Story Summary

One day, a succubus appeared in front of a certain young adult. The succubus changes form based on the sexual desires of its target, and since the young man liked girly boys, the succubus turned into a trap!

The succubus could not return to the demon world, so he decided to stay at the young man's house instead...

Afterword

Hello and nice to meet you! I'm Aichi Shiho. Thank you very much for buying this book! This is a continuation on the "Shounen♥Succubus" series. I say that, but really, there isn't much of a setting that is continued in this series, so it should be fine as a stand alone book...I hope. (Sorry if anything is confusing...)

I was originally going to make a chastity belt theme like the one you see on Succubus-san to the right, but I couldn't get it together nicely, so I went with this instead, which is sort of a pre-belt dry orgasm theme. Hopefully I can release the chastity belt book next year...

The more a series goes on, the easier it is to produce redundant material and lose sight of the original design I had for Succubus-san's story. Because of this, I had planned to end the series with what I already had. But maybe...maybe, just one more...is what I kept thinking, and that really surprised me. Back in Autumn, I said on Twitter that I might want to draw another Succubus book, and so many people encouraged me to do it. That was one of the reasons that made me change from "maybe" into "definitely." I could understand if this had been a character from a huge, well-known company, but I'm very grateful that so many people enjoy the original character of such a small doujin circle like mine. I had plans to draw him even without encouragement, but all those nice words made me want to do so even more! Thank you!

I hope everyone, from veterans to the series to new comers could enjoy this book! I'm close to deadline, so I hope my grammar wasn't crap. Thank you for reading to the end! I'm in some events for early 2018, so if you see my work, please consider picking it up!
