

# LUSTFUL FLOWERS

Short episode 1  
Aria's follow up story

A few days have passed since that day,

Why do I have... to suffer like this...

Haa!

Haa!

These people come to my home every day just to ravage my body...

All that I was doing was spending time with my beloved Papa..

It's especially disgusting...

Every time they force me to excrete in front of them...

Me being their sex partner all day long is far better compared to this.

Today, they took me to a park near my school in the middle of the night.

I was naked and they made me urinate in front of them. I didn't expect that the night wind would feel good.

I'm getting used to these kinds of situations. To be honest, I'm so disgusted with myself that I want to die.

Haa aah!

Aaaa ah...!

お：What is it... Onee-chan...?

Ahh!

Ahaa! ♡

Hey "Onee-chan", Let's call your little brother, OK?
