I know all about you!

Yae.

Gyaa!

For I have been chosen as the 19th soul!

Bow down before me!

What do you want for dinner?

You're not allowed in here, Onii-chan!

Push push

Omelet rice...!

Omelet
rice?
Delivery
okay?

You totally
ruined it,
Onii-chan!

I desire
a certain
red elixir...

It may be
possible to
destroy the
spirit if I
obtain that
elixir...!

No...
Actually,
I am low
on blood...

Of
course!

Do you
want fried
shrimp, too?

Oh, um...

My Little Sister is a Bit Strange

We don't have a mother, and father's always out late.

As I thought, this world really is strange.

More importantly, it seems that dad's late.

No...

It's nothing like that.

Are you lonely?

Ahh...

Your older brother is always here for you...

Pat

That's what I'm saying is weird!

You perv!

What are you thinking?!

I'm your little sister!

Even so...

We're blood related!

Yae, being a fallen angel and all, if we had a baby, do you think it'd end up being a demon?

I really do like my little sister.

We've been more or less on our own for quite some time,

so we've always been relying on each other.

It somehow started with just a kiss...

And before I knew it, we started thinking of each other as more than just brother and sister.

And eventually transformed into doing lewd things without so much as a second thought.

My friends say there's no way they'd do anything with their siblings.

With my brother?

There's no way!

No kidding.

That'd be totally gross!

But... But...

This is beyond weird!

That means...

The curse of being a fallen angel is making me think strange things!

I said no!

Stop!

Why now?

The spirits are watching!

⋮

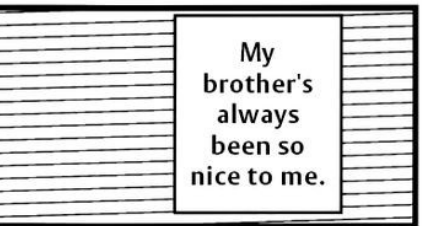

Someone might see us...

The curtains are already closed.

F-Father will be home soon...

Like I said, he's quite late today.

Ugh...
This isn't...

G-Geez!

Yep!
Yae, you're
so cute!

But when he
touches me,
my heart
flutters...

Almost
like it
skips a
beat...

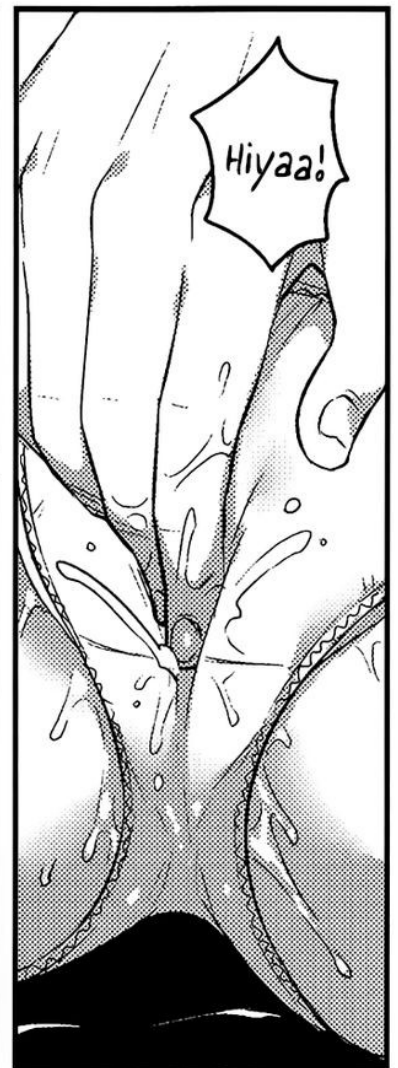

It's totally
weird to
love your
older brother.

Uwawa!
Stop...

So you get
wet from
just kissing,
huh?

Hiyaa!

It makes me
embarrassed...

This is embar-
rassing...

No...
If you do that...

you'll
get my
underwear
dirty...

No...

It causes
my heart to
beat like
crazy...

Uuu...

slip

Should
I take
them
off?

That's
not...

Babump

Could it be
that my
brother is
even more
cursed than I?

Babump

And it makes
me really
happy.

Hey, spread
your legs and
let me see.

Look at the state of your brother's Excalibur.

⋮

It's so cute and soft again today.

Uwaa-

It's so warm and smooth, and it has kind of an odd smell...
It's so hard...

Rub

Mmm...

Hey, do it like you normally do.

Mmmm
Nmm

Mmm...

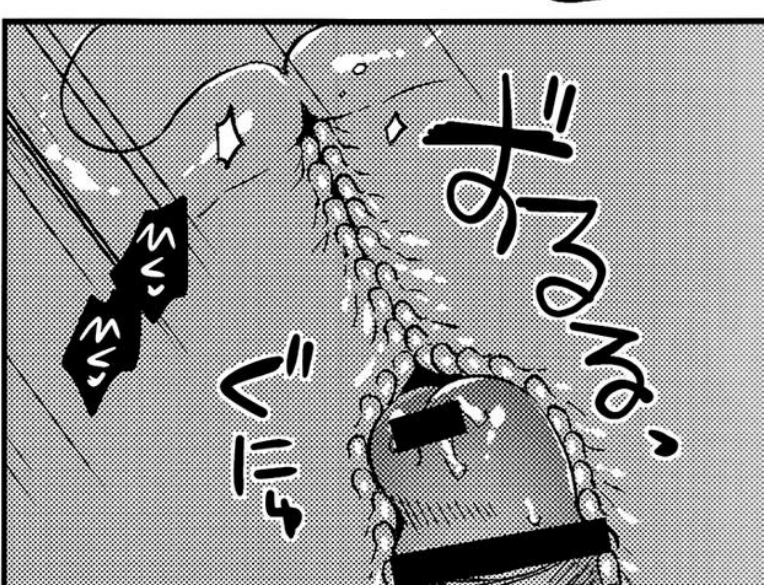

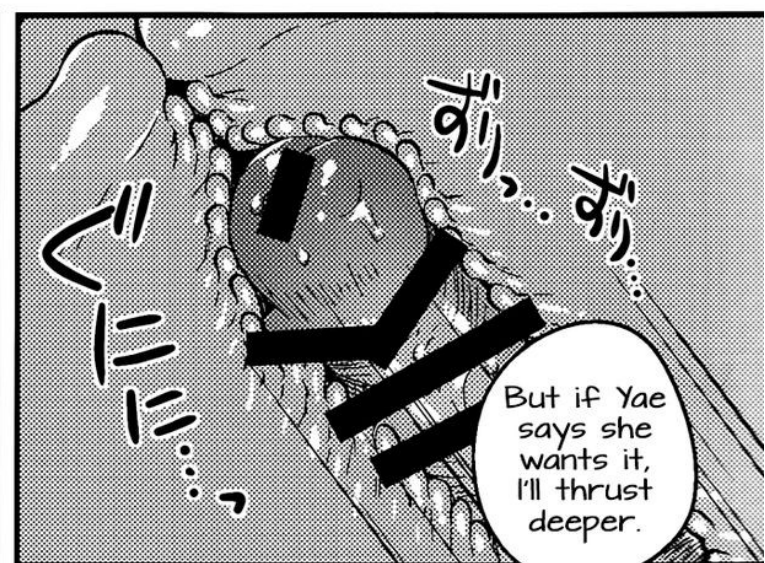

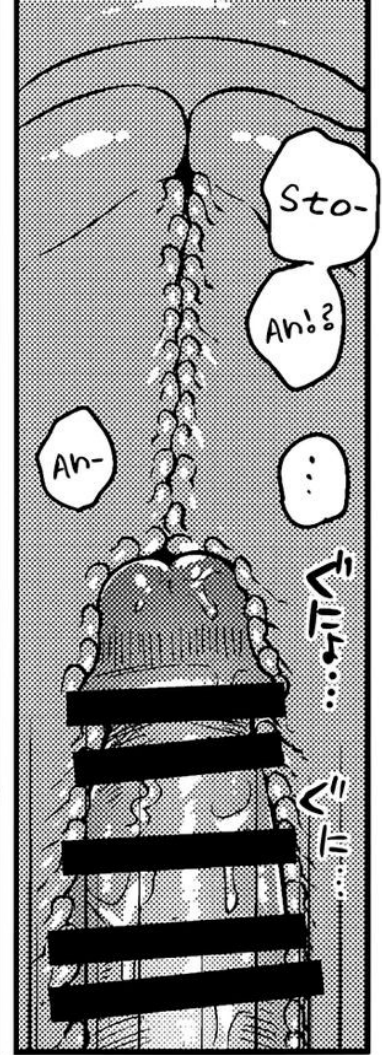

Shouldn't you say something like "I shall obtain the elixir for my soul" here?

Are you going to?

Huh?

Not that you have to.

I can't hold myself back...

I'm about to lose myself...

fuck me deeper!

Ha!

Please...

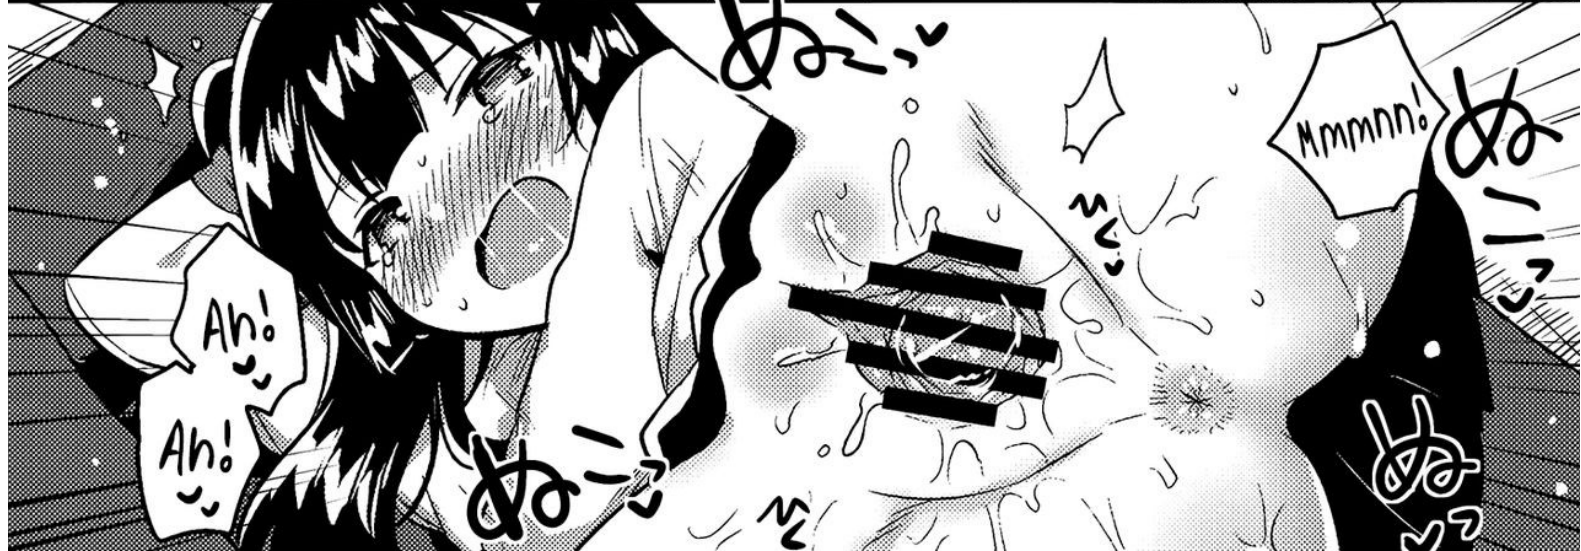

Haa-

Ahh!

clench

God is so vicious.

And I wouldn't be a fallen angel.

If we weren't brother and sister, it would have been normal.

You seem to call yourself a fallen angel even though you don't like it.

Look.

It happened in Greek mythology, Egypt, and even Japan...

It's something the gods considered "normal".

Ohh...

So...

You know, many gods had children with their siblings.

Is that true?

The End

By the
way...

Onii-chan,
did you realise
we were
being watched
these last
23 pages?

Someone's been watching us from the very beginning.

Huh?

Look over there.

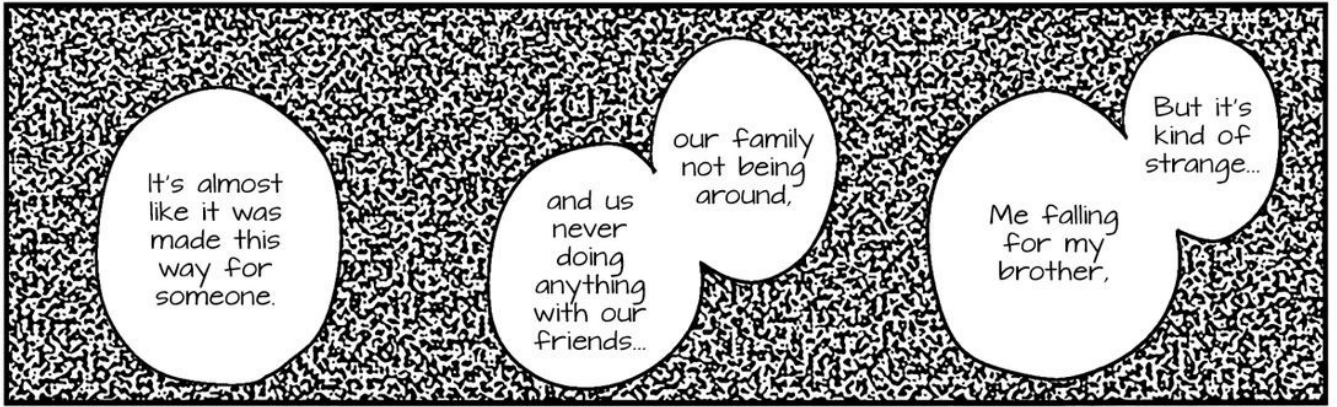

What are you saying?

over there?

As always, I'm the only one who realises.

Sure...

Yep, I was born with a mission to fulfil in this world.

You really do say some strange things, Yae.
