

Please go
out with
me.

I love you,
Miho.

I was con-
fessed to by Saki,
my best friend.

Nearly Separated

Ogino Jun

Unable to give
her an answer,
we graduated
and went on
to different
schools... and
just like that,
lost contact with
each other...

Immersed
in studying
all the time,
I'd never
even thought
about things
like 'love'...

My grades
dropped,
and I wasn't
accepted
at my first
choice high
school...

If I think
about it,
it's been
ever since
then, maybe...
that things
haven't been
going well
for me...

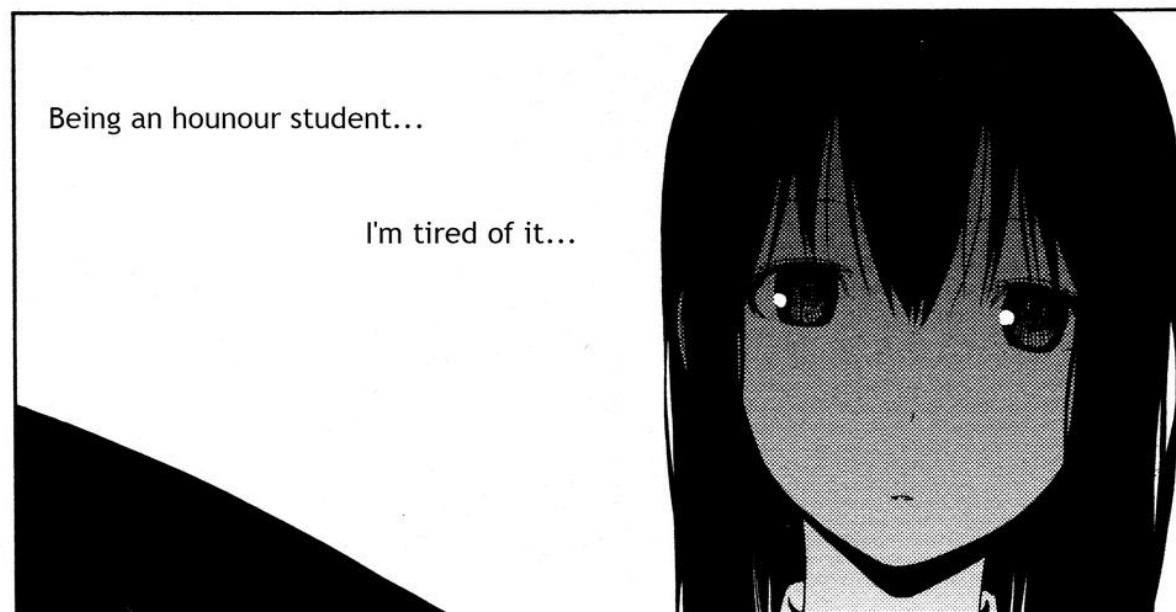

11th place at a
school like this...
What's going on
with you!? Miho!

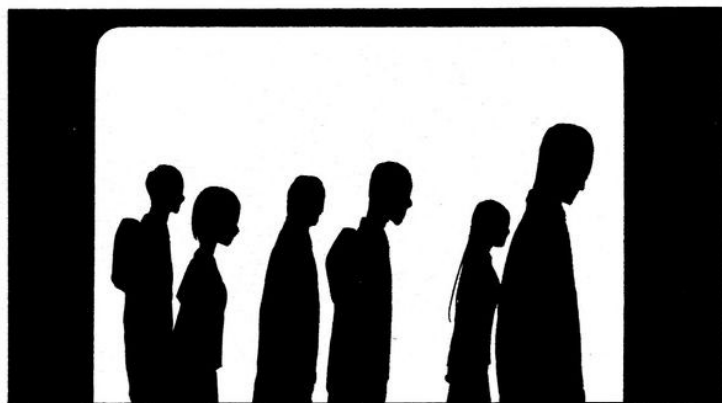

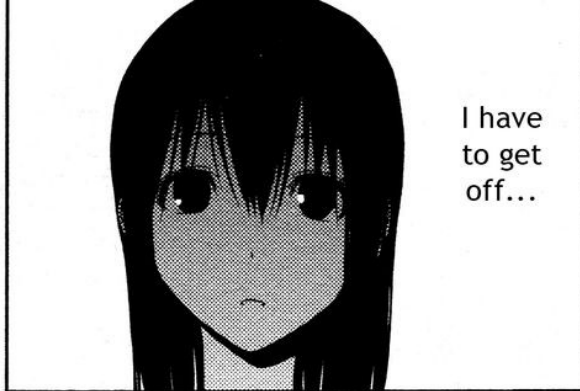

It's trouble for us if
the Class Monitor
doesn't keep their
grades up, y'know!

Being an honour student...

I'm tired of it...

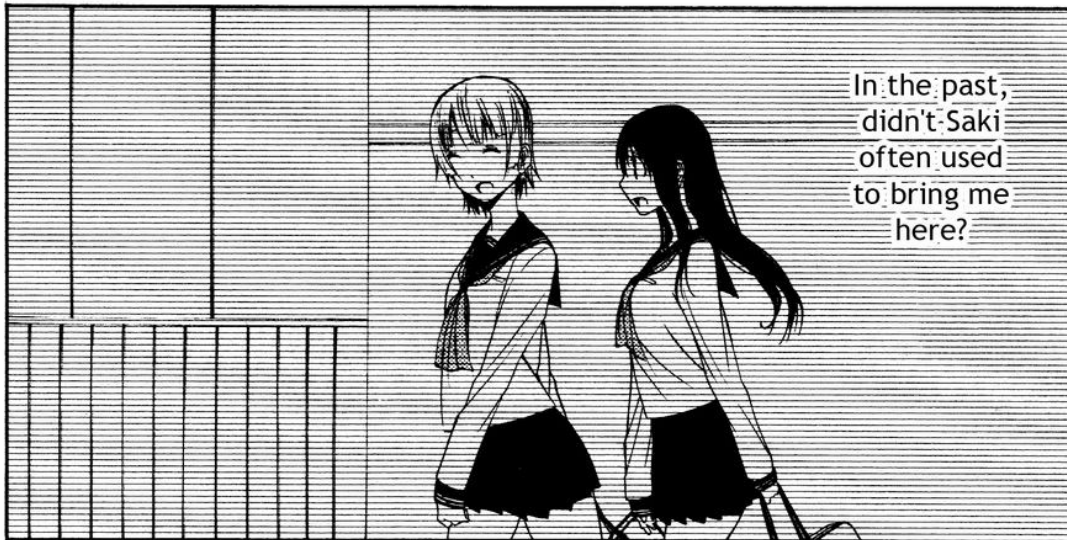

I skipped school for the first time since I was born...

I ended up riding as far as Nagoya...

In the past, didn't Saki often used to bring me here?

It's been awhile since I've been to Nagoya...

Maybe I'll go in for a bit...

This arcade too, we came here often...

Huh?

Eh?

Sa...
Saki...
!?

Been
awhile.

Hey, it's
Miho.

Uh-...
Um, er...

What's
going on?
Skipping at
this time of
day?

WAIT!

It's not like
you to skip.
Miho, has
something
happened?

SORRY!

Talk to me.

POM POM Burger

I'm sorry.

The uniform I was also meant to wear...

Well, anybody has times they want to take a breather.

I see... You must be tired by all of that, huh.

!!! That's not true, Saki!

I really threw you off your game back then, didn't I.

It's because I went and confessed to you...

and just felt awkward...

That was my fault... Because I couldn't come up with an answer...

Eh? But, we never really came face-to-face again after that...

I'm still waiting, y'know.

Have you still not found an answer?

'cause I know you were burdened with much more uncertainty...

I'm really sorry, Saki...

Miho,
I like you even
now.

A
beautiful
girl like
you...

Wh...
Why?
Some-
one like
me...

That answer
still seems
far from
forthcoming,
huh.

Cu-...!
I'm not-...

Your diligence,
your awkwardness.
Your earnestness
and kindness.

All of it is so
cute I can't help
but love it.

How 'bout we
go on a date
today?

Nnn-, then
how's this--

Yeah!

Eh... A date?

If it's still no
good after that,
I'll give up.

Lemme spend
all day today
getting you to
like me, Miho.

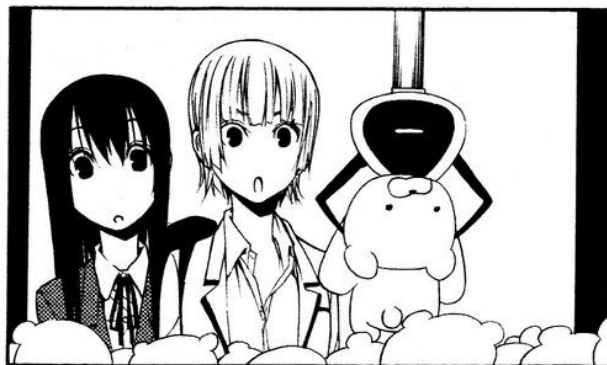

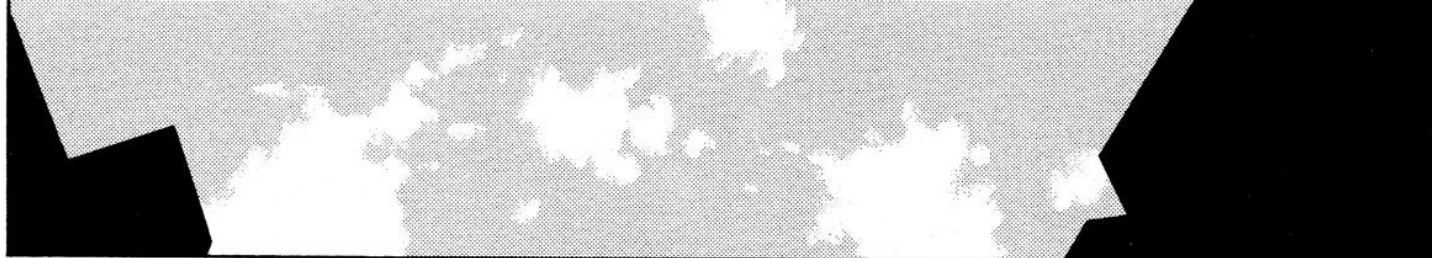

I'm always
skipping now
and then and
coming to this
arcade.

Come to
think of it,
Saki, why're
you at the
arcade?

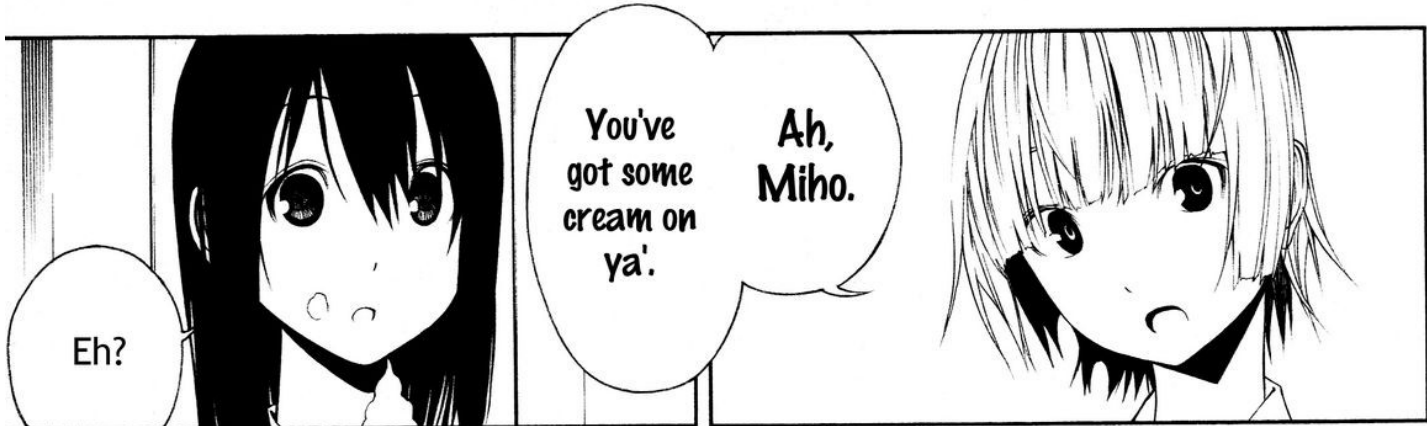

You're
skipping today
anyway,
after all.

It's
fine,
ain't it?

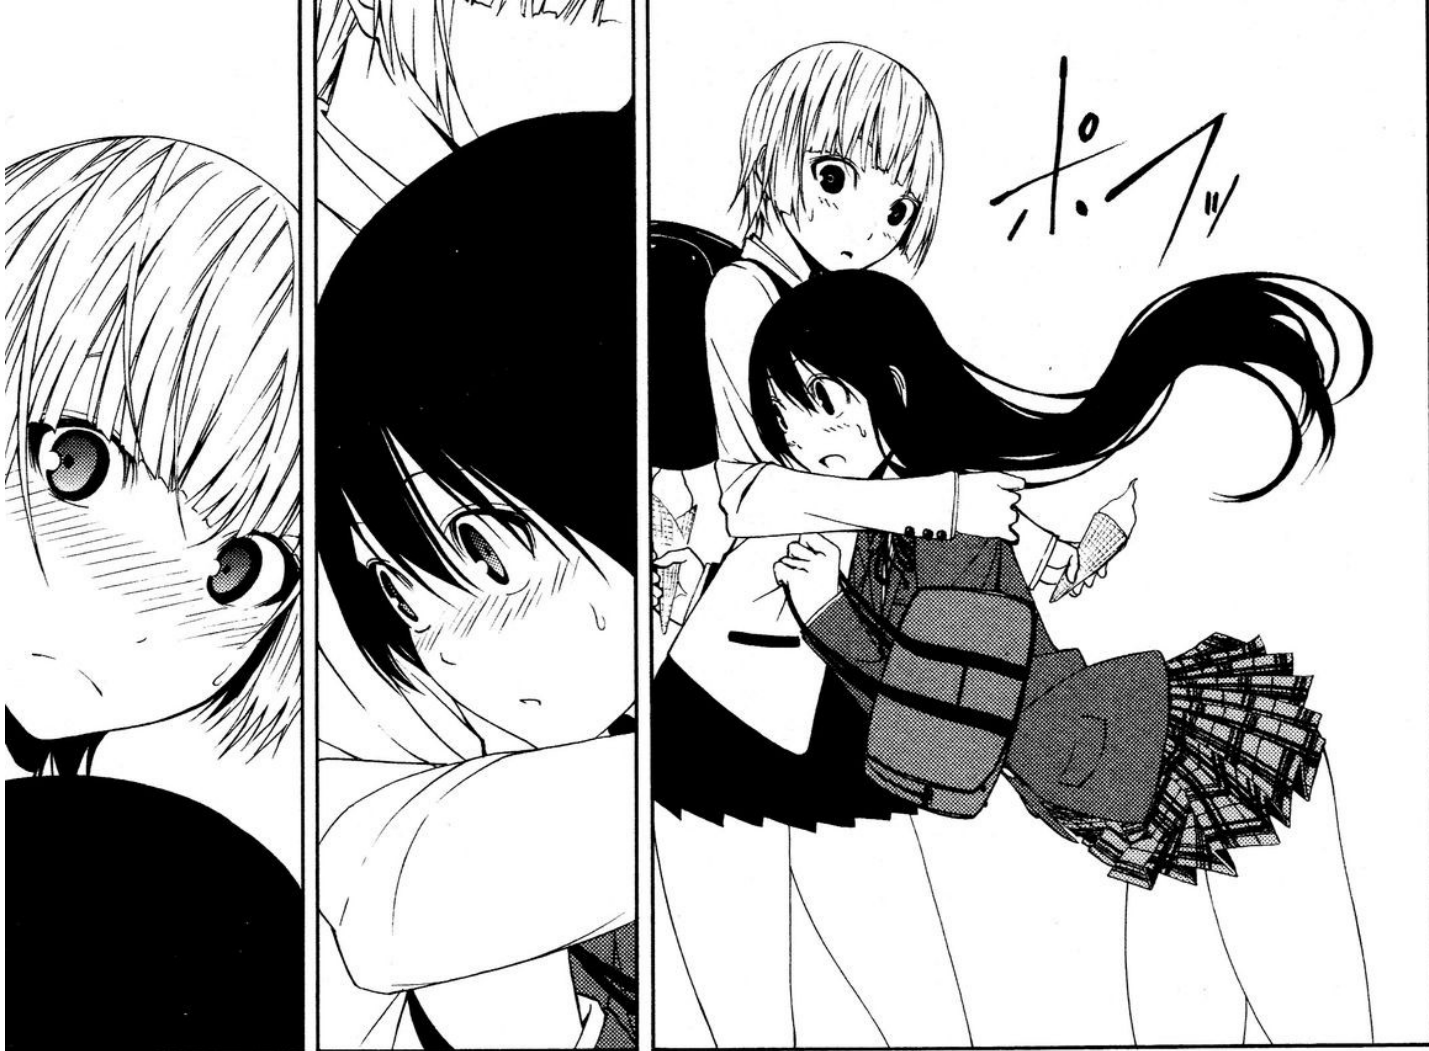

It's been so long...
Since I've thought
"this is fun"...

Then...
Before we
part,

So, this is it.

If it's no good...
I want you to
properly turn
me down.

Could I hear
your answer?

Are you
really fine
with me?

...

Yeah.

was so
much fun,
Saki...

Today, y'know...
Being together
with you after
so long,

...

I'm more...
than fine,
Miho...

Yeah.

I was always
thinking about
how I wanted
to see you
again...

Thinking
back on
it now,
this
whole
time we
couldn't
meet.

I don't
want us to
be seperated
ever again.

After being
with you today...

Is that...
an OK?

...

EEH!?
SAKI!
?

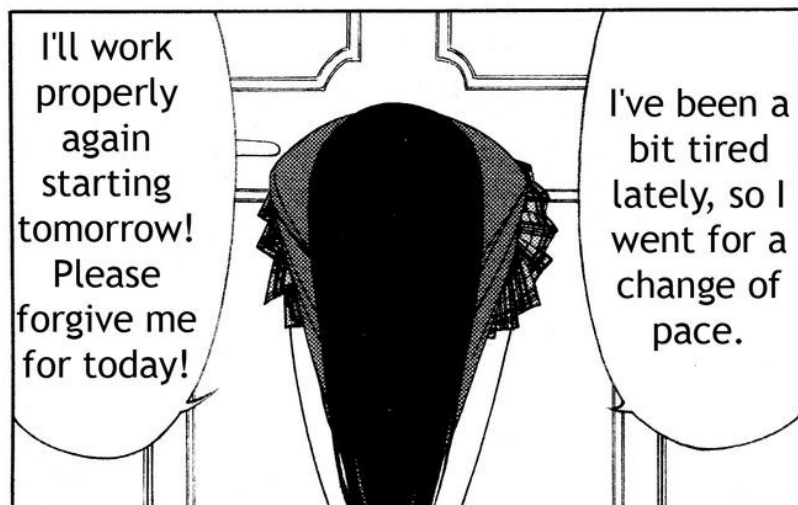

HEEEH~
I'M SO
GLAD
~

Uu-...

Sorry for
making you
wait this
long...

I'VE BEEN
LONELY ALL
THIS TIME
TOO, Y'KNOW
~

I've been a bit tired lately, so I went for a change of pace.

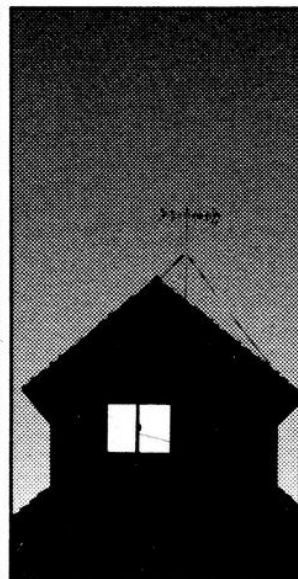

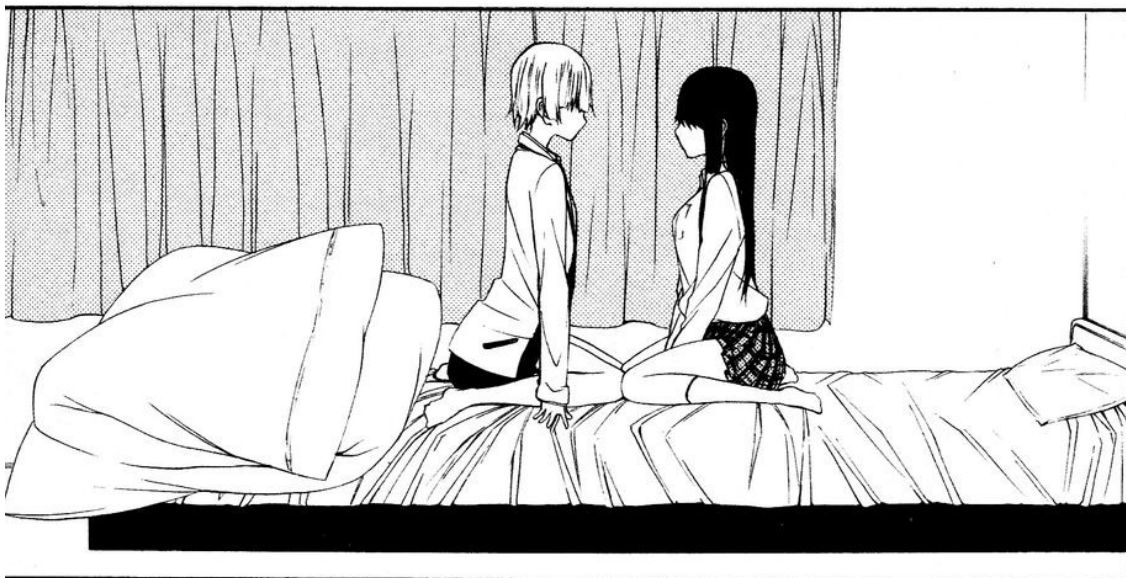

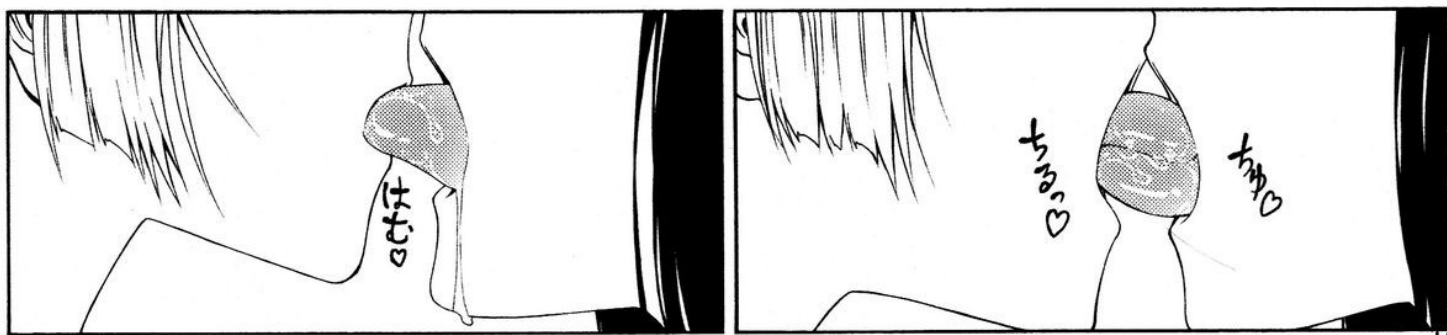

I'm
alright.

If I think of
the days
I meet
with Saki,

Whatever
comes my
way,
