Thank you very much for picking up this book.
This is the third rape themed book that I've done.

This is based on an original story of Itsuki and Tasuku. They both originally lived in Tokyo but both moved to Osaka at slightly diffrerent times. They were friends since elementary school. I wouldn't mind doing more of this series.

I really love drawing boys in situtations where they have to see their friends being violated. Maybe I'll do another book in a similar theme...
