Hello everyone, Uraha here.

We tried to make a bigger book than usual, but in the end it led to us having to rush this last page to meet the deadline.

Recently I've been hearing the phrase "Otasa no hime" ("Princess of an otaku group") being used, so I wanted to create my own story using this concept. That's how this book came about.

A very cute appearance!!  
Absolutely enormous tits!!  
Can easily charm any guy!!  
(But has a fucked up personality.)

An Otasa princess like that is unbearably attractive character, but she also has an air of femme fatale about her. -Uraha

Nice to meet you all, I am Hattori Masaki.

Thank you for reading "Otase princess gets pregnant with a worthless man and ends up having sex with an otaku" until the end.

Usually I draw ero with sweet sex in it, so this type of story was a new experience. It was an enjoyable experience.

Thank you very much for sticking with us until the very end!
