AFTERWORD

I've finally done my third loli book.
I thought this one up while
I was daydreaming "How many
creampies can I fit in one doujin?".
I put a lot in, but I haven't actually
counted them yet.
On that note, I disregarded the
story, thought about what fap
material I wanted to see, and
ended up making a book that's
about 80% sex scenes.
So, how was it? Personally, I
thought it was great!
Really, I should do more stuff like
this...
If you have any suggestions or
opinions, by all means,
I'd be happy to hear them. I'll
definitely consider them.
