Character Introduction

Kawasumi Kaguya

A freelance exorcist specializing in youma.
High spiritual power
Superior physical ability
Experienced in combat
A young prodigy with all the qualities needed for an exorcist. But while she is well versed in combat, she has little to no experience dealing with men.

Nishina Meru

An exorcist affiliated with the exorcist guild, and assigned as Kaguya's support. She is Kaguya's junior specializes in religious practices. She has a cheerful personality, but sometimes shows a mischievous lesbian side.

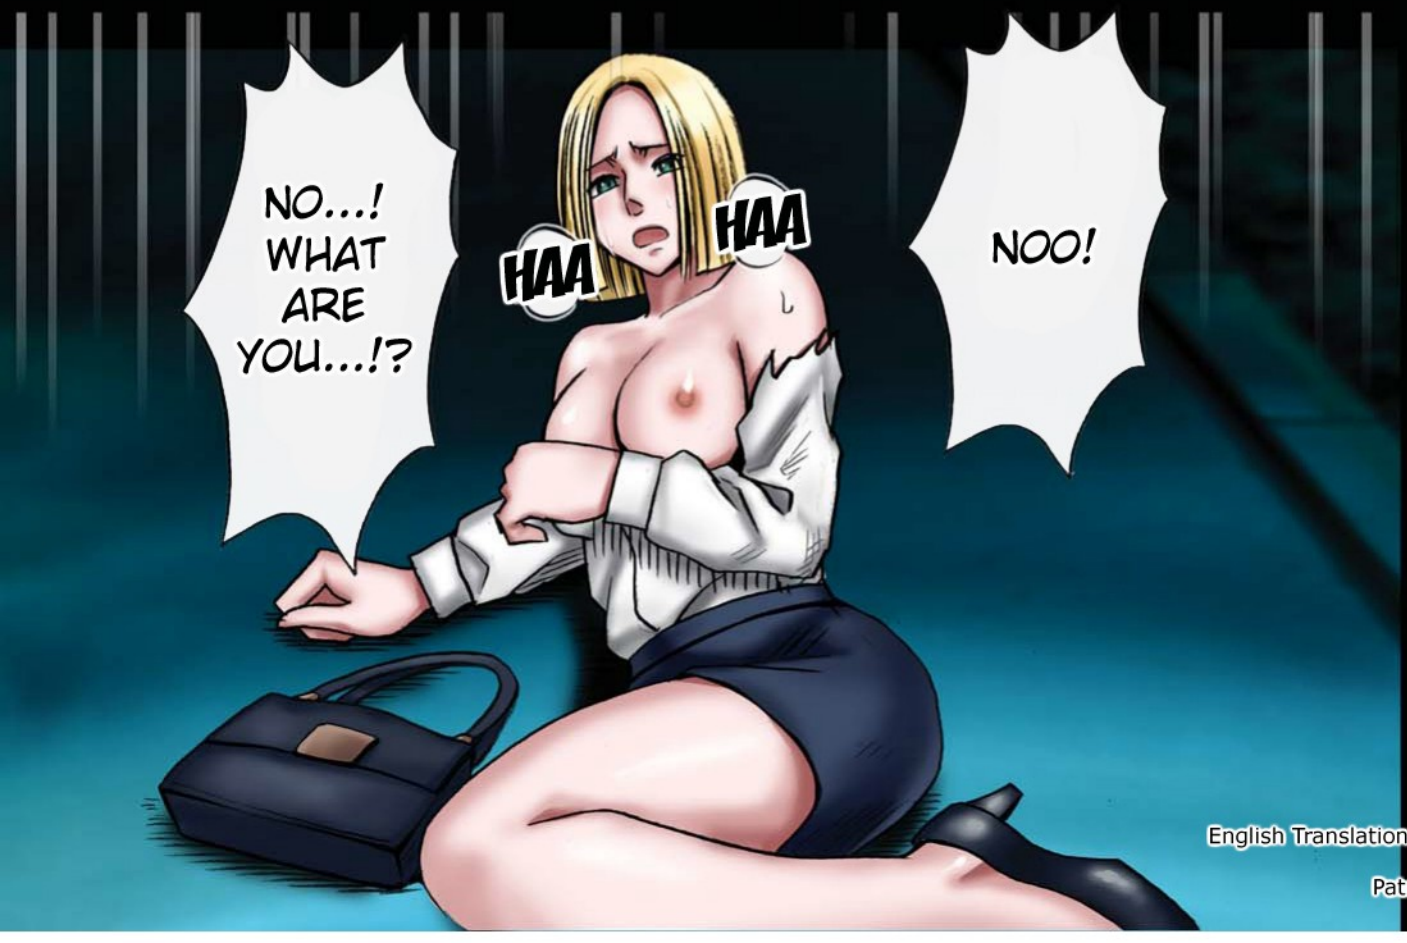

Kessha

An ex-special forces member turned exorcist. She has a calm and serious personality, and always completes her missions with an indifferent attitude.
Her spiritual power is only average for an exorcist, but her physical prowess exceeds even Kaguya's.
