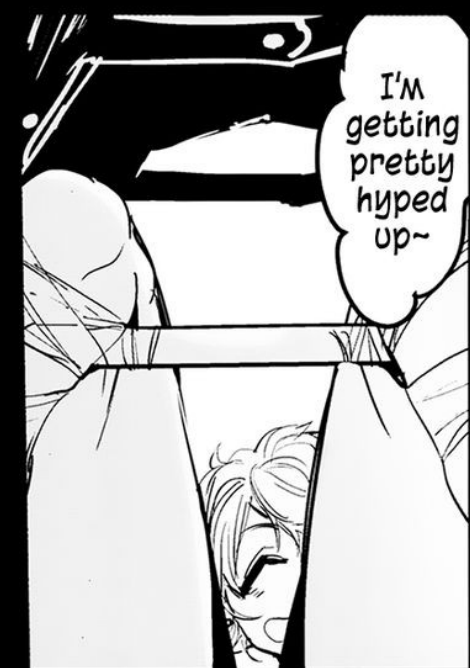

Now everything's ready!

Here we go.

And lastly, you~

I'm getting pretty hyped up~

then let it hang for a while.

bind the piece tight

Cut out a piece around the butt

For the intestines you'll want to get out all the green bitter stuff, so for now you can just take everything out

And now the grand reveal~ ♡

and after that's done we can sort them out~

then we'll let them spill into a bucket

Crack open the ribs and the pelvis~

Tear off the arms and legs~

Peel off the skin~

I can just use the Fridge in that other room.

Ah, I know!

Looks like this Fridge doesn't have any more space.

Hmm...

The world's biggest buffet consisting of human meat!

And now the food is all done!

Ita-daki-masu ♡

I knew I made way too much to eat.

Goood, I'm so stuffed.

What a meal that was~

Haaa
aaaa
aaaa
aaaa
aaah~

Phew~

I'll take that shower tomorrow!

Let's just spend the night over here!

Aaa
aaa
aaa
aaah~

I love the smell of other peoples' rooms~

The End

BONUS PAGE

The lady who had the "winner." She only appears in the story as a pile of innards.

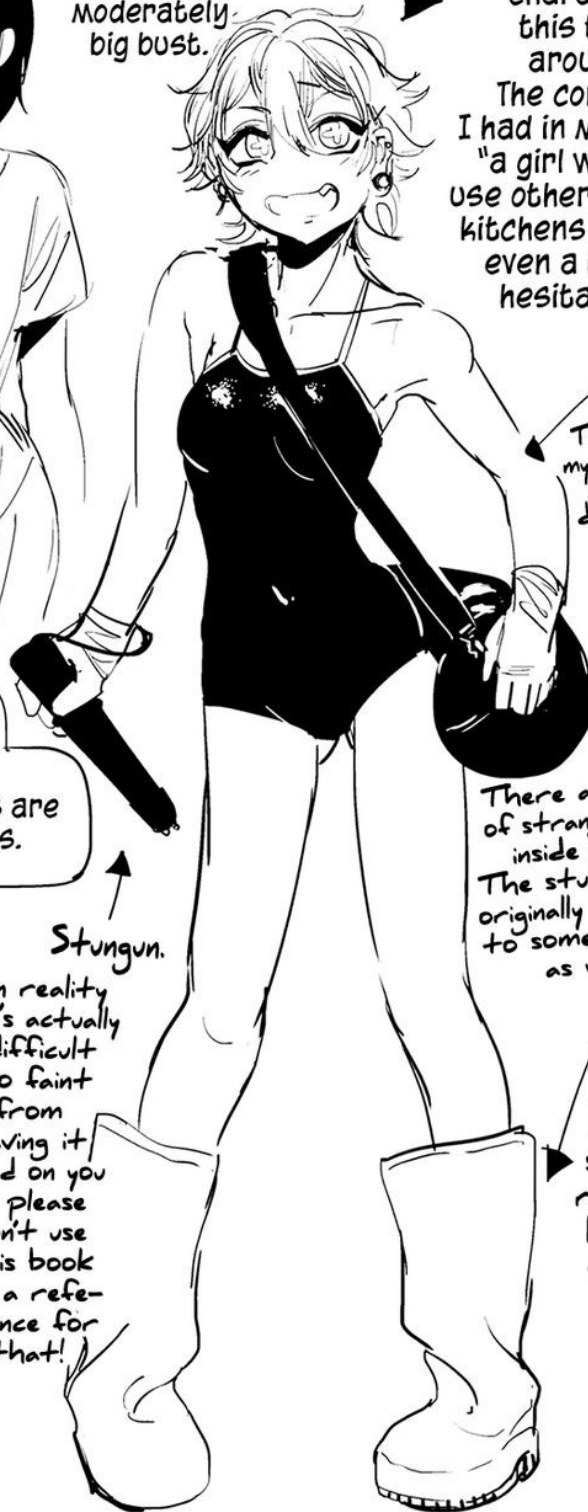

Sweat-shirt and sweat-pants

The lady living in the apartment next door. Has a moderately big bust.

The main character this time around. The concept I had in mind was "a girl who can use other people's kitchens without even a hint of hesitation."

School swim-

This is suit. my first time drawing one.

Duffel bag.

There are lots of strange tools inside of it. The stuff inside originally belonged to someone else as well.

Long white rubber boots.

I bought some just recently so I wanted to draw them.

Afterword

It ended up being roughly a year since my last book. I really like drawing cute girls living on the edge, only still alive thanks to their luck, whose heads are filled with nothing but positive thoughts.

Stungun.

In reality it's actually difficult to faint from having it used on you so please don't use this book as a reference for that!

This book has cannibalism.

↑ The circle cut for Ryonaket 6. The main character's design changed somewhat.
