Kiss Me Vampire Girls

-Punishing a Junior-

These two vampire cuties are gonna eat every single schoolgirl♡

Haruka

Has awful grades at school, not particularly good at being a vampire either. A low-performing student. A flatty.

Shinku

A honor student and a beauty. A lady who is charming enough to make her fellow classmates and homeroom teacher fall for her. Also a flatty.

Foreword♪

Thank you very much for picking this up.

This is the third book in the "Kiss Me Vampire Girls" series, this story doesn't really have anything to do with the prequels, **so you can go right ahead and read this as a standalone without a problem.**
(To begin with, there wasn't a whole lot of people who bought the previous 2 books).
(I did think about "Should I really continue this unpopular series?", but I think it's fine since this story isn't technically a continuation).

I kept drawing more and more H-scenes, and the page count shot through the roof.

This is a threesome Loli Yuri book.

I'd be happy if you just relax, forget about everything, and let yourself be taken into this book.

They say vampires have been appearing in this academy since long, long ago...
That rumor again~? There's no way there are vampires here, is there?
The women in our family...
have been using this academy as our hunting grounds for generations.
Ah...♡
No... This kind of place is...

Shinku-sa...
Haruka-san!
Teachers... students... all of them are our prey.

To maintain our strength and long life spans we need a steady supply of fresh blood.
The only difference is...
Crosses and sunlight don't affect us, we can eat normal meals and live as normal humans would.

Ahem!
Then H... Haruka-san,
Make sure you have your homework ready tomorrow, okay?

If you do it well the person won't even notice what happened.
Okay, Sensei~
I'll tutor her well.
I-I'll leave it up to you, Shinku-san.

We're vampires ...
We have to get blood from as many girls as we can to keep on living.
You shouldn't trouble our cute teacher.♡

How about you grow up and start hunting alone already?
If you do that, you can drink as much as you want whenever you want, no?
We're second-year students already, you know?
Eh~!
My cousin, Shinku-chan, is good at hunting.

...Why is my mom calling you instead of me?
Because you won't tell her even if she asks, will you?
My aunt talked to me about it recently too.
She was asking if you were hunting on your own yet.
Her beauty and grades are miles above mine,
and the prey throw themselves at her.
It's not fair.
I can live with not being good at hunting~!
