Translator's Notes/Personal Thoughts:
Seven chapters for this crowdfund, eight chapters total; finished and released. It's pretty cool that this kind of stuff is getting translated. I feel like this would've never seen the light of (English) day if it weren't for these crowdfunds, so that's neat. I know it ended on a bit of a cliffhanger, but I have a feeling Vol. 2 will get funded eventually as well. Though in my personal opinion, the complete ending at the end of Vol. 2 isn't great. So you're not missing much anyway. As for the translation itself, I proofed it twice, so I doubt there will be many typos, if any. I am worried, however, that there might be some gender mix-ups in there. Like someone referring to Yoh as a "he" even though they shouldn't be aware that he's not a woman. I don't see any in there, but if I saw it already it wouldn't be an error, so hey. One last note is that I translated "Taiyoh", Yoh's real name when he's not cross-dressing, with an "h" instead of a "u" in order to keep the symmetry and pun between "Yoh", his hostess name, and "Taiyoh", his real name. I translated "You" as "Yoh" for obvious reasons.
