

Book about short story ideas that I came up with while pondering over talks of official works but cannot use anywhere else

Transient Melody 2012 WINER

I drew a color illustration.

Since I got this new LCD tablet, I wanted to try out coloring. I haven't done anything else than monochrome illustrations in a long time, so this turned out to be quite the challenge. Once I get some free time from work, I should practice more, I think.

School swimsuits.

The biggest surprise about this release is for me the printing cost of these 2 pages of colored illustrations.

PUNK & TRAD

I've finished these designs for these characters which didn't show any potential and were therefore rejected. There's perhaps a chance that they get into a manga somewhere in the future.

←I drew one page of an extra H scene. From here one we have normal illustrations.

Let's try
this out first

Ah

Stop
...

Nh

Ahn

Ha-

Ha

haa-

Ah...

Are you
also
entering
me
...
from behind!?

Hey!

Hurry it
up and
get out!

Ah...

yes-

Eh
!?

Huh
!?

My
swimsuit
...
Eh...this

It won't
go off
...

Short idea ⑪

There's this so called quantum tunneling, something where the gaps between atoms collide or something and people become able to tunnel through walls, or so I've heard.
So the girl panicks as part of her swimsuit slips through.

And so she's being raped

Haa

Ha-

Ah
... haa

Noo
....

Some-one
...
help me
...

The
End

And so she tears through her swimsuit to escape
But miraculously this results in her back tunneling through

Ahh!?

Now it's my back
...

I can't move like this
...

Don..
Don't come closer
No-

Hey, what've you been doing all this time?

ガッ

Short Idea ②
So I thought, wouldn't it be
cute to punch into your
bloomers with a *don*?

Now that I came into this girl who had her first sex since she's been born, and delivered the whiteness of my semen, what should I tell her?

If I can't even put something this simple into words, I'm a failure as an entertainer.

The
End

Oo
oo
ooo
ooo
oo
ooo
ooh
hh
hhh
hhh

Short Idea ③
I've been agonizing

Shit

Back off

Piss off

Kuh

Hey

Ha

Haa

It hurts it hurts
it hurts it hurts
it hurts it hurts
it hurts it hurts
it hurts it hurts
it hurts it hurts
it hurts it hurts
it hurts it hurts

The
End

Short Idea ④
God Series

Hehehe...
Doesn't matter
where you'll
come from
!

I should
be alright
now
!

After rushing
around town
I hired some
sturdy
guardsmen!

Fuh
...

Who'd've
thought that
I'd be done
by my
guards
...

Some
hours
later

Guu
...

Ha

Haa

Uhh...

This
back-
fired
!

The
End

Ah

Eh!?

Why are
you raping
us!?

Haa

Because you
said you
wanted to
become
"slut"
...

Ha ..

I've
meant
this as
"becoming
thinner"

● suratto (すらっと) → slim (here: ≠ slut)

Ah

But...
on your
clothes
...
eeeh!?

● baise-moi → rape me

So-
...

Haa

Someone...
help me

Eh
!?

This man...
suddenly...
attacked me
...

Ha

Wh...

Why
are you...

doing
such a
horrible
thing
...

What
did
...
I do
...

Eeeh
!?

But you
go to
the kinky
university

Aren't
you
elites
in the
perverted
arts!?

Eh
!?

● Kinki (近畿) University ≠ kinky university

The
End

● Rejected coloring

Afterword

To those who've purchased this book, thank you very much.
Whenever I look over my conversational notes, lone ideas like these
are written down here and there. I think, without the right opportunity
like this, I wouldn't be able to express them (whether there's a need
for that is debatable however), so these light ideas have taken the
form of this book.

Some of the short ones have been incorporated several times in the past,
but this time, they really stand alone and are very short ideas.
If you didn't enjoy them, I am sorry for that. Really sorry.
Please forgive me.
