Postscript & publication data

Hi, this is Ayase Totsuki.

This story is a sequel to my first commercial work,
which I drew in my pursuit of new heights of eroticism!

This time, with all my previous experience
behind me, I chose to make this a solo undertaking.

Now that I think about it, I haven't done this since my Touhou doujinshi days.

Still, doing all this on my own wasn't easy...

My deepest thanks to Isamushi-san, who gave me useful advice and helped me
with the screentones, and Kanemitsu Makoto-san, who drew this gorgeous front cover.
