Something like an afterword

First of all, thanks for picking up Reina.

It was an original this time.

The contents were all rape. Just the usual by now.

If this one gets a good response, I'll think about doing another original in the future.

However, I also like doing parodies, I can find more inspiration there. Yup. Expanding someone else's works with my erotic fantasies is always fun.

Well then, I hope we get to meet again.

And so, Reina-chan's story is...
